50 Essays A Portable Anthology 3rd Edition:

Next Generation Genres Jessica Singer Early, 2022-11-29 Students need updated writing genres and a real reason to write. Evolutions in technology and connectivity have brought about significant changes in the ways writing is produced and shared. Yet despite monumental shifts in the practice of writing, how we teach writing has remained largely static. What we need is a new set of genres for writing instruction—genres that will speak to students who are already immersed in rich and multifaceted literacy practices through social media, gaming, and new technologies. Jessica S. Early's *Next Generation Genres* provides an alternative framework for a secondary writing curriculum that places a central emphasis on helping students gain the experience they need to write with confidence in academic and civic life. If your students' eyes glaze over when they face a standard essay assignment, perhaps it's time to let them try writing an infographic or a podcast. **Teaching**

U.S.-Educated Multilingual Writers Mark Roberge, Kay M. Losey, Margi Wald, 2015-06-04 This volume was born to address the lack of classroom-oriented scholarship regarding U.S. educated multilingual writers. Unlike prior volumes about U.S. educated multilinguals, this book focuses solely on pedagogy, from classroom activities and writing assignments to course curricula and pedagogical support programs outside the immediate classroom. Unlike many pedagogical volumes that are written in the voice of an expert researcher-theorist, this volume is based on the notion of teachers sharing practices with teachers. All of the contributors are teachers who are writing about and reflecting on their own experiences and outcomes and interweaving those experiences and outcomes with current theory and research in the field. The volume thus portrays teachers as active, reflective participants engaged in critical inquiry. Contributors represent community college, college, and university contexts: academic ESL, developmental writing, and first-year composition classes, and face-to-face, hybrid, and online contexts. This book was developed primarily to meet the needs of practicing writing teachers in college-level ESL, basic writing, and college composition classrooms but will also be useful to pre-service teachers in TESOL, Composition, and Education graduate programs. **Raise Your Voices** Thomas M. McCann, Andrew Bouque, Dawn Forde, Elizabeth A.

Kahn, Carolyn C. Walter, 2018-11-06 In a collection of chapters from high school teachers and university researchers, *Raise Your Voices* offers English language arts teachers one-stop shopping to learn how to foster dialogic classrooms and how to prompt, sustain, connect, and assess classroom discussions, especially discussions about issues that adolescents find consequential. The chapters explore both the basics for facilitating discussion to support literacy learning and the principles for assessing the progress and effect of discussion and for including all students in lively dialogue. Taken together, the entries in this book envision the English language arts classroom as a supportive environment for authentic inquiry and for the genuine democratic processes involved in grappling together with tough, perennial and contemporary issues. **Dream and Legacy, Volume II** Michael L. Clemons, Donathan L. Brown, William H. L. Dorsey, 2024-08-15 Contributions by Robert Adams Jr., Shenita Brazelton, Donathan L. Brown, Owen Brown Jr., LaTasha Chaffin, Michael L. Clemons, Daphne Cooper, William H. L.
