**History, and of Chemistry** comte Antoine-François de Fourcroy,1788 Tracing the Origins of Wine in the Ancient Mediterranean Luke Gorton,2025-09-08 This book examines the origins and spread of wine from its earliest beginnings until the time of the Roman Empire with a special focus on heretofore underexamined lines of evidence Building upon the extraordinary body of research conducted within the past thirty plus years on the origins and spread of wine as described by material evidence particularly evidence gleaned from palaeobotanical and biomolecular approaches this book expands upon that research by closely examining ancient literary and linguistic evidence By carefully considering varying types of evidence a fuller narrative of the spread of wine and wine culture is created than has been achieved previously First literary testimony from extant ancient cultures is examined to ascertain early narratives about the origins and spread of wine Next linguistic evidence particularly an analysis of the history of the wine word found across the Mediterranean and ancient Near East is considered in order to further understand issues of timing and agency related to the spread of wine in antiquity Finally the testimony of these lines of evidence is synthesized with current perspectives from other fields in order to paint a cohesive picture of not just how and when wine and its culture spread but also which groups played a key role This book is for researchers in archaeology ancient history and historical linguistics interested in the rapidly growing research on ancient wine

Elements of natural history, and of chemistry: being the second edition of the elementary lectures on those sciences ... enlarged and improved by the author ... Translated into English, with ... notes; and an historical preface by the translator [W. Nicholson]. Antoine François de FOURCROY (Count.),1788 *The History and Natural History of Spices* Ian

Anderson,2023-08-24 A tale of kings and conquests and high sea adventures A must read for those interested in the history of spices Shrabani Basu author of Victoria and Abdul and Curry The Biography of the Nation s Favourite Dish Humans have crossed the oceans and traversed the unknown in search of spice and flavour for thousands of years Mustard has been found at Neolithic sites in Iran Germany and Denmark the Romans love affair with black pepper was insatiable pepper saffron cinnamon ginger galangal and grains of paradise were ordered in large quantities for Richard III s coronation feast and vanilla was credited as helping 342 eighteenth century men become astonishing lovers Although the Romans had imported black pepper and Eastern spices had trickled through to the West for centuries it was only after Vasco da Gama rounded the

Cape that huge quantities of spices were brought back from India and the Far East starting vicious trade wars between the Portuguese Dutch and English as they established their colonial empires Spices came from the West too when Columbus reached the Americas in the fifteenth century he brought back chilies to Europe and from there they spread rapidly across the globe The History and Natural History of Spices looks at spices from both a botanical and historical perspective from their uses and classification to their influence on trade war and global events Both comprehensive and entertaining it is the story of how our passion for spices helped to change the world

**The British Cyclopaedia of the Arts, Sciences, History, Geography, Literature, Natural History, and Biography ...** Charles Frederick Partington,1838 **Elements of Chemistry and Natural History** comte Antoine-François de Fourcroy,1798 **Southern Africa. A Geography and Natural History of the Country, Colonies, and Inhabitants from the Cape of Good Hope to Angola. Together with Notices of Their Origins, Manners, Habits, Customs, Traditions, Superstitions, Religious Usages, Languages, Past and Present Conditions, Manufactures, Weapons, &c. &c. &c** Francis Fleming (M.A.),1856 Natural History and Natural Resources through the Earth Sciences in Modern China after 1900 Markes Johnson,2024-10-03 This book provides an overview of major changes in mainland China since the start of the modern era in 1900 as leaders grappled with how to harness natural resources requiring equal development in the pure and applied sciences based on fundamentals in geology On one hand China was put on the global stage with discovery of Peking Man fossils in the 1920s but has continued to win global acclaim for more recent discoveries of feathered dinosaurs and the earliest examples of metazoan life At the same time China struggled against outside exploitation to take full control of its own mineral and oil reserves which today are increasingly imported from abroad to maintain oil and steel production through the Belt and Road initiative The book concludes with a a discussion of what the Chinese Dream may mean in comparison to what many in the United States consider as a birthright with the American Dream

**Terroir and Other Myths of Winegrowing** Mark A. Matthews,2016-03-15 Matthews brings a scientist s skepticism and scrutiny to widely held ideas and beliefs about viticulture often promulgated by people who have not tried to grow grapes for a living and subjects them to critical examination Is terroir primarily a marketing ploy that obscures our understanding of which environments really produce the best wine Can grapevines that yield a high berry crop generate wines of high quality What does it mean to have vines that are balanced or grapes that are fully mature Do biodynamic practices violate biological principles These and other questions will be addressed in a book that could alternatively be titled in homage to a PUP bestseller On Wine Bullshit Provided by publisher

The Spirituality of Wine Gisela H. Kreglinger ,2016 Wine serves an important role both in Scripture and in the Christian church but its significance has received relatively little theological attention in modern times This book fills that gap Viewing wine as a gift of God s created bounty and as a special symbol used pervasively throughout Scripture Kreglinger canvasses the history of wine in the church particularly its use in the Lord s Supper discusses the fascinating process of winemaking

and considers both the health benefits of wine and the dangers of alcohol abuse Offering a vision of the Christian life that sees God in all things including the work of a vintner and the enjoyment of a well crafted glass of wine Wine and Culture Rachel E. Black,Robert C. Ulin,2013-08-29 This collection of essays by leading scholars explores the cultural social and historical issues which inform the production and consumption of wine It covers the latest ethnography theoretical and ethnohistorical research on wine throughout the globe **The Literary Gazette and Journal of Belles Lettres, Arts, Sciences ,1822** **The London Literary Gazette and Journal of Belles Lettres, Arts, Sciences, Etc ,1823** **The Multiple Natural Origins of Religion** Richard Clark,2006 This book traces how religion could have originated in prehistory and antiquity out of natural human and prehuman behaviour Religion is defined here as beliefs conceptions practices and roles concerned with the supernatural A variety of elements of religion can be identified These include spirits ghosts life after death heaven shamans To try to reduce religion to a single original element is a mistake There may be no single origin But the individual elements have separate origins and these can be traced The common subjective component of religious elements is the numinous which is commonly ascribed to external sources identified as supernatural and spiritual The numinous sense is explained by means of certain neural processes with a focus in the temporal lobes Probably for the first time evidence is brought to bear from primatology palaeoanthropology ethnography ancient history and history of religions as well as theology neurology and psycho pharmacology The field of origins of religion has been neglected by anthropology since the 1930s but has enjoyed renewed interest from the 1990s This wide ranging interdisciplinary book makes an important contribution to the field *The Oxford Companion to Wine* Julia Harding MW,Jancis Robinson OBE MW,Tara Q. Thomas,2023-08-15 Everything you could possibly want to know about wine in one fully up to date A Z volume The Oxford Companion to Wine is a uniquely comprehensive and in depth A Z reference book on every aspect of wine more than 4 000 entries covering topics from history through geography geology soil science viticulture winemaking packaging academia technology and regulations to people and places tasting writing and the language of wine The system of cross references takes the reader from one entry to another showing how all these topics are interconnected in the fascinating story of wine in its most traditional and modern forms This new fifth edition which benefits from the knowledge and experience of over one hundred new contributors all experts in their field or geographical region is expanded by 272 new entries and every existing entry has been reviewed updated and polished The text is more international than ever written for wine lovers of every persuasion including those who love wine but want to know more in order to increase their enjoyment of this endlessly fascinating liquid and those who are intent on studying wine professionally or privately This is a huge treasure trove of knowledge for the first time breaking the barrier of one million words but the alphabetical format and the links between the entries make it easily navigable and the language while not shying away from complex science is intended to open the door to every curious reader looking for answers on every question they have ever wanted to ask about wine
