[The Hitler Myths](#) Sjoerd J. de Boer, 2022-05-05 Adolf Hitler remains one of the most discussed figures in world history Every year an untold number of articles and books are published and television programs and internet pages are produced by respected historians through to amateur conspiracy theorists One of the consequences of this continuous flow of stories is that over time increasing numbers of falsehoods and fabrications have emerged about Hitler Many of these have subsequently gained credence by virtue of their constant repetition however bizarre they may be These include such claims that Hitler was impotent contradicted by another myth that he had an illegitimate son that he had Jewish ancestors or that he had killed his niece Another claim one of the most persistent is that he did not commit suicide but escaped Berlin to live in Argentina for years after the war despite his well recorded failing health What is the truth about his corpse his sexual experiences his years of poverty his complete dominance of his subordinates How much of what we think we know is the result of intentional or misunderstood modern interpretations Many rumours also circulated during Hitler s life and with the passage of time have been presented as facts despite having no substantial foundation Was Hitler really a hero of the First World War and if so why was he not promoted beyond the rank of corporal Was he the true author of Mein Kampf and did he write a second book that was never published and was Hitler initially a socialist In The Hitler Myths the author clinically dissects many of these myths often in a highly amusing fashion as he exposes the inaccuracies and impossibilities of the

stories The myths the familiar and the obscure are discussed chronologically following the course of Hitler s life In his analysis of each of the myths the author draws on an array of sources to prove or disprove the rumours and speculations once and for all

Britain's Plot to Kill Hitler Eric Lee,2022-04-21 Operation Foxley was the name of the secret plan supported by Winston Churchill to assassinate Hitler in 1944 45 More than 75 years after its conception the assassination plan remains shrouded in mystery Eric Lee s new book is the product of painstaking research and sheds more light on this plan Lee also asks what would have happened if Foxley had been executed successfully Concocted in 1944 by the British Special Operations Executive SOE Foxley s objective was to kill Hitler and any high ranking Nazis or members of the Fuhrer s entourage who might have been present at the time Different methods of assassination had been considered by the SOE but were ultimately deemed too complicated These methods included derailment and destruction of the Hitler s personal train the Fuhrerzug by explosives and also clandestine means such as slipping a tasteless poison into Hitler s drinking and cooking water Some of the ideas were considered quite bizarre including one scheme to hypnotise Rudolf Hess and return him to Germany to kill Nazi leaders The Americans and Soviets had their own plans to kill Hitler too with some equally strange ideas including injecting female hormones into the Fuhrer s vegetables Eventually after intel gathered revealed that Hitler took a routine solitary walk every morning to the Teehaus on the Mooslahnerkopf Hill from the Berghof residence a plan was created to assassinate Hitler using a sniper rifle fitted with a silencer A perfect investigation for readers who enjoy reading about modern historyl and the Second World War in particular It is also tailored to those with an interest in the secret war covering topics like the SOE and military intelligence

Aspergic personality and postmodern philosophy combined to enable both his personal political success and then the nature of the regime that he constructed Hitler himself was clearly not a normal human being genius and exceptional in some areas his Asperger s enabled him to single mindedly pursue personal and political power Nietzsche s crystallisation of the previous century and a half of German idealism in a rigorous moral and cultural nihilism was reified and rolled out with Weberian bureaucratic and Prussian militaristic efficiency The post modern state created did not rest on history religious or cultural traditions Ideology was shaped instrumentally in order to yield the maximal amount of the only currency that survives the caustic deconstruction of postmodernism namely power itself How British Intelligence Plotted to Read Hitler's Mind

James Parris,2021-06-01 In the darkest days of the Second World War as Europe fell under Nazi domination and Britain faced invasion Louis de Wohl a 36 year old refugee from Germany made a curious offer to British Intelligence Based on the widely held belief that Hitler s every action was guided by his horoscope de Wohl claimed he could reveal precisely what advice the F hrer s astrologers were giving him Rather than dismissing de Wohl out of hand as a crank senior intelligence officers and chiefs of staff of the three armed services took him at his word De Wohl was made an army captain and quartered in the Grosvenor House Hotel from where his one man Psychological Research Bureau passed astrological readings and assessments to the War Office before his deployment to the United States by the highly secret Special Operations Executive on a propaganda mission Was it possible that Military and Naval intelligence officers could take the ancient and arcane practice of astrology seriously Was de Wohl genuine or merely a charlatan Did his astrological readings contribute to the downfall of Hitler and Nazi Germany In How British Intelligence Plotted to Read Hitler s Mind the first fulllength study of Louis de Wohl James Parris examines the evidence including material from MI5 Military and Naval Intelligence files at the National Archives and reaches remarkable conclusions about this bizarre aspect of the Second World War **Guide to the National Archives of the United States** United States. John Friel, Ph.D.,2012-05 In this illuminating book the Friels explain that power without graciousness results in bullying and nastiness Graciousness without power results in being a doormat However power tempered with graciousness elevates us beyond our purely animalistic selves it produces competence gratitude humility and effectiveness attributes that are sorely lacking in today s world where entitlement narcissism and incivility reign supreme By learning how to find and balance this power zone between victim and perpetrator anyone can stop dysfunctional patterns of behavior and ignite positive change In fact the Friels show how even one very small change held firmly for six to twelve months can cause more system wide change than anything else you can do Over the past twenty seven years their Clearlife Clinic Program has helped more than 6 000 people identify and change ingrained patterns of behavior beliefs and feelings Publisher description La mente di Adolf Hitler Saggi | Politica,2013-12-13 Hitler era molto diverso da come si mostrava Coabitavano in lui due persone opposte L una dolce sentimentale e indecisa con scarsa attitudine al comando l altra

dura crudele e impositiva pronta ad andare avanti indipendentemente dai costi Era il primo Hitler che piangeva copiosamente per la morte del suo canarino e il secondo che urlava ai raduni Le teste rotoleranno Il primo che non se la sentiva di scaricare un assistente e il secondo che poteva ordinare l'assassinio di centinaia tra i suoi migliori amici e dire con grande convinzione Non ci sarà pace nel paese fino a quando un corpo non penderà da ogni palo della luce Mentre il primo Hitler passava le sue serate a guardare film o ad andare ai cabaret era il secondo che poteva lavorare per giorni e giorni con poco sonno o senza dormire per fare progetti che avrebbero influenzato il destino delle nazioni Era il primo Hitler che indulgeva in rapporti incestuosi con sua nipote e nella coprofagia che amava lasciarsi prendere a calci dalle sue amanti ballerine e che aveva subito una vessatoria autorità paterna sviluppando un complesso edipico che era stato vagabondo e misero a Vienna privo di ogni scopo rifiutato dall'Accademia d'Arte e simpatizzante di omosessuali ed ebrei Ed era stato sempre il primo Hitler che da soldato si era sottomesso ai suoi ufficiali a tal punto da offrirsi di lavare i loro panni Questo Hitler aveva bisogno di una trasformazione per apparire il Führer Come Führer poteva affrontare i problemi più importanti e ridurli subito ai minimi termini tracciare campagne essere il giudice supremo trattare con i diplomatici ignorare tutti i principi etici e morali e ordinare esecuzioni o la distruzione delle città senza la minima esitazione Ed essere anche di ottimo umore mentre lo faceva Ma il Führer era un artificio una concezione grossolanamente esagerata e distorta della mascolinità come Hitler la concepiva una formazione reattiva che era stata creata inconsciamente a titolo di risarcimento e copertura per occultare nel fondo le tendenze che egli disprezzava Hitler in realtà era un insieme di paure Nel 1943 allo psicanalista Walter C. Langer fu commissionato uno studio sulla personalità di Hitler dai servizi segreti americani La relazione era destinata a far luce sul carattere difficile da prevedere del leader tedesco La ricerca restò top secret fino al 1968 e quattro anni dopo quando una casa editrice di New York la pubblicò in un libro divenne un best seller Oggi considerata un classico della psicologia politica Langer si servì di tutto il materiale in circolazione su Adolf Hitler e intervistò conoscenti e amici intimi del dittatore il suo medico di famiglia suo nipote ex collaboratori ed ex gerarchi nazisti Realizzò la prima profilazione criminale di un politico vivente e fornì un quadro abbastanza completo di Hitler come psicotico e schizofrenico Predispose tra l'altro il suo suicidio analizzò le sue abitudini la vita sessuale l'infanzia l'ambiente familiare ogni aspetto della sua vita presente e passata Trattò brevemente la possibilità che fosse di origine ebraica passò in rassegna la formazione scolastica gli scritti e le letture la capacità di concentrazione la sensibilità al rumore la capacità di silenzio la conversazione e l'oratoria la condizione fisica e l'aspetto personale la pulizia la resistenza la voce la malattia il sonno la dieta il consumo di alcool il fumo la protezione personale Ma anche la sua vita sessuale e ancora le tecniche spettacolaristiche di preparazione dei suoi raduni l'uso della propaganda le relazioni interpersonali formali e affettive Ma il rapporto di Langer cercò soprattutto di delineare sulla base di tutte queste informazioni quale comportamento Hitler avrebbe potuto tenere nell'immediato futuro Langer teorizzò che Hitler sarebbe diventato sempre più nevrotico man mano che le sorti della guerra gli si sarebbero rivoltate contro Le sue collere sarebbero

state pi frequenti e intense Hitler avrebbe fatto meno apparizioni pubbliche e sarebbe diventato sempre pi solitario Aspettandosi la completa distruzione della Germania avrebbe ordinato una politica di terra bruciata e infine si sarebbe ucciso Con piglio profetico alla fine della relazione l'autore concludeva In ogni caso la sua condizione mentale continuer a peggiorare Egli combatter con qualsiasi arma o tecnica che pu essere evocata per risolvere l'emergenza Il corso che seguir sar quasi certamente quello che gli sembrer essere la strada pi sicura per l'immortalit e al tempo stesso per trascinare il mondo in fiamme
