The Third Eye, the Autobiography of a Tibetan Lama, by T. Lobsang Rampa.
Illustrated by Tessa Theobald Tuesday Lobsang Rampa, 1956

The Rampa Story Lobsang Rampa, 2022-06-13 In *The Rampa Story* Lobsang Rampa presents an intriguing autobiographical narrative that blends Eastern spirituality with Western curiosity recounting his supposed journey from a Tibetan upbringing to life in the Western world Rampa's literary style is marked by vivid imagery and an almost mystical tone characteristic of spiritual memoirs urging readers to explore themes of reincarnation enlightenment and the clash of cultures Written in the mid 20th century this work captures the fascination with Tibetan Buddhism during an era of heightened interest in alternative spiritual practices and challenges perceptions of reality and identity Lobsang Rampa the pen name of Cyril Henry Hoskin was a British author who claimed to have been a lama in Tibet before moving to the West His experiences whether factual or embellished reflect a deep engagement with Tibetan philosophy and culture which was relatively unknown to Western audiences at the time Rampa's works were controversial inviting both intrigue and skepticism as they tapped into the growing post war exploration of Eastern religious traditions For readers drawn to explorations of spirituality and the human experience *The Rampa Story* offers a compelling narrative that prompts reflection on personal and cultural truths It's a unique lens into a bygone era of spiritual exploration that remains relevant in today's quest for understanding in an increasingly interconnected world

Ganguli,2024-11-21 The 19th century Hindu super saint Avatar Sri Sri Ramakrishna descended on earth as a God incarnate to bring about harmony between different religions some of those believing in gods without forms and a few having faith on gods and goddesses with forms He was an evangelist of spirituality rather than a religious missionary His every step every move was based on his clear visions of the far and near pasts as well as the proximal and distant futures This was possible because of the mystical powers of his open and active third eye The author who is until now the only Ramakrishna scholar who has been studying him deeply bio behaviourally explains with adequate authentic supportive data that the third eye is not an imaginary concept of a creative thinker It is very much a power of the human brain's Pineal Gland It is the only sensory organ that the subtle bodied soul carries to the post death world after leaving the two biological eyes in the lifeless mortal body The book includes a list of all third eye powers that have been discovered until now and also talks about the astha siddhis the eight very special powers that the yogis acquire through sadhana There is a brief discussion also on the seven planes of existence and the post death realms where the souls move once we die **Prisoners of Shangri-La** Donald S.
