Literary into Cultural Studies Antony Easthope,2003-09-02 Modern Literary study was founded on an opposition between the canon and its other popular culture The theory wars of the 1970s and the 1980s and in particular the advent of structuralist and post structuralist theory transformed this relationship With the death of literature the distinction between high and popular culture was no longer tenable and the field of inquiry shifted from literary into cultural studies Anthony Easthope argues that this new discipline must find a methodological consensus for its analysis of canonical and popular texts Through a detailed criticism of competing theories British cultural studies New Historicism cultural materialism he shows how this new study should and should not be done Easthope s exploration of the problems possibilities and politics of this new discipline includes an original reassessment of the question of literary value By contrasting Conrad s Heart of Darkness with Burrough s Tarzan of the Apes Easthope demonstrates how textuality sustains the opposition between high and popular culture darkness **The Book of Memory** Mary J. Carruthers,1992-05-14 The Book of Memory is a magisterial and beautifully illustrated account of the workings and function of memory in medieval society Memory was the psychological faculty valued above all others in the period stretching from late antiquity through the Renaissance The prominence given to memory has profound implications for the contemporary understanding of all creative activity and the social role of literature and art Drawing on a range of fascinating examples from Dante Chaucer and Aquinas to the symbolism of illuminated manuscripts this unusually wide ranging book offers new insights into the medieval world **The Maximus Poems** Charles Olson,1983 The Maximus Poems is one of the high achievements of twentieth century American letters and an essential poem in the postmodern canon It stands out in Hayden Carruth s words as a huge and truly angelic effort matching the dimensions of its hero s name and returning poetry to its Homeric and Hesiodic scope This complete edition of The Maximus Poems

brings together the three volumes of Charles Olson's long poem originally published in 1960, 1968 and 1975 and long out of print in an authoritative version edited according to the highest standards of textual criticism. Errors in the previous editions have been corrected, twenty-nine new poems added and the sequence of the final poems modified in the light of the editor's research among the poet's papers. GAIN WISDOM S. V. Subramanyam (Prof.), 2010-12 Presents all the 195 Yoga Sutras professed by the legendary Maharishi PATANJALI. He affirmed that Yoga is not only limited to sanas but also aims at outer and inner purification, control, and balance of the self, meditation, and complete absorption. And finally, union with the Self. Contains 4 Chapters: Samadhi, Sadhana, Vibhuti, and Kaivalya. Comprises of all the 8 limbs of Ashtanga Yoga: 5 external and 3 internal: Yama, Niyama, Asana, Pranayama, Pratyahara, Dharana, Dhyana, and Samadhi. The book fully utilizes available technology to aid elaboration of the commentary on Yoga Sutras, which are admittedly terse. Charts and tables, as well as graphs and pictures, adorn the book practically on every page so that the reader finds it helpful to enhance his understanding. Stories and quotations from the spiritual greats are added to widen comprehension. This then is a book that is truly unique in its presentation that would find ready acceptance by Yoga teachers and students alike all over the world. All those students and teachers of Yogasanas who wish to go beyond Asanas and aim at avoidance of mental modifications and the resultant stressful life would find this book a boon.

The Holy Spirit as Communion I. Leon Harris, 2017-09-26 In *The Holy Spirit as Communion*, Leon Harris examines the pneumatologies of Colin Gunton and Frank Macchia. For both theologians, the doctrine of the Holy Spirit is foundational to understanding their doctrine of God, Christology, and ecclesiology. Drawing on

the theme of communion The Holy Spirit as Communion expresses the concept that the Holy Spirit is the person who perfects the divine nature and personhood of the Father and Son It is the Holy Spirit who perfects the eternal communion within the divine Trinity which is the source of the divine action that also perfects the communion in creation as an expression of the Father's will through Jesus Christ The Holy Spirit as Communion explores the essentiality of the Holy Spirit through a unique approach to Spirit Christology Gunton is represented by a radicalized version of Chalcedon Christology and Macchia formulates his account through the overarching metaphor of Spirit baptism Therefore the doctrine of God Christology ecclesiology and eschatology cannot be construed without a proper account of pneumatology that takes into consideration the eschatological perfecting work of the third person of the Trinity who perfects creation's koinonia as a gift from the Father through the grace of Jesus Christ
