Justice of the Peace and Local Government Review, 1860 **Educational Weekly**, 1879 **Choice**, 1997 **The History of the University of East Anglia, Norwich** Michael Sanderson, 2002-01-01. The University of East Anglia at Norwich was one of a number of new universities founded in Britain in the 1960s in response to the need to increase the provision for higher education. Remarkable for its architecture primarily by Denys Lasdun and for its superb Sainsbury Art Collection, its history is a telling commentary on the opportunities and problems faced by British universities over the last forty years. The History of the University of East Anglia, Norwich is a full account of UEA's foundation, growth, and distinctive character. Michael Sanderson highlights both the university's successes and failures at the same time, painting a picture of life, teaching, and research on the campus. By examining the real problems faced by a leading British university, he has provided an important contribution to British educational history.
