Owen's experiment in communal living in 1825 and it was Owen's legacy that drew scholars from across the Atlantic. Owen's work and his experiment at New Harmony again have currency as the world looks back on the 2008 economic crisis and as socialism seemingly banished with the failure of experiments in Eastern Europe and the former Soviet Union at the end of the last century has returned to the political and economic lexicon. As David Harvey, Thomas Piketty and Joyce Appleby have lately reminded us, capitalism particularly the forms it has assumed since 1945 is probably exceptional, perhaps ephemeral but also dynamic and resilient. If the Great Recession has derailed personal lives, destabilized economies and unnerved politicians, it has also reminded us that we have not reached the end of history. Where there was once a Social Question, there is now a New Social Question. This edited multi-disciplinary volume will appeal to readers in political science, economics, history, sociology, anthropology, literature, communications and cultural studies and to academic audiences in North America, Britain and elsewhere.

Educart Handouts ICSE Class 10 Biology Handwritten Notes 2026 (for PTs, half-yearly and board exam 2025-26) Educart, 2025-08-08. Clear diagrams, concept first revision for ICSE Biology Class 10.
