Valorizing the Barbarians Eric Adler,2011-07-01 With the growth of postcolonial theory in recent decades scholarly views of Roman imperialism and colonialism have been evolving and shifting Much recent discussion of the topic has centered on the ways in which ancient Roman historians consciously or unconsciously denigrated non Romans Similarly contemporary scholars have downplayed Roman elite anxiety about their empire's expansion In this groundbreaking new work Eric Adler explores the degree to which ancient historians of Rome were capable of valorizing foreigners and presenting criticisms of their own society By examining speeches put into the mouths of barbarian leaders by a variety of writers he investigates how critical of the empire these historians could be Adler examines pairs of speeches purportedly delivered by non Roman leaders so that the contrast between them might elucidate each writer's sense of imperialism Analyses of Sallust's and Trogus's treatments of the Eastern ruler Mithradates Polybius's and Livy's speeches from Carthage's Hannibal and Tacitus's and Cassius Dio's accounts of the oratory of the Celtic warrior queen Boudica form the core of this study Adler supplements these with examinations of speeches from other characters as well as contextual narrative from the historians Throughout Adler wrestles with broader issues of Roman imperialism and historiography including administrative greed and corruption in the provinces the treatment of gender and sexuality and ethnic stereotyping *Lighthouses of the Florida Keys* Love Dean,1998 An updated historical account of the Florida Keys lighthouses full of history and legend

The Fellows of the Collegiate Church of Manchester Francis Robert Raines,1891 **Myths of the Golden Age in European Culture** Stephen G. Nichols,Claudia Olk,2024-12-27 Hesiod s concept of a Golden Age together with analogous myths Babylonian Egyptian Hebrew etc speak to the psychic appeal perhaps even deep rooted need for humans to conceive alternate worlds free from the anguish toil and dangers of the one they inhabit Classical poets and philosophers explored the myth the Middle Ages imagined it as the land of Cockaigne Early Modern dramatists incorporated it Romantic poets and nineteenth century writers imagined it in various guises This volume explores the configuration presented by Hesiod and the history of its reception and transformation in European literature and culture The chapters study how texts written in

specific historical moments of European history reshape elements of the myth to explore contemporary issues of concern The book addresses these issues of cultural hybridization and from a transhistorical perspective provides new insights into the dynamics of epochal shifts It also looks at similar configurations in non Western civilizations China which complements the spectrum of contributions that covers periods from classical antiquity to the Age of Goethe
