Miguel Corbí,Antoni Aguilo,Carmen Gallardo Pino,Mario Del Líbano ,Carlos Emanuel Rodriguez-Diaz,Hiram V. Arroyo  
Acevedo,2025-09-17 The promotion of health in universities is of great importance as it allows for the encouragement of  
healthy lifestyles and the prevention of diseases among students teaching staff and administrative personnel The university is  
a conducive environment for the promotion of healthy habits since firstly it is usually the moment when the students make  
decisions under their responsibility and secondly it is a place where academic sports and social activities take place so it is  
also an ideal moment to promote changes that can be transferred to society and the rest of the individual s life Health  
promotion in universities can cover several areas such as healthy eating physical exercise prevention of addictions emotional  
and social mental health among others It can also involve the entire university community from students to administrative  
and teaching staff In the case of students it is essential as it is a period of change and habit formation and the fact that they  
will be the future decision makers of society      **National Union Catalog of Manuscript Collections** Library of
