Poon,2023-07-03 Difficult Subjects Insights and Strategies for Teaching about Race Sexuality and Gender is a collection of essays from scholars across disciplines institutions and ranks that offers diverse and multi faceted approaches to teaching about subjects that prove both challenging and often uncomfortable for both the professor and the student It encourages college educators to engage in forms of practice that do not pretend that teachers and students are unaffected by world events and incidents that highlight social inequalities Readers will find the collected essays useful for identifying new approaches to taking on the difficult subjects of race gender and sexuality The book will also serve as inspiration for academics who believe that their area of study does not allow for such pedagogical inquiries to also teach in ways that address difficult subjects Contributors to this volume span a range of disciplines from criminal justice to gender studies to organic chemistry and demonstrate the productive possibilities that can emerge in college classrooms when faculty consider identity as constitutive of rather than divorced from their academic disciplines Discussions of race gender and sexuality are always hot button issues in the college classroom whether they emerge in response to a national event or tragedy or

constitute the content of the class over a semester long term Even seasoned professors who specialize in these areas find it difficult to talk about identity politics in a room full of students And many professors for whom issues of racial and sexual identity is not a primary concern find it even more challenging to raise these issues with students Offering reflections and practical guidance the book accounts for a range of challenges facing college educators and encourages faculty to teach with courage and conviction especially when it feels as though the world around us is crashing down upon our students and ourselves Federal Register ,1971-12 *Dictionary of American Naval Fighting Ships* ,1963 **Dictionary of American Naval Fighting Ships** United States.
