A Philosophy Of Human Hope A Philosophy Of Human Hope:

A Philosophy of Human Hope J.J. Godfrey, 1987-03-31 Few reference works in philosophy have articles on hope Few also are systematic or large scale philosophical studies of hope Hope is admitted to be important in people s lives but as a topic for study hope has largely been left to psychologists and theologians For the most part philosophers treat hope en passant My aim is to outline a general theory of hope to explore its structure forms goals reasonableness and implications and to trace the implications of such a theory for atheism or theism What has been written is quite disparate Some see hope in an individualistic often existential way and some in a social and political way Hope is proposed by some as essentially atheistic and by others as incomprehensible outside of one or another kind of theism Is it possible to think consistently and at the same time comprehensively about the phenomenon of human hoping Or is it several phenomena How could there be such diverse understandings of so central a human experience On what rational basis could people differ over whether hope is linked to God What I offer here is a systematic analysis but one worked out in dialogue with Ernst Bloch Immanuel Kant and Gabriel Marcel Ernst Bloch of course was a Marxist and officially an atheist Gabriel Marcel a Christian theist and Immanuel Kant was a theist but not in a conventional way

A philosophy of human hope J.J. Godfrey, 1987-03-31 The aim of this book is to outline a general theory of hope to explore its structure forms goals reasonableness and implications and to trace the implications of such a theory for atheism or theism It offers a systematic analysis but one worked out in dialogue with Ernst Bloch Immanuel Kant and Gabriel Marcel

A Philosophy of Human Hope Joseph John Godfrey, Alfonso Verdú, 1987

A Philosophy of Hope Bernard N. Schumacher, 2003 Schumacher looks at hope as a virtue one opposed by vices such as despair and presumption particularly as they are treated in existentialism and Marxism He also explores Pieper s treatment of hope in relation to the ideas of death and immortality and in the philosophy of history Using the idea of hope to examine such themes as dignity ethics the good and the just Schumacher provides a valuable wide ranging introduction to a shaper of contemporary Christian thought against a richly drawn intellectual background

A Philosophy of Hope Lars Svendsen, 2024-10-14 From a leading popular philosopher an uplifting meditation on the nature and power of optimism In this book Lars Svendsen embarks on a profound exploration of the nature of hope asking what exactly hope is and how it differs from related phenomena such as wishful thinking He argues that hope is rooted in the ability to shape one s future crucial for a society built on freedom instead of fear Svendsen highlights hope s vital role in giving life meaning and its intimate connection to identity He shows that while hope cannot magically transform the world it can empower individuals to focus on achievable goals rather than pressing challenges Ultimately **A Philosophy of Hope** demonstrates the capacity of hope to propel both individuals and the world in a positive direction

The Principle of Political Hope Loren Goldman, 2022-12-27

In *The Principle of Political Hope* Loren Goldman draws on Immanuel Kant Ernst Bloch Charles Peirce William James and John Dewey to offer an account of political hope as a frame for navigating the relationship between subjective aspiration and

objective possibility Considering what political hope is how it operates how it has been thought about and how to think about it in the contemporary world Goldman's conceptualization of hope rejects grand notions of progress while still maintaining the possibility of a brighter future Refreshing and lucid Goldman reconstructs hope as a necessary precondition for social and political engagement reinvigorating the possibility of utopia in the process *Hope as Atmosphere* Xu Wang, 2022-07-11 In this thesis the phenomenon of fundamental hope is understood as atmosphere As a metaphor hope as atmosphere finds a new expression of hope other than the light metaphor that dominates the discourse of hope Hope is not only the light that illuminates the dark moments of life but also more fundamentally in the air it lies in the sphere in between and saturates each life experience and every living moment As an existential reality hope as atmosphere reveals our hopeful way of atmospheric co-existence Communal love constitutes the ground of this hopeful co-existence it keeps the hopeful co-existence constantly refreshed and open guaranteeing more possibilities of hope On the basis of communal love hopeful co-existence shows its ontological meaning as a way towards life The thesis of hope as atmosphere finds resonance and expression not only in Christian trinitarianly based understanding of hope but also in the most central doctrine of co-humanity in Confucianism

Snow,Lewis Ricardo Gordon,2024 What is hope In the history of western philosophy to the present day there is tremendous disagreement about the answer to this seemingly simple question Contemporary philosophical literature on hope on the subject is robust complex and full of interesting debates Whether hope is good or bad and whether we should focus not on hope but on hopes hoping or hopefulness as some contemporary philosophers argue are contested questions This volume features eleven chapters by scholars from different disciplines each providing a unique perspective on hope It includes discussion and analysis of classical texts Judeo Christian traditions non religious contexts epistemology existentialism Black oppression Zen Buddhism eschatology theological anthropology psychology and optimism culture education theory and climate change Hardly any stones are left unturned in this interdisciplinary collection of one of philosophy s most vexing virtues The study of hope is ongoing in many fields This volume will be useful to scholars in a variety of disciplines who wish to learn more about hope and to contribute to the myriad discussions currently taking place Hope and Education Professor David Halpin,David Halpin,2002-11 This book is a welcome addition to the thinking about education and education policy making at a time when the future of education is highly politicised and very negative Visions of a Future Zachary Hayes,2017-06-15 The early part of this book is concerned with what it is in human existence that is addressed by the message of hope in the Scriptures The final four chapters present that divine promise for human destiny and the understanding of it as it is reflected on in contemporary theology Although directed mainly to advanced students of theology this book discusses issues which are of interest to many believers today whose knowledge about matters of religion has not kept pace with their knowledge of the secular disciplines Resourcing Hope for Ageing and Dying in a Broken World Ashley Moyse,2022-09-06 For those captive to the broken world of late modernity wherein ageing and dying persons become

vulnerable to despair this book offers a diagnostic of such despair It also resources the practices of a realistic humanising hope that might enable a strength for person to journey with and for others together through such despair Thus by addressing the aetiology of despair experienced by people confronting ageing frailty and dying and drawing upon the writings of Gabriel Marcel among others Ashley Moyse reveals the problematic life of a broken world with its functionalising metaphors instrumentalising reasoning and objectifying desires that offer no hope at all It is a broken world where despair generates behaviours that anticipate suicide or other often tragic outcomes that impede or greatly curtail or even completely inhibit human flourishing Resisting despair but living through it Moyse presents the activity of the moral life demonstrating a way persons might be resourced through an intersubjective and reflective pedagogy with its habits or practices that enable a humanising hope liberating human beings to become those readied to confront the actualities of human living and dying and encouraged to grow and develop as wayfarers hopefully *Philosophical Anthropology* Jose Angel Lombo, Francesco

Russo, Midwest Theological Forum, 2020-06-26 This text written by professors of philosophy at the Pontifical University of the Holy Cross and the University of Trieste examines the nature of the human person the human condition and what it means to be truly human Drawing from classical as well as modern philosophy and science they present a comprehensive and fascinating reflection on human existence especially characterized by the use of freedom *Discerning Critical Hope in Educational Practices* Vivienne Bozalek, Brenda Leibowitz, Ronelle Carolissen, Megan Boler, 2013-12-04 How can discerning critical hope enable us to develop innovative forms of teaching learning and social practices that begin to address issues of marginalization privilege and access across different contexts At this millennial point in history questions of cynicism despair and hope arise at every turn especially within areas of research into social justice and the struggle for transformation in education While a sense of fatalism and despair is easily recognizable establishing compelling bases for hope is more difficult This book addresses the absence of sustained analyses of hope that simultaneously recognize the hard edges of why we despair The volume posits the notion of critical hope not only as conceptual and theoretical but also as an action oriented response to despair Our notion of critical hope is used in two ways it is used firstly as a unitary concept which cannot be disaggregated into either hopefulness or criticality and secondly as an analytical concept where critical hope is engaged and diversely theorized in ways that recognize aspects of individual and collective directions of critical hope The book is divided into four sub sections Critical Hope in Education Critical Hope and a Critique of Neoliberalism Critical Race Theory Postcolonial Perspectives on Critical Hope Philosophical Overviews of Critical Hope Education can be a purveyor of critical hope but it also requires critical hope so that it as a sector itself can be transformative With contributions from international experts in the field the book will be of value to all academics and practitioners working in the field of education

Understanding Prayer for the Dead James B Gould, 2017-08-31 Throughout history Christians have prayed for the dead both for continual growth of the faithful and for their advancement from purgatory and sometimes even for the deliverance of

the unsaved from hell Understanding Prayer for the Dead defends all three kinds of prayer It challenges Protestants who seldom pray for the dead to begin doing so and Roman Catholics and Eastern Orthodox who pray only for the Christian dead to include the unsaved as well James B Gould addresses the biblical credentials of prayer for the dead and provides a historical overview of such prayers from ancient Christianity to the current practice of the three main branches of the Church He also discusses the logical assumptions prayer for the dead requires that prayer is effective that the dead are conscious and that the afterlife involves change and lays out a theological framework for such prayers Prayer for the departed raises the most basic of theological questions matters that go to the centre of God s purpose in creating spiritual beings and redeeming sinful humankind The argument while revisionary in some respects is orthodox ecumenical and integrative engaging a range of academic disciplines so as to be biblically accurate historically informed and philosophically reasoned
