Children with Classics Meagan Lacy, Pauline Dewan, 2018-03-14. This guide identifies hundreds of books that can help children develop into engaged readers. Children's librarians, collection development specialists in public libraries, as well as K-8 school librarians and teachers, will choose from the best in children's titles. This unique readers advisory and collection development guide for librarians and others who work with children focuses on readers and their needs rather than simply categorizing books by their characteristics and features as traditional literature guides do. Taking this unusual perspective brings forth powerful new tools and curricular ideas on how to promote the classics and how to best engage with young readers and meet their personal and emotional needs to boost interest and engagement. The guide identifies seven reader-driven appeals or themes that are essential to successful readers advisory: awakening new perspectives, providing models for identity, offering reassurance, comfort, strength, and confirmation of self-worth, connecting with others, giving courage to make a change, facilitating acceptance, and building a disinterested understanding of the world. By becoming aware of and tapping into these seven themes, librarians and other educators can help children more deeply connect with books, thereby increasing the odds of becoming lifelong readers. The detailed descriptions of each book provide plot summaries as well as notes on themes, subjects, reading interest levels, adaptations, and alternative formats, translations, and read-alikes. This informative guide will also aid librarians in collection development and bibliotherapy services. *Cincin Solomon (The Ring of Solomon)* Jonathan Stroud, 2021-01-11. *Cincin Solomon: The Ring of Solomon - Bartimäus - Der Ring des Salomo* Jonathan Stroud, 2010.
