25 Years UPSC IAS/ IPS Prelims Topic-wise Solved Papers 1 & 2 (1995-2019) 10th Edition
Mrunal,2019-06-18 The thoroughly Revised and Updated 10th edition of Disha s BESTSELLER UPSC IAS IPS Prelims Topic

wise Solved Papers 1 2 1995 2019 consists of past years solved papers of the General Studies Paper 1 2 distributed into 8 Units and 52 Topics The book has been empowered with Unique Inputs Articles by one of the Most esteemed faculties for IAS Mrunal on Understanding the IAS Exam Strategies to Crack the Prelim Main Exam How to Attempt the IAS Main Exam Questions How to write Essays for GS IV Main exam along with Solutions to 2017 19 exams The book provides UNSOLVED Mains Papers from 2013 18 divided topic wise The book also provides List of Essays divided topic wise from 1993 2018 The strength of the book lies in the Errorless DETAILED Solutions The book is 100% useful for both the General Studies papers 1 and 2 of the Prelims CSAT *Literature and the Public Good* Rick Rylance, 2016 Rick Rylance addresses the debate over the public value of literary studies from antiquity to the present day He offers an account of the foundational issue of the public good and explores the disciplinary integrity of literary study *Labs of Our Own* Sig / Sara Giordano, 2025-02-11 From climate change to COVID 19 to reproductive justice there has been deep political polarization around science Labs of Our Own provides a unique entry point into these twenty first century science wars by focusing on our affective relationships to science The book delves into various sites where scientists teachers artists and activists claim to create more democratic access to science from DIY biology community labs to feminist classrooms to activist science practitioners The reader will find that these claims for and attempts at democratic sciences not only impact what counts as science and who counts as a scientist but reconfigure who is included in the proper public Instead of arguing for a knee jerk defense of science against right wing attacks Labs of Our Own builds the case for a feminist antiracist decolonial queer science tinkering practice that intentionally politically and ethically acts to produce new challenges to the definition and boundaries of the human

Against Inequality Tom Malleson, 2023 In an era of remarkable wealth idolatry Tom Malleson investigates the ethical justifications of wealth inequality taking the radical position that we should abolish the billionaires Stark inequality is a problem the world over but it has been worsening over the past thirty years particularly in rich economically developed countries To acquire the same amount of wealth as Elon Musk the average American worker would have to work for more than four and a half million years Is this inequality morally acceptable and is it feasible to actually reduce inequality in the real world In *Against Inequality* Tom Malleson makes the case for rejecting meritocracy presenting a strong defense against the claim that individuals deserve their wealth Malleson argues that people especially rich people do not morally deserve the bulk of their income because it does not by and large come from anything the specific individual does but is largely due to the vast understructure of other people's labor in addition to their lucky possession of bodily talents and efforts Furthermore the book brings to light extensive historical and comparative evidence to show that raising taxes on both income and wealth is practically feasible and that the costs of doing so are far outweighed by the truly enormous benefits that such taxes could bring in terms of environmental sustainability democratic equality equal opportunity and reduced racism and xenophobia Unlike previous books on inequality *Against Inequality* focuses on the superrich arguing that they have far too much a world

with billionaires alongside severe deprivation is a world without justice Malleson's argument is not that billionaires are individually evil but that a society that allows the existence of the superrich is structurally immoral In an era of remarkable wealth idolatry *Against Inequality* takes the radical position that we should abolish the billionaires *Yearbook of International Organizations 2014-2015 (Volume 4)* Union Of International Associations, Union of International Associations, 2014-09-17 The Yearbook of International Organizations provides the most extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and activities of international organizations with their events publications and contact details the volumes of the Yearbook include networks between associations biographies of key people involved and extensive statistical data Providing both an international organizations and research bibliography Volume 4 cites over 46 000 publications and information resources supplied by international organizations and provides nearly 18 000 research citations under 40 subject headings This volume also includes a research bibliography on international organizations and transnational associations *The Oxford Handbook of Positive Psychology* C. R. Snyder, Shane J. Lopez, Lisa M. Edwards, Susana C. Marques, 2021 The Oxford Handbook of Positive Psychology is the seminal reference in the field of positive psychology which continues to transcend the boundaries of academia to capture the imagination of the general public Almost 20 years after the first publication of this groundbreaking reference this new third edition showcases how positive psychology is thriving in diverse contexts and fields of psychology Consisting of 68 chapters of the most current theory and research this updated handbook provides an unparalleled cross disciplinary look at positive psychology from diverse fields and all branches of psychology including social clinical personality counseling health school and developmental psychology Several new chapters are included which highlight the latest research on positive psychology and neuroscience as well as growing areas for applications of positive psychology *STEM: Innovation on Teaching and Learning* Vanda Santos, Cecília Costa, Dina Tavares, 2025-02-04 This Research Topic is focused on STEM education based on this model several studies have emerged on innovative approaches on teaching and learning In order to meet the demands of developing students for the 21st century skills and given the appropriate characteristics for this goal of the STEM model further research is needed on this topic Being so it is justified to carry out more research on STEM approaches such as with pre service teachers in service teachers and all levels of education This research topic provides a stimulating and informative variety of research papers that expand and deepen our theoretical understanding on STEM innovations on teaching and learning Taking into account the demands of developing students for the 21st century skills in this Research Topic we aim to collect high quality studies focused on STEM model related to pre service teachers in service teachers as well as students of all levels of education We also intend to cover the largest variety of topics addressing this specific matter that could help to foster STEM implementation in the classroom to

sharing STEM model education training experiences Furthermore we are interested in contributions that provide deepening insights into the challenges and opportunities involved in adopting STEM education in teaching and learning in a sustainable way *The London Literary Gazette and Journal of Belles Lettres, Arts, Sciences, Etc* ,1824 **Discourse, Conversation**

and Argumentation: Theoretical Perspectives and Innovative Empirical Studies - Volume I Antonio Bova, Carlo Galimberti, Lise Haddouk, Francesco Arcidiacono, 2021-12-06 **Routledge Handbook of Asian Cities** Richard

Hu, 2023-05-31 This handbook provides the most comprehensive examination of Asian cities developed and developing large and small and their urban development Investigating the urban challenges and opportunities of cities from every nation in Asia the handbook engages not only the global cities like Shanghai Tokyo Singapore Seoul and Mumbai but also less studied cities like Dili Mal Bandar Seri Begawan Kabul and Pyongyang The handbook discusses Asian cities in alignment to the United Nations New Urban Agenda and Sustainable Development Goals in order to contribute to global policy debates In doing so it critically reflects on the development trajectories of Asian cities and imagines an urban future in Asia and the world in the post sustainable post global and post pandemic era Presenting 43 chapters of original insightful research this book will be of interest to scholars practitioners students and general readers in the fields of urban development urban policy and planning urban studies and Asian studies **In Pursuit of Civility** Keith Thomas, 2018-06-05 The renowned historian

Keith Thomas has written a peerless study of the place of civility in the shaping of English society between the early sixteenth and the late eighteenth centuries Dramatic changes in court fashion and manners took place but equally important was the emergence of an urban trading and manufacturing class with new values and standards of behavior Traditional notions of class gender social custom and Englishness would all be affected by the upheavals of the period Civility emerged in contrast to barbarism as England took its first steps towards global domination Displaying a true master's grasp of the period Thomas offers a compelling and wide ranging analysis of the connections between changing notions of civility the justification of colonial expansion and the invention of race Publisher description *Complete Book of Colleges* Princeton Review (Firm), 2008 A comprehensive guide that profiles all of the four year colleges in the U S this work is packed with the information that prospective applicants need to know including the details on academics admissions requirements tuition and fees and more **Decolonizing Contemporary Gospel Music Through Praxis** Robert Beckford, 2023-08-24 Is

contemporary Black British gospel music a coloniality What theological message is really conveyed in these songs In this book Robert Beckford shows how the Black British contemporary gospel music tradition is in crisis because its songs continue to be informed by colonial Christian ideas about God Beckford explores the failure of both African and African Caribbean heritage Churches to Decolonise their faith especially the doctrine of God biblical interpretation and Black ontology This predicament has left song leaders musicians and songwriters with a reservoir of ideas that aim to disavow engagement with the social historical world black Biblical interpretation and the necessity of loving blackness This book is

decolonisation through praxis Reflecting on the conceptual social justice album The Jamaican Bible Remix 2017 as a communicative resource Beckford shows how to develop production tools to inscribe decolonial theological thought onto Black British music s The outcome of this process is the creation of a decolonial contemporary gospel music genre The impact of the album is demonstrated through case studies in national and international contexts *Design in Legal Education* Emily Allbon, Amanda Perry-Kessaris, 2022-07-07 This visually rich experience led collection explores what design can do for legal education In recent decades design has increasingly come to be understood as a resource to improve other fields of public private and civil society practice and legal design that is the application of design based methods to legal practice is increasingly embedded in lawyering across the world It brings together experts from multiple disciplines professions and jurisdictions to reflect upon how designerly mindsets processes and strategies can enhance teaching and learning across higher education public legal information and legal practice and will be of interest and use to those teaching and learning in any and all of those fields **The Internal Revenue Record and Customs Journal** ,1892 *Philosophy of African American Studies* Stephen Ferguson, 2015-09-16 In this ground breaking book Stephen C Ferguson addresses a seminal question that is too often ignored What should be the philosophical basis for African American studies The volume explores philosophical issues and problems in their relationship to Black studies Ferguson shows that philosophy is not a sterile intellectual pursuit but a critical tool to gathering knowledge about the Black experience Cultural idealism in various forms has become enormously influential as a framework for Black studies Ferguson takes on the task of demonstrating how a Marxist philosophical perspective offers a productive and fruitful way of overcoming the limitations of idealism Focusing on the hugely popular Afrocentric school of thought this book s engaging discussion shows that the foundational arguments of cultural idealism are based on a series of analytical and historical misapprehensions In turn Ferguson argues for the centrality of the Black working class both men and women to Black Studies
