How To Become A Teenage Entrepreneur:

Conversations with Teen Entrepreneurs Ben Cathers, 2003-10 Conversations with Teen Entrepreneurs profiles three successful businesses created by teenagers These companies were created during the booming 90 s have weathered the Internet bubble burst and are still succeeding today The book is a fascinating read to see how teenagers are able to overcome the age barrier and succeed in a field normally reserved for adults Each entrepreneur has his own unique story about balancing work and school convincing customers and potential employees to trust them and even in the midst of it all having a successful social life The book is a must read for anyone who wants to successfully start their own business Advice and tips on overcoming obstacles developing marketing strategies and learning to improve sales are just some of the tips and techniques readers will take away with them Every entrepreneur faces nearly insurmountable challenges However these entrepreneurs faced twice as many challenges and they succeeded By learning the secrets to their success you will be given the tools to help surpass any challenge And if not you ll be amazed by the stories these teens have to say Honest **The Young Entrepreneur's Edge** Jennifer Kushell, 1999 It seems like these days whenever you look at a newsstand at least one major business magazine has a cover story about a wildly successful entrepreneur in his or her 20s or 30s That s not surprising when one considers that one out of every five small business owners in America is under 35 and that more young people are starting businesses than ever before Right now in college dorm rooms and their parents garages the next generation of Sam Waltons Bill Gateses and Michael Dells are hard at work If you are ever going to take risks in exploring your career options this is the absolute best time to do it says 26 year old entrepreneurial expert Jennifer Kushell Why wait until you have a semi stable corporate job and major financial obligations to discover that you hate your career and need to make a big change Kushell is the ideal mentor for young people thinking about taking the plunge Her very successful Young Entrepreneurs Network educates teens and twentysomethings in 40 countries about forming their own companies A born entrepreneur her father and aunt are leading experts on franchising and trademark licensing respectively Kushell presided over her own company s growth while attending college full time Her book draws on her invaluable hands on experience It s not so much a how to start a business book as it is a how to cope with life while starting and succeeding in your own business book the author says All I can say is that this is the real deal the real story With wit candor and exuberance for her subject Kushell gives practical and personal insight from a young entrepreneur s point of view to help new business owners get through their first few years The book also teaches you tricks of the trade that you can rely on to compete successfully in a business world with people twice your age and companies God knows how many times as big she adds The Young Entrepreneur s Edge addresses key topics such as trying to obtain capital and writing a business plan which the author says are among the biggest obstacles for young entrepreneurs But the book also tackles critical areas that other business books rarely address how to get older people to take you seriously how not to starve when you re broke how to win your family s

approval how to get out and meet important people how not to get carded when entertaining clients and other unique situations faced by young business people Praise for The Young Entrepreneur's Edge Fresh college graduates frustrated by the job search should pick up a copy of this book Los Angeles Times Can help both job seekers and job holders rethink their idea of gainful employment Mademoiselle Entertaining fast reading and immensely sensible Kushell is a human dynamo Sacramento Bee Every young entrepreneur needs good ideas and this book is full of them Fred Deluca founder and president of Subway R Restaurants It is a must read for my students Kathleen R Allen Ph D The Entrepreneur Program University of Southern California *The Entrepreneurial Spirit in America* United States.
