The Critical Life of Toni Morrison Susan Neal Mayberry, 2021 The first book to trace the critical reception of the great African American woman writer attending not only to her fiction but to her nonfiction and critical writings Toni Morrison and the Queer Pleasure of Ghosts Juda Bennett, 2014-11-13 Toni Morrison and the Queer Pleasure of Ghosts radically intervenes in one of the most established and sacred topics in Toni Morrison scholarship love Moving beyond Morrison's representation of ghosts as the forgotten or occluded past Juda Bennett uncovers how Morrison imagines the spectral sphere as always already queer a provocation and challenge to heteronormativity with the ghost appearing as an active participant in disruptions of compulsory heterosexuality as a figure embodying closet desires or as a disembodied emanation that counterpoints homophobia From The Bluest Eye to Home Morrison's novels have included many

queer ghosts that challenge our most cherished conceptions of love and speak to cultural anxieties about black sexualities gay marriage AIDS lesbian visibility and transgender identities Not surprisingly the scene stealing ghost Beloved appears at the very heart of this book but Bennett cautions against interpretative stasis inviting readers to break free of the stranglehold Beloved has had on imaginations so as not to miss the full force of Morrison's lifelong project to queer love Growing with Gardening Bibby Moore, 2018-06-15 Growing with Gardening offers step by step guidance in planning a year round horticultural program for therapy recreation or education Developed under the auspices of the North Carolina Botanical Garden it features more than 250 activities organized by month ranging from designing a raised plant bed and building a wheelchair accessible garden to constructing a plant press and creating crafts from natural plant materials More than 200 illustrations complement the clear concise text *Toni Morrison and the Natural World* Anissa Janine Wardi, 2021-06-28 Winner of the Toni Morrison Society Book Prize for Best Single Authored Book 2019 2022 Critics have routinely excluded African American literature from ecocritical inquiry despite the fact that the literary tradition has from its inception proved to be steeped in environmental concerns that address elements of the natural world and relate nature to the transatlantic slave trade plantation labor and nationhood Toni Morrison's work is no exception Toni Morrison and the Natural World An Ecology of Color is the first full length ecocritical investigation of the Nobel Laureate's novels and brings to the fore an unequalled engagement between race and nature Morrison's ecological consciousness holds that human geographies are enmeshed with nonhuman nature It follows then that ecology the branch of biology that studies how people relate to each other and their environment is an apt framework for this book The interrelationships and interactions between individuals and community and between organisms and the biosphere are central to this analysis They highlight that the human and nonhuman are part of a larger ecosystem of interfacing and transformations Toni Morrison and the Natural World is organized by color examining soil brown in *The Bluest Eye* and *Paradise* plant life green in *Song of Solomon* *Beloved* and *Home* bodies of water blue in *Tar Baby* and *Love* and fire orange in *Sula* and *God Help the Child* By providing a racially inflected reading of nature Toni Morrison and the Natural World makes an important contribution to the field of environmental studies and provides a landmark for Morrison scholarship *Greatest hits, 1975-2001* Greg Kosmicki, 2001 Biennial Report ...
