A New Ireland Politics Peace And Reconciliation:

A New Ireland John Hume, 2000-10-10 Hume recounts the struggle for the nationalist community's rights and presents a blueprint for peace. *The Europeanization of Party Politics in Ireland, North and South* Katy Hayward, Mary Murphy, 2013-10-31 Ireland's relationship with the European Union has been determined by the behaviour, actions and discourse of political parties. This book examines this impact through an in-depth analysis of the Europeanization of party politics in the Republic of Ireland and Northern Ireland. First it presents original research on cross-cutting issues that have featured in political debates about European integration including referendum campaigns on EU treaties, Irish neutrality and party policy positions on the EU. Secondly it is the first book of its kind to examine in detail how each of the main parties on the island of Ireland has adapted to EU membership. In doing so it both tests the thesis of Europeanization and deepens understanding of the impact that EU membership can have on national and sub-national party politics. What this study reveals is that while Europeanization is clearly evident in all parties in Ireland including those most critical of European integration its influence has been strictly curtailed. We argue that the effects of Europeanization in Irish party politics have been limited by enduring resistance to and conditions placed upon EU influence in particular policy areas: the importance of pragmatism and sub-national priorities in shaping parties' approaches to European integration and the fact that engagement with the EU continues to be a predominantly elite-led process. This book was published as a special issue of *Irish Political Studies*.

Israel/Palestine and the Politics of a Two-State Solution Thomas G. Mitchell, 2013-05-27 This is a dispassionate examination of the viability of a two-state solution in the Israeli-Palestinian conflict based on the politics of Israel, Palestine and the United States. It includes instructive case studies from South Africa in Namibia and the Irish claim to Northern Ireland. The results of Israeli elections from 2001 to 2013 are analyzed with the conclusion that the Likud will be in any government coalition for at least the midterm future, giving it a veto over policy. A chapter examining the history and ideology of the secular right over the last 90 years follows. There are three chapters of case studies: the Likud withdrawal from the Sinai in 1979-1982 and from Gaza in 2005; the withdrawal of South Africa from Namibia in 1988-1989 and the dropping of Ireland's constitutional claim to Northern Ireland in 1998 under a Fianna Fail government; the same party that wrote the constitution in 1937. A chapter examines Palestinian politics since the mandatory era and another the American-Israeli alliance and American politics. A concluding chapter draws lessons from the case studies and the analysis.

A Treatise on Northern Ireland Brendan O'Leary, 2019 The third volume of the definitive political history of Northern Ireland.

Ending the Troubles John M. Burney, Andrew J. Auge, 2024-10-29 In June 1996 the British government convened multiparty talks trying to establish peace within Northern Ireland after thirty years of bloody civil war based on religious, cultural, political and economic tensions known as The Troubles. The talks included political parties from the two factions central to the conflict: Unionists (largely Protestants) committed to retaining Northern Ireland within the United Kingdom and Nationalists (largely

Catholics committed to the reunification of Northern Ireland with the independent Republic of Ireland Fundamental questions on national identity and democracy quickly turned these proceedings into faction bickering thus failing to produce any substantive progress The emergence of new leaders in 1997 Tony Blair prime minister of Great Britain and Bertie Ahern taoiseach in the Republic of Ireland created an opportunity for reenergizing the talks chaired by the former US senator George Mitchell with all parties making a concerted effort to reach a viable resolution among Nationalists and Unionists In the game students will represent the major parties in Northern Ireland as they reconvene at the multiparty talks in 1997 to find ways to reconcile two competing visions of Northern Irish nationalism or at least find a way for each community to tolerate one another's participation in a common constitutional arrangement Much is at stake for another failure could lead to a full resumption of the civil war

Political Discourse and Conflict Resolution Katy Hayward, Catherine O'Donnell, 2010-10-04 This book offers new insights into the close relationship between political discourses and conflict resolution through critical analysis of the role of discursive change in a peace process Just as a peace process has many dimensions and stakeholders so the discourses considered here come from a wide range of sources and actors The book contains in depth analyses of official discourses used to present the peace process the discourses of political party leaders engaging or otherwise with it the discourses of community level activists responding to it and the discourses of the media and the academy commenting on it These discourses reflect varying levels of support for the peace process from obstruction to promotion and the role of language in moving across this spectrum according to issue and occasion Common to all these analyses is the conviction that the language used by political protagonists and cultural stakeholders has a profound effect on progression towards peace Bringing together leading experts on Northern Ireland's peace process from a range of academic disciplines including political science sociology linguistics history geography law and peace studies this book offers new insights into the discursive dynamics of violent political conflict and its resolution

[Making Peace in Northern Ireland](#) Charles Strozier, 2025-02-24 This book examines the remarkable process that led to peace in Northern Ireland after decades of violence That story lies in its granular history but equally in an appreciation of its psychological dynamics especially the emergence in the social and political realm of what the author calls radical empathy The leaders who made peace happen were all larger than life figures out of some 19th Century opera strutting across the stage of history But there was another hero in the mix one often noted for his presence but not fully appreciated by scholarly observers for his contributions to the peace process John Alderdice The son of a moderate Presbyterian minister a medical doctor and a psychiatrist and psychoanalyst Alderdice brought to the peace process his grasp of others his generosity and clarity of vision The Northern Irish story is immensely complicated but in the end uplifting They deserve the peace they have made for themselves The story of the Troubles is horrifying but the story of peacemaking is not just dramatic it inspires hope If the Irish can make peace anyone can That may be the most important lesson of this book And that lesson is transferable

Peacekeeping and

Conflict Resolution Oliver Ramsbotham, Tom Woodhouse, 2013-07-04 Conflict resolution theory has become relevant to the various challenges faced by the United Nations peacekeeping forces as efforts are made to learn from the traumatic and devastating impact of the many civil wars that have erupted in the 1990s This work analyzes the theory **Conflict Politics in Today's Changing World** Chetanaanand Kaul, 2025-01-03 Conflict Politics in Today's Changing World offers a realistic portrayal of government inaction and highlights the vitality and adaptability of political institutions We provide a balanced treatment of the principles structures functions and nuances of the American government paying close attention to political problems developments and judicial decisions Our book examines the international and domestic conditions under which collective security succeeds or fails questioning whether the end of the Cold War has made success more or less likely We address important empirical problems related to collective security and conflict management using logical reasoning and high quality writing Political conflict often stems from individuals perspectives interests and values By gauging differences strengths and changes in public opinion we provide crucial insights into potential and actual responses to policy issues and initiatives We cover a range of topics including international relations reasons for conflict history and methods for resolving conflicts Each chapter includes summaries and questions to reinforce learning Political conflicts are prevalent even in single party or dictatorial systems where rival factions and administrative departments vie for power *Peace at Last?* Jörg Neuheiser, Stefan Wolff, 2002 This major book length analysis of developments in Northern Ireland after the beginning of IRA decommissioning in October 2001 examines the impact of the 1998 Good Friday Agreement on politics economy and society in Northern Ireland **Ireland 1798-1998** Alvin Jackson, 2010-03-16 Receiving widespread critical acclaim when first published Ireland 1798 1998 has been revised to include coverage of the most recent developments Jackson's stylish and impartial interpretation continues to provide the most up to date and important survey of 200 years of Irish history A new edition of this highly acclaimed history of Ireland reflecting both the very latest political developments and growth of scholarship Jackson provides a balanced and authoritative account of the complex political history of modern Ireland Draws on original research and extensive reading of the latest secondary literature Jackson provides an impressive treatment of events coupled with flowing narrative delivered analytically and elegantly **Decolonising Peacebuilding** Chamindra Weerawardhana, 2019-01-08 Exploring the conflict management trajectories of Northern Ireland and Sri Lanka this book engages in a discussion that highlights the importance of decolonising approaches to peacebuilding and conflict management in deeply divided societies Existing knowledge on the topic is largely produced in the Western academy using global North centric approaches This book written by a researcher from the global South who navigates the political life of a deeply divided society in Western Europe begins a conversation on a new 21st century re conceptualization of ethno national conflict in deeply divided societies based on a paradigm of decolonising This book will appeal to policymakers and practitioners in peacebuilding and related areas worldwide and students of peace and conflict studies as well as a general readership with an

interest in decolonial approaches to world politics **Divided Nations and European Integration** Tristan James Mabry, John McGarry, Margaret Moore, Brendan O'Leary, 2013-06-27 For ethnic minorities in Europe separated by state borders such as Basques in France and Spain or Hungarians who reside in Slovakia and Romania the European Union has offered the hope of reconnection or at least of rendering the divisions less obstructive. Nationals on different sides of European borders may look forward to increased political engagement including new norms to support the sharing of sovereignty enhanced international cooperation more porous borders and invigorated protections for minority rights. Under the pan European umbrella it has been claimed that those belonging to divided nations would no longer have to depend solely on the goodwill of the governments of their states to have their collective rights respected. Yet for many divided nations the promise of the European Union and other pan European institutions remains unfulfilled. **Divided Nations and European Integration** examines the impact of the expansion of European institutions and the ways the EU acts as a confederal association of member states rather than a fully multinational federation of peoples. A wide range of detailed case studies consider national communities long within the borders of the European Union such as the Irish and Basques communities that have more recently joined such as the Croats and Hungarians and communities that are not yet members but are on its borders or in its near abroad such as the Albanians Serbs and Kurds. This authoritative volume provides cautionary but valuable insights to students of European institutions nations and nationalism regional integration conflict resolution and minority rights.
