Treaty on the Functioning of the European Union - A Commentary Hermann-Josef Blanke, Stelio Mangiameli, 2021-05-31

The Commentary on the Treaty on the Functioning of the European Union four volumes is a major European project that aims to contribute to the development of ever closer conceptual and dogmatic standpoints with regard to the creation of Europeanised research on Union law Following on from the Commentary on the Treaty of the European Union this book presents detailed explanations article by article of all the provisions of the TFEU discussing the application of Union law in the national legal orders and its interpretation by the Court of Justice of the EU The authors are academics and practitioners from twenty eight European states and different legal fields some from a constitutional law background others experts in the field of international law and EU law Reflecting the various approaches to European legal culture this book promotes a system concept of European Union law toward more unity notwithstanding its rich diversity grounded in national traditions

*Qatar and the Arab Spring* Kristian Ulrichsen, 2014 Qatar and the Arab Spring offers a frank examination of Qatar's startling rise to regional and international prominence describing how its distinctive policy stance toward the Arab Spring emerged In only a decade Qatari policy makers led by the Emir Sheikh Hamad bin Khalifa Al Thani and his prime minister Sheikh Hamad bin Jassim Al Thani catapulted Qatar from a sleepy backwater to a regional power with truly international reach In addition to pursuing an aggressive state branding strategy with its successful bid for the 2022 FIFA World Cup Qatar forged a reputation for diplomatic mediation that combined intensely personalized engagement with financial backing and favorable media coverage through the Al Jazeera These factors converged in early 2011 with the outbreak of the Arab Spring revolts in North Africa Syria and Yemen which Qatari leaders saw as an opportunity to seal their regional and international influence rather than as a challenge to their authority and this guided their support of the rebellions against the Gaddafi and Assad regimes in Libya and Syria From the high watermark of Qatari influence after the toppling of Gaddafi in 2011 that rapidly gave way to policy overreach in Syria in 2012 Coates Ulrichsen analyses Qatari ambition and capabilities as the tiny emirate sought to shape the transitions in the Arab world **Guardians of Living History** Inge

Melchior, 2025-10-01 *Guardians of Living History* An Ethnography of Post Soviet Memory Making in Estonia interrogates how people living in a society with an extremely complicated violent past only a short history of independence and a desire to belong to Europe engage with the past both within their families and as members of a national community In line with other scholarship on memory this book shows that many Estonians desire an established collective story as they live in a society where their national identity is quite regularly under threat At the same time however that same closure is perceived to pose a threat to the survival of Estonian culture and independence *Guardians of Living History* provides an intimate insight into the lives of Estonians from the countryside former deportees young intellectuals and memory activists who all in their own ways act as guardians of a national history a history which they wish to keep alive apolitical and as close to their family

Quality Martin Wieczorek,Diederik Vos,Heinz Bons,2014-05-08 Software and systems quality is playing an increasingly important role in the growth of almost all profit and non profit organisations Quality is vital to the success of enterprises in their markets Most small trade and repair businesses use software systems in their administration and marketing processes Every doctor s surgery is managing its patients using software Banking is no longer conceivable without software Aircraft trucks and cars use more and more software to handle their increasingly complex technical systems Innovation competition and cost pressure are always present in on going business decisions The question facing all these organisations is how to achieve the right quality of their software based systems and products how to get the required level of quality a level that the market will reward a level that mitigates the organisation s risks and a level that the organisation is willing to pay for Although a number of good practices are in place there is still room for huge improvements Thus let us take a look into the two worlds of Embedded systems and ICT systems and let us learn from both worlds from overlaps and individual solutions The next step for industrialisation in the software industry is required now Hence three pillars will be focused in this book 1 a fundamental notion of right software and systems quality RiSSQ 2 portfolio management quality governance quality management and quality engineering as holistic approach over the three layers of an enterprise i e strategic tactical and operational layer and 3 an industrialisation framework for implementing our approach **The European Union as**

**Protector and Promoter of Equality** Thomas Giegerich,2020-07-06 This book considers the European Union as a project with a major antidiscrimination goal which is important to remember at a time of increasing resentment against particularly exposed groups especially migrants refugees members of ethnic or religious minorities and LGBTI persons While equality and non discrimination have long been core principles of the international community as a whole as is made obvious by the

UN Charter and the Universal Declaration of Human Rights they have shaped European integration in a particular way The concepts of diversity pluralism and equality have always been inherent in that process the EU being virtually founded on the values of equality and non discrimination The Charter of Fundamental Rights of the EU contains the most modern and extensive catalogue of prohibited grounds of discrimination supplementing the catalogue enshrined in the European Convention on Human Rights EU law has given new impulses to antidiscrimination law both within Europe and beyond The contributions to this book focus on how effective and credible the EU has been in combatting discrimination inside and outside Europe The authors present different mostly legal aspects of that topic and examine them from various intra and extra European angles

**Law and Gender in Modern Ireland** Lynsey Black, Peter Dunne, 2019-02-21 This is the first generalist text to tackle the intersection of law and gender in this jurisdiction for over two decades and it could hardly have come at a more opportune moment Among scholars and policy makers alike the regulation of gendered bodies and the legal status of sexual and gendered identities is now a highly visible fault line in public discourse Debates over reproductive justice exemplified by the recent referendum to remove the 8th Amendment increased rights for lesbian gay bisexual and transgender persons including the public sanctioned introduction of same sex marriage and the historic mistreatment of women and young girls have re shaped Irish public and political life and encouraged Irish society to re examine long unchallenged gender norms While many traditional flashpoints such as abortion and prostitution sex work remain new questions have emerged including surrogacy and the gendered experience of asylum frameworks As policy makers seek to enact reforms they face a population with increasingly polarised perceptions of gender and a legal structure ill equipped for modern realities This volume directly addresses modern Irish debates on law and gender Providing an overview of the existing rules and standards as well as exploring possible options for reform the collection stands as an important statement on the law in this jurisdiction and as an invaluable resource for pursuing gendered social change While the edited collection applies a doctrinal methodology to explain current statutes case law and administrative practices it also invokes critical gender queer and race perspectives to identify and problematise existing and potential challenges
