**Code of Federal Regulations** ,1998      *Comparative Matters* Ran Hirschl,2014 Comparative study has emerged as the new frontier of constitutional law scholarship as well as an important aspect of constitutional adjudication Increasingly jurists scholars and constitution drafters worldwide are accepting that we are all comparativists now And yet despite this tremendous renaissance the comparative aspect of the enterprise as a method and a project remains under theorized and blurry Fundamental questions concerning the very meaning and purpose of comparative constitutional inquiry and how it is to be undertaken are seldom asked let alone answered In this path breaking book Ran Hirschl addresses this gap by charting the intellectual history and analytical underpinnings of comparative constitutional inquiry probing the various types aims and methodologies of engagement with the constitutive laws of others through the ages and exploring how and why comparative constitutional inquiry has been and ought to be pursued by academics and jurists worldwide Through an extensive exploration of comparative constitutional endeavours past and present near and far Hirschl shows how attitudes towards engagement with the constitutive laws of others reflect tensions between particularism and universalism as well as competing visions of who we are as a political community Drawing on insights from social theory religion history political science and public law Hirschl argues for an interdisciplinary approach to comparative constitutionalism that is methodologically and substantively preferable to merely doctrinal accounts The future of comparative constitutional studies he contends lies in relaxing the sharp divide between constitutional law and the social sciences *Comparative Matters* makes a unique and welcome contribution to the comparative study of constitutions and constitutionalism sharpening our understanding of the historical development political parameters epistemology and methodologies of one of the most intellectually vibrant areas in contemporary legal scholarship      **The Code of the Laws of the United States of America of a General and Permanent Character** United States,1926      **The Budget of the United States Government** United States.
