A Nation Of Counterfeiters A Nation Of Counterfeiters:

A Nation of Counterfeiters Stephen Mihm, 2007-09-15 Listen to a short interview with Stephen Mihm Host Chris Gondek Producer Heron Crane Few of us question the slips of green paper that come and go in our purses pockets and wallets Yet confidence in the money supply is a recent phenomenon prior to the Civil War the United States did not have a single national currency Instead countless banks issued paper money in a bewildering variety of denominations and designs more than ten thousand different kinds by 1860 Counterfeiters flourished amid this anarchy putting vast quantities of bogus bills into circulation Their success Stephen Mihm reveals is more than an entertaining tale of criminal enterprise it is the story of the rise of a country defined by a freewheeling brand of capitalism over which the federal government exercised little control It was an era when responsibility for the country's currency remained in the hands of capitalists for whom making money was as much a literal as a figurative undertaking Mihm's witty tale brims with colorful characters shady bankers corrupt cops charismatic criminals and brilliant engravers Based on prodigious research it ranges far and wide from New York City's criminal underworld to the gold fields of California and the battlefields of the Civil War We learn how the federal government issued greenbacks for the first time and began dismantling the older monetary system and the counterfeit economy it sustained A Nation of Counterfeiters is a trailblazing work of history one that casts the country's capitalist roots in a startling new light Readers will recognize the same get rich quick spirit that lives on in the speculative bubbles and confidence games of the twenty first century

A Nation of Counterfeiters Stephen Mihm, 2009-06-30 Prior to the Civil War the United States did not have a single national currency Counterfeiters flourished amid this anarchy putting vast quantities of bogus bills into circulation Their success Mihm reveals is more than an entertaining tale of criminal enterprise it is the story of the rise of a country defined by freewheeling capitalism and little government control Mihm shows how eventually the older monetary system was dismantled along with the counterfeit economy it sustained

Maroon Nation Johnhenry Gonzalez, 2019-06-25 A new history of post Revolutionary Haiti and the society that emerged in the aftermath of the world's most successful slave revolution Haiti is widely recognized as the only state born out of a successful slave revolt but the country's early history remains scarcely understood In this deeply researched and original volume Johnhenry Gonzalez weaves a history of early independent Haiti focused on crop production land reform and the unauthorized rural settlements devised by former slaves of the colonial plantation system Analyzing the country's turbulent transition from the most profitable and exploitative slave colony of the eighteenth century to a relatively free society of small farmers Gonzalez narrates the origins of institutions such as informal open air

marketplaces and rural agrarian compounds known as lakou Drawing on seldom studied primary sources to contribute to a growing body of early Haitian scholarship he argues that Haiti s legacy of runaway communities and land conflict was as formative as the Haitian Revolution in developing the country s characteristic agrarian mercantile and religious institutions

Faked in China Fan Yang,2015-11-15 Faked in China is a critical account of the cultural challenge faced by China following its accession to the World Trade Organization in 2001 It traces the interactions between nation branding and counterfeit culture two manifestations of the globalizing Intellectual Property Rights IPR regime that give rise to competing visions for the nation Nation branding is a state sanctioned policy captured by the slogan From Made in China to Created in China which aims to transform China from a manufacturer of foreign goods into a nation that creates its own IPR eligible brands Counterfeit culture is the transnational making selling and buying of unauthorized products This cultural dilemma of the postsocialist state demonstrates the unequal relations of power that persist in contemporary globalization Federal Statutes Annotated United States,1918 *The Nation* ,2008 Congressional Record United States.
