

PENDING LEGISLATIONS

The following are countries still legislating on the FOI Bill: Argentina, Barbados, Botswana, Cayman Islands, Ghana, Indonesia, Jordan, Kenya, Lesotho, Mauritius, Mozambique, Namibia and Sri Lanka.

IMPACT OF FOIA ON NIGERIAN JOURNALISM

Prior to the passage of the FOI bill into law, access to information was no go area for Nigerian journalists. People view some information as being sacred with the belief that it was not meant for public consumption. Journalists or media houses that had at one point in time exercised their rights on issues bordering on 'sacred information' have dearly paid for it. Afolayan (2012) notes that "there have been cases of assault on journalists, arbitrary detention and mass confiscation of newspapers. For instance, in 1986 and 1995 the renowned journalists Dede Giwa and Sani Wiwa paid the ultimate price for being too daring in the face of corruption and injustice. Also in 2005, two newspaper offices - Daily Independent and The News were ransacked after they had published stories about corrupt behaviour by the wife of the then president, Obasanjo". In fact, Nigeria then had a corrupt, obstinate and highly secretive bureaucracy. Transparency and accountability were strange bedfellows to their administrations. (Dana & Gregory, 2014, p. 4)

The FOI Act has several advantages to the Nigerian society. John (2016) explains that "Freedom of access to government information goes beyond the media's desire to play watchdog. The lawyer's interest in representing clients, the librarians need to be supportive of inquiring patrons, or the historian's desire to learn more about the workings of government. It goes to the heart of democracy. It is the best protection individuals have against rulers, the best way of knowing that the laws are enforced honestly, even handodly, and efficiently. Freedom of access promotes citizen participation and empowerment."

The Freedom of Information Act is not meant to witch-hunt government and public officials, but to provide the foundation for an open system of governance and consequently an open society, which will be for the benefit of all sectors of the society, including the government. (MALAYO, 2012)

Interestingly, the FOIA has been seen as an indispensable agent to effective journalism practice. This is true in that, it provides the necessary platform for objective, factual, fair and balanced reporting. Finally, the FOIA uphers in an era of freedom with responsibility in which the journalists is saddled with the task of reporting in such manners that would only be fair and factual yet engendering national development. This Act has been described according to Ugbo (2014, p. 1) "as a legal instrument that would not only radicalize reportorial engagement of journalists, FOI Act, it has been argued, will foster a greater opportunity for investigative journalism, promoting the democratic process"
