Marine Fog: Challenges and Advancements in Observations, Modeling, and Forecasting Darko Koračin, Clive E. Dorman, 2017-01-28 This volume presents the history of marine fog research and applications and discusses the physical processes leading to fog's formation, evolution, and dissipation. A special emphasis is on the challenges and advancements of fog observation and modeling as well as on efforts toward operational fog forecasting and linkages and feedbacks between marine fog and the environment.

21st Century Geography Joseph P. Stoltman, 2012 This is a theoretical and practical guide on how to undertake and navigate advanced research in the arts, humanities, and social sciences.

Western Gold Adventures 1849-1854 (Abridged, Annotated) Kimball Webster, In April 1849 a little over six months before he was twenty-one, Kimball Webster caught the gold fever. Characteristic of his methodical ways, he kept a journal of his journey across the country and of his experiences as a miner in California and land surveyor in Oregon. His experiences in the Land of Gold is told in his own vivid language in these pages and forms one of the most interesting narratives of the days of the gold seekers of the Pacific Slope. Under trying circumstances that we can't fully appreciate today, the hardy men and women of the Gold Rush the 49ers faced danger from disease, accident, Native Americans, other miners, and most likely poverty. Yet nearly 300,000 came to California to seek their fortune and tempt fate. Kimball Webster didn't strike it rich but went on to make a good life for himself. And he made us richer by leaving his account of those tumultuous years of the 1849 Gold Rush. Be sure to LOOK INSIDE or download a sample.

Meteorology Today C. Donald Ahrens, Peter Lawrence Jackson, Christine E. O. Jackson, 2012 Meteorology Today 1st Canadian edition is the first textbook of its type written specifically with the needs of the Canadian market and its unique meteorological environment in mind. This first Canadian edition builds upon the tried and tested strengths of the Ahrens Meteorology series and provides a more relevant resource for Canadian students and instructors by ensuring that Canadian content, practices, conventions, and examples are used throughout. An Earth Systems feature, the first of its kind in Ahrens, has been developed for this edition, presenting the interconnectedness of elements and providing a peek at the chapter content. This visual table of contents highlights the Earth system components reflected in each chapter: the atmosphere, hydrosphere, cryosphere, lithosphere, biosphere, and anthrosphere. The relationships between the chapter's content and Earth systems are further expanded upon in the introduction of each chapter.

The gold seekers of '49 Kimball Webster, 2025-03-02 In *The Gold Seekers of '49*, Kimball Webster masterfully chronicles the tumultuous journey of thousands of fortune seekers during the California Gold Rush. Through a blend of vivid narrative and meticulous research, Webster captures the essence of this pivotal moment in American history, elucidating the motivations, triumphs, and tribulations faced by those who ventured westward in search of prosperity. Utilizing an engaging literary style that interweaves firsthand accounts with historical context, Webster paints a dynamic portrait of not only the gold seekers but also the varied landscapes and cultures they encountered, offering readers an immersive experience of 19th-century America.

Kimball Webster an esteemed historian and author draws on his extensive background in the studies of American folklore and regional history to inform his writing His passion for uncovering untold stories led him to explore the depths of the Gold Rush era illuminating the diverse backgrounds of the individuals who participated in this grand adventure This work reflects his commitment to preserving the nuanced narratives that shape our understanding of American identity For readers fascinated by American history particularly the transformative events that forged the nation s character *The Gold Seekers of 49* stands as a captivating and informative read Webster s deft storytelling and rich historical detail provide a profound exploration of ambition and resilience making this book essential for both casual readers and serious students of history alike

Maunder, 2012-12-06 Climate climate change climate fluctuations and climatic trends are only a few of the terms used today in not only conferences scientific symposia and workshops but also parliaments and in discussions throughout society To climatologists these terms may be well known to the vast majority of people however they are new and they require definition and explanation The World Meteorological Organization WMO inherited an interest and involvement in the studies of climate and climate change from its predecessor the International Meteorological Organization IMO which was established in 1873 By 1929 the IMO had set up a Commission for Climatology to deal with matters related to climate studies When in 1950 the World Meteorological Organization assumed the mantle of the IMO it retained the commission which among other responsibilities had already recognized the need for the definition and explanation of terms used in climatology It must also be said that much of what we now know about climate derives from the scientific and technical programmes coordinated by IMO and now to a much greater extent by WMO In 1979 the First World Climate Conference made an assessment of the status of knowledge of climate and climate variability and recommended the establishment of a World Climate Programme This recommendation was fully endorsed by the Eighth World Meteorological Congress and the World Climate Programme was subsequently established by WMO in co operation with the International Council of Scientific Unions ICSU and the United Nations Environment Programme UNEP More of a Man Andrew McIlwraith, 2013-01-01 *More of a Man* presents the only known diaries of a skilled craft worker in Victorian Canada Andrew McIlwraith a Scottish journeyman who migrated to North America during a tumultuous period marked by economic depression and early industrial change McIlwraith s journals illuminate his quest to succeed financially and emotionally amidst challenging circumstances The diaries trace his transformations from an immigrant newcomer to a respected townsman a wage worker to an entrepreneur and a bachelor to a married man Carefully edited and fully annotated by historians Andrew C Holman and

Robert B Kristofferson *More of a Man* features an introduction providing historical context for McIlwraith's life and an epilogue detailing what happened to him after the diaries end. Historians of labour, gender, and migration in the North Atlantic world will find *More of a Man* a valuable primary document of considerable insight and depth. All readers will find it a lively story of life in the nineteenth century.

Climate, Culture, Change Timothy B. Leduc, 2011-02-21 Every day brings new headlines about climate change as politicians debate how to respond, scientists offer new data, and skeptics critique the validity of the research. To step outside these scientific and political debates, Timothy Leduc engages with various Inuit understandings of northern climate change. What he learns is that today's climate changes are not only affecting our environments but also our cultures. By focusing on the changes currently occurring in the north, he highlights the challenges being posed to Western climate research, Canadian politics, and traditional Inuit knowledge. *Climate Culture Change* sheds light on the cultural challenges posed by northern warming and proposes an intercultural response that is demonstrated by the blending of Inuit and Western perspectives.
