Mudzanire, Kizito Muchemwa**

Life Science 2015 June Paper Gauteng:

Accessibility, Diversity, Equity and Inclusion in the Cultural Sector Julie Bérubé, Marie-Laure Dioh, Antonio C. Cuyler, 2024-08-20 Advocating for the immersion of ADEI practices into the heart of art organizations this title links theory practice and context as a way to further enrich cultural communities and wield the deeply human power of art for real human impact

Optimizing Regional Development Through Transformative Urbanization Benna, Umar G., 2018-08-10 Assisted by globalization and the rapid application of advanced technologies the transformative power of urbanization is being felt around the world The scale and the speed of existing and projected urbanization poses several challenges to researchers in multiple disciplines such as computer science engineering and the social sciences Optimizing Regional Development Through Transformative Urbanization provides emerging research exploring the theoretical and practical aspects of applications within urban growth interventions It also explores the strategies for new urban development tools such as the rise of new platforms for digital activities concepts of sharing economy collaborative economy crowdsourcing and crowdfunding Featuring coverage on a broad range of topics such as cryptocurrencies public private partnership and urban governance this book is a vital reference for city development planners decision makers policymakers academicians researchers and professionals seeking current research on the delivery of transformative urbanization changes

The Uganda Gazette Uganda, 2015-05

Order without Design Alain Bertaud, 2018-12-04 An argument that operational urban planning can be improved by the application of the tools of urban economics to the design of regulations and infrastructure Urban planning is a craft learned through practice Planners make rapid decisions that have an immediate impact on the ground the width of streets the minimum size of land parcels the heights of buildings The language they use to describe their objectives is qualitative sustainable livable resilient often with no link to measurable outcomes Urban economics on the other hand is a quantitative science based on theories models and empirical evidence largely developed in academic settings In this book the eminent urban planner Alain Bertaud argues that applying the theories of urban economics to the practice of urban planning would greatly improve both the productivity of cities and the welfare of urban citizens Bertaud explains that markets provide the indispensable mechanism for cities development He cites the experience of cities without markets for land or labor in pre reform China and Russia this urban planners dream created inefficiencies and waste Drawing on five decades of urban planning experience in forty cities around the world Bertaud links cities productivity to the size of their labor markets argues that the design of infrastructure and markets can complement each other examines the spatial distribution of land prices and densities stresses the importance of mobility and affordability and critiques the land use regulations in a number of cities that aim at redesigning existing cities instead of just trying to alleviate clear negative externalities Bertaud concludes by describing the new role that joint teams of urban planners and economists could play to improve the way cities are managed

The Life and Social Vision of Oliver Mtukudzi

Munyaradzi Mawere, Benjamin Mudzanire, Kizito Muchemwa, 2025-05-27 This compelling book offers a biographical and critical analysis of Oliver Tuku Mtukudzi 1953 2019 a towering music icon of Zimbabwe and Africa Uniquely Tuku achieved global recognition from his homeland his music a powerful reflection on both local and universal human issues Divided into four sections the book traces the socio cultural roots of his distinctive sound exploring the influence of rural Dande and Highfield Township often overlooked colonial era spaces on his artistic vision It further examines his socio cultural impact revealing how his music preserved cultural memory addressed socio political injustices and amplified marginalized voices Finally the book delves into Tuku s artistic virtuosity demonstrating his fusion of Korekore sounds into a cosmopolitan style that engaged with transnational themes Drawing on diverse scholarly perspectives this accessible anthology is ideal for students and scholars across musicology theatre arts literature history social anthropology media cultural studies and African studies

"Township economies": Uses, meanings and key debates in the Gauteng context Mamokete Modiba, This paper presents multiple meanings of township economies and the implications of key debates around framing township economic development Overlaps in various national and provincial government strategies have included government procurement in townships settlement upgrading promoting entrepreneurship and creating a conducive regulatory environment for productivity These efforts notwithstanding the paper points out the need to include township development within broader national policy and encourages discussion on important concerns such as bringing jobs to people or people to jobs

Youth, Inequality and Social Change in the Global South Hernan Cuervo, Ana Miranda, 2019-02-25 This book gathers international and interdisciplinary work on youth studies from the Global South exploring issues such as continuity and change in youth transitions from education to work contemporary debates on the impact of mobility marginalization and violence on young lives how digital technologies shape youth experiences and how different institutions cultures and structures generate a diversity of experiences of what it means to be young The book is divided into four broad thematic sections a Education work and social structure b Identity and belonging c Place mobilities and marginalization and d Power social conflict and new forms of political participation of youth

The Changing Space Economy of City-Regions Koech Cheruiyot, 2017-10-30 This book addresses the South African Space Economy and its stark disparities and dualisms through an assessment of the Gauteng City Region the largest economic agglomeration in the country and on a continent bedevilled by a myriad of development challenges The book s focus on understanding the overall character of Gauteng City Region s Space Economy through data mining analysis and mapping comprehensively supplements the Space Economy literature on the region It covers the disparities exacerbated by an overlay of apartheid planning ideology and top down regional development based on selective encouragement of manufacturing investments in growth points or poles and how implementation of past policies intended to cure these disparities have yielded mixed results This book further offers the Gauteng City Region as a microcosm of the national economy in the form of evident significant placed based variations in the intensity and character of

economic structure that on the one hand enjoys massive agglomeration economies while on the other has high levels of poverty and large numbers of people living below the Minimum Living Level This book should appeal to urban studies specialists economists and development studies researchers in the Global South *Rethinking Third Places* Joanne Dolley, Caryl Bosman, 2019 Ray Oldenburg's concept of third place is revisited in this book through contemporary approaches and new examples of third places Third place is not your home first place not your work second place but those informal public places in which we interact with the people Readers will come to understand the importance of third places and how they can be incorporated into urban design to offer places of interaction promoting togetherness in an urbanised world of mobility and rapid change *The Formation of Intellectual Capital and Its Ability to Transform Higher Education Institutions and the Knowledge Society* Cardoso Espinosa, Edgar Oliver, 2019-06-28 The knowledge society arises from the combination of four interdependent elements the production of knowledge through research its transmission through education its dissemination through information and communication technologies and its exploitation through innovation For this reason higher education institutions HEIs are the main component of the formation of intellectual capital because they are the key element of the knowledge society so it is necessary that they continue to be the main source of the necessary skills that allow the increase of economic competitiveness sustainability and citizen welfare within the framework of quality education and equity *The Formation of Intellectual Capital and Its Ability to Transform Higher Education Institutions and the Knowledge Society* is an essential research publication that provides systemic research on the formation of intellectual capital in higher education and its impact on the knowledge society Highlighting topics such as educational programs management strategy and educational studies this book is meant for educators educational technologists students researchers professionals and administrators *ICT Education* Henri Emil Van Rensburg, Dirk Petrus Snyman, Lynette Drevin, Günther Richard Drevin, 2024-01-02 This book constitutes the refereed proceedings of the 52nd Annual Conference of the Southern African Computer Lecturers Association on ICT Education SACLA 2023 held in Gauteng South Africa during July 19-21 2023 The 12 full papers included in this book were carefully reviewed and selected from 42 submissions They were organized in topical sections as follows student centered teaching and learning AI and future movements programming and beyond the classroom **The Framework for Resilient Industry** Narinder Kumar, Kiran Sood, Ercan Özen, Simon Grima, 2024-03-26 *The Framework for Resilient Industry* examines the historical background current status and future opportunities and challenges of the Indian industry delving into region specific issues such as micro small and medium enterprises MSMEs economic policy risk management and sustainable industries *Engaging Youth in Leadership for Social and Political Change* Michael P. Evans, Kathleen Knight Abowitz, 2015-12-21 Youth leadership initiatives can help young people engage in democratic life participatory governance and social and political change Leadership education oriented towards political and social change must continue to evolve in response to the lived experience of youth This volume

explores those new meanings through examining the theories and practices constituting the emerging ground of public leadership including research spanning secondary and higher education programs local and international contexts school based and out of school time initiatives and a broad diversity of youth The Jossey Bass quarterly report series New Directions for Student Leadership explores leadership concepts and pedagogical topics of interest to high school and college leadership educators Issues are grounded in scholarship and feature practical applications and best practices in youth and adult leadership education

Sustainametrics - envisioning a sustainable future with data science Shutaro Takeda,Alexander Ryota Keeley,Shunsuke Managi,Thomas Gloria,2023-03-08

Social Memory as a Force for Social and Economic Transformation Muxe Nkondo,2023-02-01 This volume of essays is a reflection on social memory as a force for social and economic transformation Written by scholars and organic intellectuals it focuses on the uses of social memory in particular the conflict between the legacies of colonialism and the movement for fundamental change The content addresses both experts and ordinary citizens alike with a view to advancing discourse on where we are right now and how we move on from here to achieve meaningful transformation As scholars and public representatives with a deep understanding of the social economic and political dynamics of modern history of South Africa the contributors offer their unique perspectives and reflections on history politics economics culture education ethics and the arts as well as the links that bind these aspects into an ecology of ideas and attitudes

Reimagining Chinese Diasporas in a Transnational World Shibao Guo,2023-09-06

Reimagining Chinese Diasporas in a Transnational World examines the changing nature of the Chinese diasporas in a transnational world and its concomitant implications for Chinese diaspora studies internationally With a shifting paradigm of transnationalism and transnational migration new patterns of Chinese mobilities have emerged that can be characterised as multiple and circular rather than unidirectional or final This book illustrates how the analytical constructs of hypermobility hyperdiversity and hyperconnectivity aid in the understanding of contemporary Chinese transnational diasporas The book offers new research findings and theorisation and contributes to the existing Chinese diasporas literature and the interdisciplinary fields of ethnic migration and mobility studies It stimulates further research and scholarly work on the Chinese diasporas in the age of transnational migration This book will be a great resource for academics researchers and advanced students of sociology ethnic studies international politics and migration studies The chapters in this book were originally published as a special issue of the Journal of Ethnic and Migration Studies

Identification and Citizenship in Africa Séverine Awenengo Dalberto,Richard Banégas,2021-05-09 In the context of a global biometric turn this book investigates processes of legal identification in Africa from below asking what this means for the relationship between citizens and the state Almost half of the population of the African continent is thought to lack a legal identity and many states see biometric technology as a reliable and efficient solution to the problem However this book shows that biometrics far from securing identities and avoiding fraud or political distrust can even participate in reinforcing exclusion and polarizing

debates on citizenship and national belonging It highlights the social and political embedding of legal identities and the resilience of the documentary state Drawing on empirical research conducted across 14 countries the book documents the processes practices and meanings of legal identification in Africa from the 1950s right up to the biometric boom Beyond the classic opposition between surveillance and recognition it demonstrates how analysing the social uses of IDs and tools of identification can give a fresh account of the state at work the practices of citizenship and the role of bureaucracy in the writing of the self in African societies This book will be of an important reference for students and scholars of African studies politics human security and anthropology and the sociology of the state *The Institutionalisation of Disaster Risk Reduction*

Gideon van Riet, 2016-12-01 The past three decades have seen a global shift in disaster management from an event driven response to a could be risk management approach Disaster risk reduction DRR has become entrenched as a dominant paradigm within the field of disaster management More than a decade after adopting DRR legislation in South Africa there remains a dearth of evidence that this has translated into substantive action This book examines the institutionalisation of DRR in South Africa conceived of as a political economy of knowledge production Using a critical theory approach the book does not consider why DRR is failing but instead asks why DRR As such it explores possibilities beyond DRR s narrow optic and offers new insights into disaster management through the lens of South Africa This is valuable reading for graduate students and academics working in disaster studies geography public policy and development post development studies as well as policy makers *The Quaker World*

C. Wess Daniels, Rhiannon Grant, 2022-11-04 The Quaker World is an outstanding comprehensive and lively introduction to this complex Christian denomination Exploring the global reach of the Quaker community the book begins with a discussion of the living community as it is now in all its diversity and complexity The book covers well known areas of Quaker development such as the formation of Liberal Quakerism in North America alongside topics which have received much less scholarly attention in the past such as the history of Quakers in Bolivia and the spread of Quakerism in Western Kenya It includes over sixty chapters by a distinguished international and interdisciplinary team of contributors and is organised into three clear parts Global Quakerism Spirituality Embodiment Within these sections key themes are examined including global Quaker activity significant Quaker movements biographies of key religious figures important organisations pacifism politics the abolition of slavery education industry human rights racism refugees gender disability sexuality and environmentalism The Quaker World provides an authoritative and accessible source of information on all topics important to Quaker Studies As such it is essential reading for students studying world religions Christianity and comparative religion and it will also be of interest to those in related fields such as sociology political science anthropology and ethics **Gender and Identity around the World**

Chuck Stewart, 2020-11-09 This book provides an indispensable resource for high school and college students interested in the history and current status of gender identity formation and maintenance and how it impacts LGBTQ rights throughout the world Gender and Identity around the

World explores a variety of gender and LGBTQ experiences and issues in countries from all the world's regions. Guided by more than 50 recognized academic experts, readers will examine how gender and LGBTQ identities are developed, fought for, perceived, and policed in countries as diverse as France, Brazil, Russia, Jordan, Iraq, and China. Each chapter opens with a general introduction to a country or group of countries and flows into a discussion of gender and identity in terms of culture, education, family life, health and wellness, law, work, and activism in that region of the world. A section on contemporary issues specific to the country or group of countries follows this discussion.
