A Medieval French Reader:

A Medieval French Reader Clifford W. Aspland, 1979 Historical French reader, medieval period Paul Studer, Edwin George Ross Waters, 1924 **The General Reader and the Academy** Leah Tether, 2019-05-30 Penguin Classics have built their reputation as one of the largest and most successful modern imprints for classic texts on the notion of the general reader Following an interrogation of this idea Leah Tether investigates the publication of medieval French literature on this list and shines a light on the drivers motivations negotiations and decision making processes behind it Focusing on the medieval French texts published between c 1956 and 2000 Tether demonstrates that rather than Penguin s frequently cited general reader a more academic market may have contributed to ensuring the success of these titles **A History of the French Language Through Texts** Wendy Ayres-Bennett, 2005-06-27 This new history of the French language allows the reader to see how the language has evolved for themselves It combines texts and extracts with a readable and detailed commentary allowing the language to be viewed both synchronically and diachronically Core texts range from the ninth century to the present day highlight central features of the language whilst a range of shorter texts illustrate particular points The inclusion of non literary as well as literary texts serves to illustrate some of the many varieties of French whether in legal scientific epistolary administrative or liturgical or in more popular domains including attempts to represent spoken usage This is essential reading for the undergraduate student of French *An Anglo-Norman Reader* Jane Bliss, 2018-02-08 This book is an anthology with a difference It presents a distinctive variety of Anglo Norman works beginning in the twelfth century and ending in the nineteenth covering a broad range of genres and writers introduced in a lively and thought provoking way Facing page translations into accessible and engaging modern English are provided throughout bringing these texts to life for a contemporary audience The collection offers a selection of fascinating passages and whole texts many of which are not anthologised or translated anywhere else It explores little known byways of Arthurian legend and stories of real life crime and punishment women s voices tell history write letters berate pagans advice is offered on how to win friends and influence people how to cure people s ailments and how to keep clear of the law and stories from the Bible are retold with commentary together with guidance on prayer and confession Each text is introduced and elucidated with notes and full references and the material is divided into three main sections Story a variety of narrative forms Miscellany including letters law and medicine and other non fiction and Religious saints lives sermons Bible commentary and prayers Passages in one genre have been chosen so as to reflect themes or stories that appear in another so that the book can be enjoyed as a collection or used as a resource to dip into for selected texts This anthology is essential reading for students and scholars of Anglo Norman and medieval literature and culture Wide ranging and fully referenced it can be used as a springboard for further study or relished in its own right by readers interested to discover Anglo Norman literature that was written to amuse instruct entertain or admonish medieval audiences **Historical French Reader** Paul Studer, 1924 **The Cambridge**

Companion to Medieval French Literature Simon Gaunt, Sarah Kay, 2008-04-10 Medieval French literature encompasses 450 years of literary output in Old and Middle French mostly produced in Northern France and England These texts including courtly lyrics prose and verse romances dits amoureux and plays proved hugely influential for other European literary traditions in the medieval period and beyond This Companion offers a wide ranging and stimulating guide to literature composed in medieval French from its beginnings in the ninth century until the Renaissance The essays are grounded in detailed analysis of canonical texts and authors such as the Chanson de Roland the Roman de la Rose Villon s Testament Chr tien de Troyes Machaut Christine de Pisan and the Tristan romances Featuring a chronology and suggestions for further reading this is the ideal companion for students and scholars in other fields wishing to discover the riches of the French medieval tradition An introductory reader to medieval French ,1982 **Women Readers and the Ideology of**

Gender in Old French Verse Romance Roberta L. Krueger, 2005-02-17 This study challenges the view that all courtly literature promoted the social status of women Unlike previous books which focused on knights it starts from the perspective of the woman reader listener Using reader response theory feminist criticism and recent historical studies it suggests that romances taught gender roles often inviting readers to criticise and resist them **Retelling the Tale** Simon

Gaunt, 2001-07-26 This introduction to French medieval literature sets out to show that medieval writers were not merely recording an oral tradition but were in fact very aware that they were retelling tales in a new medium **Reading the**

World Mary Franklin-Brown, 2024-05-31 The thirteenth century saw such a proliferation of new encyclopedic texts that more than one scholar has called it the century of the encyclopedias Various referred to as a speculum thesaurus or imago mundi the term encyclopedia was not commonly applied to such books until the eighteenth century these texts were organized in such a way that a reader could easily locate a collection of authoritative statements on any given topic Because they reproduced rather than simply summarized parts of prior texts these compilations became libraries in miniature In this groundbreaking study Mary Franklin Brown examines writings in Latin Catalan and French that are connected to the encyclopedic movement Vincent of Beauvais s Speculum maius Ramon Llull s Libre de meravelles Arbor scientiae and Arbre de filosofia d amor and Jean de Meun s continuation of the Roman de la Rose Franklin Brown analyzes the order of knowledge in these challenging texts describing the wide ranging interests the textual practices including commentary compilation and organization and the diverse discourses that they absorb from preexisting classical patristic and medieval writing She also demonstrates how these encyclopedias like libraries became heterotopias of knowledge spaces where many possible ways of knowing are juxtaposed But Franklin Brown s study will not appeal only to historians she argues that a revised understanding of late medievalism makes it possible to discern a close connection between scholasticism and contemporary imaginative literature She shows how encyclopedists employed the same practices of figuration narrative and citation as poets and romanciers while much of the difficulty of the imaginative writing of this period derives from a

juxtaposition of heterogeneous discourses inspired by encyclopedias With rich and innovative readings of texts both familiar and neglected Reading the World reveals how the study of encyclopedism can illuminate both the intellectual work and the imaginative writing of the scholastic age

Codex and Context: Reading Old French Verse Narrative in Manuscript, Volume II Keith Busby, 2022-06-08 *Reading Piers Plowman* Emily Steiner, 2013-05-09 Reading Piers Plowman is an indispensable scholarly guide to a magnificent and notoriously difficult medieval poem With Piers Plowman the fourteenth century poet William Langland proved that English verse could be at once spiritually electrifying and intellectually rigorous capable of imagining society in its totality while at the same time exploring heady ideas about language theology and culture In her study of Piers Plowman Emily Steiner explores how Langland's ambitious poetics emerged in dialogue with contemporary ideas for example about political counsel and gender the ethics of poverty Christian and pagan learning lordship and servitude and the long history of Christianity Lucid and comprehensive Steiner's study teaches us to stay alert to the poem's stunning effects while still making sense of its literary and historical contexts [Imagining the Past in France](#)

Elizabeth Morrison, Anne D. Hedeman, J. Paul Getty Museum, 2010-12-07 This exquisite volume beautifully reproduces and insightfully examines the most important illuminations found in French history manuscripts [Historical French Reader, Medieval Period](#) Paul Studer, 1970

Reading the Ovidian Heroine Kathryn McKinley, 2017-09-18 This study investigates the reception of Ovid's heroines in Metamorphoses commentaries written between 1100 and 1618 The Ovidian heroine offers a telling window onto medieval and early modern clerical constructions of gender and selfhood In the context of classical representations of the feminine the book examines Ovid's engagement of the heroine to explore problems of intentionality The second part of the study presents commentaries by such clerics as William of Orléans the Vulgate commentator Thomas Walsingham and Raphael Regius illustrating the reception of the Ovidian heroine in medieval France and England as well as in Renaissance Italy and Germany The works analyzed here show that clerical readings of the feminine in Ovid reflect greater heterogeneity than is commonly alleged Both moralizing summaries and Latin editions used as schooltexts are discussed
