

A Philosophy *of* Political Myth

CHIARA BOTTICI

CAMBRIDGE

A Philosophy Of Political Myth

Ian Adams

A Philosophy Of Political Myth:

A Philosophy of Political Myth Chiara Bottici, 2007-07-09 In this book originally published in 2007 Chiara Bottici argues for a philosophical understanding of political myth Bottici demonstrates that myth is a process one of continuous work on a basic narrative pattern that responds to a need for significance Human beings need meaning in order to master the world they live in but they also need significance in order to live in a world that is less indifferent to them This is particularly true in the realm of politics Political myths are narratives through which we orient ourselves and act and feel about our political world Bottici shows that in order to come to terms with contemporary phenomena such as the clash between civilizations we need a Copernican revolution in political philosophy If we want to save reason we need to look at it from the standpoint of myth

A Philosophy of Myth Chiara Bottici, 2014-05-14 In this book Chiara Bottici argues for a philosophical understanding of political myth Bottici shows that myth is a process one of continuous work on a basic narrative pattern that responds to a need for significance Human beings need meaning in order to master the world they live in but they also need significance in order to live in a world that is less indifferent to them This is particularly true in the realm of politics Political myths are narratives through which we orient ourselves and act and feel about our political world Bottici shows that in order to come to terms with contemporary phenomena such as the clash between civilizations we need a Copernican revolution in political philosophy If we want to save reason we need to look at it from the standpoint of myth

Plato and the Mythic Tradition in Political Thought Tae-Yeoun Keum, 2020-12-08 Winner of the Gustave O Arlt Award in the Humanities Winner of the Istvan Hont Book Prize An ambitious reinterpretation and defense of Plato's basic enterprise and influence arguing that the power of his myths was central to the founding of philosophical rationalism Plato's use of myths the Myth of Metals the Myth of Er sits uneasily with his canonical reputation as the inventor of rational philosophy Since the Enlightenment interpreters like Hegel have sought to resolve this tension by treating Plato's myths as mere regrettable embellishments irrelevant to his main enterprise Others such as Karl Popper have railed against the deceptive power of myth concluding that a tradition built on Platonic foundations can be neither rational nor desirable Tae Yeoun Keum challenges the premise underlying both of these positions She argues that myth is neither irrelevant nor inimical to the ideal of rational progress She tracks the influence of Plato's dialogues through the early modern period and on to the twentieth century showing how pivotal figures in the history of political thought More Bacon Leibniz the German Idealists Cassirer and others have been inspired by Plato's mythmaking She finds that Plato's followers perennially raised the possibility that there is a vital role for myth in rational political thinking

[The Roots of American Individualism](#) Alex Zakaras, 2024-08-20 A panoramic history of American individualism from its nineteenth century origins to today's bitterly divided politics Individualism is a defining feature of American public life Its influence is pervasive today with liberals and conservatives alike promising to expand personal freedom and defend individual rights against unwanted intrusion be it from big government big corporations or

intolerant majorities The Roots of American Individualism traces the origins of individualist ideas to the turbulent political controversies of the Jacksonian era 1820 1850 and explores their enduring influence on American politics and culture Alex Zakaras plunges readers into the spirited and rancorous political debates of Andrew Jackson s America drawing on the stump speeches newspaper editorials magazine articles and sermons that captivated mass audiences and shaped partisan identities He shows how these debates popularized three powerful myths that celebrated the young nation as an exceptional land of liberty the myth of the independent proprietor the myth of the rights bearer and the myth of the self made man The Roots of American Individualism reveals how generations of politicians pundits and provocateurs have invoked these myths for competing political purposes Time and again the myths were used to determine who would enjoy equal rights and freedoms and who would not They also conjured up heavily idealized apolitical visions of social harmony and boundless opportunity typically centered on the free market that have distorted American political thought to this day *Classical Rationalism and the Politics of Europe* Ann Ward,2018-01-23 Dramatic changes have occurred in Europe in the past quarter century The fall of communism and the expansion of liberal democracy together with the desire to project a new Europa that is united peaceful and prosperous into the future illustrate that political philosophy is what grounds European political discourse and identity Thus an understanding of Europe s political past and potential future directs us to the question What is political philosophy An exploration of the question of political philosophy points us back to Socrates widely regarded as the first political philosopher or the first philosopher to make human beings central to philosophic inquiry Scholars such as Thomas Pangle suggest that a revival of the study of Socratic political philosophy will revive serious consideration of the questions of justice or how one ought to live and demonstrate that classical rationalism is the essential dialectical partner and interrogator of the political theology of Scripture scripture s Classical rationalism in this context is understood as a necessary alternative to modern liberalism inadequate to the task of taking questions of justice seriously as it insists on regarding all religious claims and understandings of virtue as private preferences rather than definitive of the public sphere and contemporary postmodernism which has abandoned rationalism altogether by rejecting any truth claims not understood as relative This volume explores Socratic rationalism the major alternatives to it in the history of political philosophy the potential impact of returning to it in contemporary times and related themes It takes a multifaceted approach with contributions from scholars in the fields of philosophy and political science *Political Myth* Christopher Flood,2013-12-02 First Published in 2002 Myth theorists characterize myths as stories that possess the status of sacred truth within one or more social groups Flood discusses how political myth is an ideologically marked narrative that purports to give a true account of a set of past present or predicted political events widely accepted as valid in its essentials Among the topics explored are the historical line of political myth in nineteenth and twentieth century Western political discourse the characteristics of political myths and the forms they take in political life and the ends they serve and the features of political

ideologies that are most useful for understanding the nature of political myth

Political Myth Roland Boer, 2009-03-25 A scholar of biblical studies and cultural theory develops a political myth for the Left based on foundational stories in the Bible's first six books from Genesis through Joshua

Encyclopedia of Political Theory Mark Bevir, 2010-03-18 Looking at the roots of contemporary political theory this three volume set examines the global landscape of all the key theories and the theorists behind them and provides concise to the point definitions of key concepts ideas schools and figures

Myths and Mythical Spaces Claudia Lichnofsky, Enriketa Pandelejmoni, Darko Stojanov, 2017-12-04 This volume addresses textbooks written in the Albanian language and in use in Albania Kosovo Macedonia and Serbia Political myths and mythical spaces play a key role in shaping processes of identity building concepts of self and other and ideas pertaining to the location of the self and nation within a post conflict context The Albanian case is particularly interesting because the majority of Albanians live outside the borders of Albania despite the existence of the nation state which gives rise to fascinating complexities regarding the shaping of national identities and myths surrounding concepts of self and other What textbooks teach is always of political interest as they represent society's intentions for its next generation This renders identity building processes via textbooks in this context a particularly fascinating topic for research here examined through the lens of myths and mythical spaces

The Emergence of Globalism Or Rosenboim, 2017-03-28 How competing visions of world order in the 1940s gave rise to the modern concept of globalism During and after the Second World War public intellectuals in Britain and the United States grappled with concerns about the future of democracy the prospects of liberty and the decline of the imperial system Without using the term globalization they identified a shift toward technological economic cultural and political interconnectedness and developed a globalist ideology to reflect this new postwar reality The Emergence of Globalism examines the competing visions of world order that shaped these debates and led to the development of globalism as a modern political concept Shedding critical light on this neglected chapter in the history of political thought Or Rosenboim describes how a transnational network of globalist thinkers emerged from the traumas of war and expatriation in the 1940s and how their ideas drew widely from political philosophy geopolitics economics imperial thought constitutional law theology and philosophy of science She presents compelling portraits of Raymond Aron Owen Lattimore Lionel Robbins Barbara Wootton Friedrich Hayek Lionel Curtis Richard McKeon Michael Polanyi Lewis Mumford Jacques Maritain Reinhold Niebuhr H G Wells and others Rosenboim shows how the globalist debate they embarked on sought to balance the tensions between a growing recognition of pluralism on the one hand and an appreciation of the unity of humankind on the other An engaging look at the ideas that have shaped today's world The Emergence of Globalism is a major work of intellectual history that is certain to fundamentally transform our understanding of the globalist ideal and its origins

The Myth of the Clash of Civilizations Chiara Bottici, Benoît Challand, 2013-01-11 While globalization unifies the world divisions re emerge within it in the form of a spectacular separation between Islam and the West How can it be that Huntington's contested idea of a clash of

civilizations became such a powerful political myth through which so many people look at the world Bottici and Challand disentangle such a process of myth making both in the West and in Muslim majority countries and call for a renewed critical attitude towards it By analysing a process of elaboration of this myth that took place in academic books arts and media comics and Hollywood films they show that the clash of civilizations has become a cognitive scheme through which people look at the world a practical image on the basis of which they act on it as well as a drama which mobilizes passions and emotions Written in a concise and accessible way this book is a timely and valuable contribution to the academic literature and more generally to the public debate As such it will be an important reference for scholars and students of political science sociology philosophy cultural studies Middle Eastern politics and Islam *The Philosophy of Ernst Cassirer* J Tyler Friedman, Sebastian Luft, 2015-06-16 This volume brings Cassirer's work into the arena of contemporary debates both within and outside of philosophy All articles offer a fresh and contemporary look at one of the most prolific and important philosophers of the 20th century The papers are authored by a wide array of scholars working in different areas such as epistemology philosophy of culture sociology psychopathology philosophy of science and aesthetics **The European Union in Search of Narratives** François Foret, 2024-12-31 This book examines the legitimization of the European Union through the development and rapid rotation of narratives aiming to convey its identity and purpose Utilizing literature and data across a wide range of interdisciplinary areas rarely studied together the book argues that three narratives have been dominant over the last 20 years Europe of rights Europe of values and a European way of life It presents both theoretical and empirical research on the transformation of political domination collective identities and EU legitimization and analyses various crises linked to socio economic security identity and normative issues such as terrorism and radicalization pandemics and morality politics It finds that European narratives express lower ambitions on charismatic community building are constantly expanding to new domains and are increasingly framed as being in a situation of existential threat which may increase democratic tensions and give rise to a populist backlash This book will be of interest to students and scholars of European integration European Parliament legitimization studies political communication and to comparative politics and political sociology Thinking Through Myths Kevin Schilbrack, 2003-09-02 Embracing a radical balance between myths illusory and functional status these eight outstanding essays from leading academics deconstruct problems of rationality imagination and narrative to trace the influence of myth in our own beliefs **Hans Blumenberg** Xander Kirke, 2018-11-02 This book investigates the writings of German intellectual historian and philosopher Hans Blumenberg While Blumenberg was not an explicitly political thinker and remains relatively under explored in Anglophone academia this project demonstrates that his work makes a valuable contribution to political science The author considers the intellectual contributions Blumenberg makes to a variety of themes focusing primarily on myth Rather than seeing myths in a pejorative sense as primitive modes of thought that have been overcome Blumenberg reveals that myths are crucial to dealing with the

existential anxieties we face When we trace his thought as it developed throughout his life we find a rich source of philosophical insights that could enhance our understandings of politics today **The Logic of Political Belief** Ian Adams, 1989-01-01 What is ideology and what is the scope of its influence Are all political doctrines ideological Is there such a thing as a non political ideology Can these questions be answered conclusively and if so by what means Different conceptions and theories of ideology offer a variety of contradictory answers resulting in general muddle and confusion This powerful and original book argues that philosophy alone can give clear and decisive answers to such questions Its rigorous logical analysis reveals ideology to be a distinctive form of thought with its own particular vocabulary and structure It is these logical features that define ideology and not any allegedly necessary connection with social class or fanaticism or even politics What ideology does necessarily connect with is human action and its moral justification Understanding the nature of ideological belief goes to the heart of the relationship between theory and practice and consequently to the way in which human beings understand themselves The Logic of Political Belief is essential reading for those concerned with political theory moral philosophy and the social sciences in general Its outstanding clarity and force of argument will also commend it to all those with an interest in wider political social and human issues Contents Chapter One Ideology and Confusion Ideology and Political Theory Ideology and Political Science Ideology and Philosophy Chapter Two Understanding Knowledge and Ideological Concepts Forms of Understanding and Kinds of Knowledge Practice and Theory The Vocabulary of Political Belief Chapter Three Ideology Science and Theory Ideology as Bad Science Karl Popper Science as Ideology Thomas Kuhn The Nature of Ideological Theory Chapter Four Ideology and Ethics The Nature of Ordinary Morality Morality and Ethical Belief Ideology and Religion Chapter Five Human Nature and the Structure of Ideology Ideological and Non Ideological Conceptions of Man The Structure *Buddhist-Muslim Relations in a Theravada World* Iselin Frydenlund, Michael Jerryson, 2020-02-28 This book is the first to critically analyze Buddhist Muslim relations in Theravada Buddhist majority states in South and Southeast Asia Asia is home to the largest population of Buddhists and Muslims In recent years this interfaith communal living has incurred conflicts such as the ethnic religious conflicts in Myanmar Sri Lanka and Thailand Experts from around the world collaborate to provide a comprehensive look into religious pluralism and religious violence The book is divided into two sections The first section provides historical background to the three countries with the largest Buddhist Muslim relations The second section has chapters that focus on specific encounters between Buddhists and Muslims which includes anti Buddhist sentiments in Bangladesh the role of gender in Muslim Buddhist relations and the rise of anti Muslim and anti Rohingya sentiments in Myanmar By exploring historical fluctuations over time paying particular attention to how state formations condition Muslim Buddhist entanglements the book shows the processual and relational aspects of religious identity constructions and Buddhist Muslim interactions in Theravada Buddhist majority states

Political Myth-making, Nationalist Resistance and Populist Performance Mark Nartey, 2022-11-30 Using the socio political

discourse of Kwame Nkrumah a pioneering Pan Africanist and Ghana's independence leader Nartey investigates the notion of political myth making in a context underexplored in the literature He examines Nkrumah's construction of a myth described in the book as the Unite or Perish myth i e the idea of a United States of Africa being a prerequisite for the survival of Africa in the post independence period exploring the rhetorical resources he deployed categorizing and analyzing key tropes and metaphors and setting out the myth's basic components This book focuses on three areas an investigation of political myth making as a social and discursive practice in order to identify particular semiotic practices and linguistic patterns deployed in the construction of mythic discourse the unpacking of the discursive manifestation representation features and functions of political mythic themes and finally to propose and implement an integrated discourse analytical framework to account for the complexities of mythic discourse and political narratives in general It analyzes how Nkrumah deployed his discourse to concurrently construct heroes and villains protagonists and antagonists as part of an ideological mechanism aimed at galvanizing support for and instigating action on the part of the masses towards his lifelong African dream Nartey's book steps out from the conventional domain of critical discourse studies to focus on myth as a form of populist performance It will be of interest to postgraduate students and academics in critical discourse studies rhetorical discourse analysis African and Diaspora studies and African history as well as non academics such as journalists political commentators and people who consider themselves to be Nkrumaists and Pan Africanists

The Dilemmas of Politics Jerzy Hauptmann, 1957 *Law, State and Religion in the New Europe* Lorenzo Zucca, Camil Ungureanu, 2012-01-19 The return of religion to the public sphere raises various dilemmas Rights and values pluralism and identity justice and efficacy autonomy and tradition and integration and toleration cannot always be balanced without the loss of something valuable This volume of essays tackles such dilemmas from two perspectives To begin major contemporary theorists rethink the place of religion in the public sphere from republican liberal and critical theoretical viewpoints Contributors then bring together theory and practice to better conceptualize and assess the latest developments in European jurisprudence with respect to religion

Right here, we have countless ebook **A Philosophy Of Political Myth** and collections to check out. We additionally have enough money variant types and next type of the books to browse. A Philosophy Of Political Myth Introduction

In today's digital age, the availability of A Philosophy Of Political Myth books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of A Philosophy Of Political Myth books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of A Philosophy Of Political Myth books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing A Philosophy Of Political Myth versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, A Philosophy Of Political Myth books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing A Philosophy Of Political Myth books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for A Philosophy Of Political Myth books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These

libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, A Philosophy Of Political Myth books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of A Philosophy Of Political Myth books and manuals for download and embark on your journey of knowledge?

FAQs About A Philosophy Of Political Myth Books

What is a A Philosophy Of Political Myth PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a A Philosophy Of Political Myth PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a A Philosophy Of Political Myth PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a A Philosophy Of Political Myth PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a A Philosophy Of Political Myth PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or

desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
