A Pows Story 2801 Days In Hanoi:

A POW's Story Larry Guarino,1990 Shot down on his fiftieth mission over North Vietnam Major Larry Guarino was the eleventh American to be captured during the Vietnam War Through eight years of humiliation and imprisonment which included physical and mental torture and through the bleakest periods of suffering and despair Guarino never lost his courage his patriotism or his will to live His riveting tale of survival is truly a triumph of the human spirit The Longest Rescue Glenn Robins,2013-09-20 While serving as a crew chief aboard a U S Air Force Rescue helicopter Airman First Class William A Robinson was shot down and captured in Ha Tinh Province North Vietnam on September 20 1965 After a brief stint at the Hanoi Hilton Robinson endured 2 703 days in multiple North Vietnamese prison camps including the notorious Briarpatch and various compounds at Cu Loc known by the inmates as the Zoo No enlisted man in American military history has been held as a prisoner of war longer than Robinson For seven and a half years he faced daily privations and endured the full range of North Vietnam s torture program In The Longest Rescue The Life and Legacy of Vietnam POW William A Robinson Glenn Robins tells Robinson s story using an array of sources including declassified U S military documents translated Vietnamese documents and interviews from the National Prisoner of War Museum Unlike many other POW accounts this comprehensive biography explores Robinson s life before and after his capture particularly his estranged relationship with his father enabling a better understanding of the difficult transition POWs face upon returning home and the toll exacted on their families Robins s powerful narrative not only demonstrates how Robinson and his fellow prisoners embodied the dedication and sacrifice of America s enlisted men but also explores their place in history and memory

Dissenting POWs Tom Wilber,Jerry Lembcke,2021-04-22 Looking into the underlying factional divide between pro war hardliners and anti war dissidents among the POWs authors Wilber and Lembcke delve into the postwar American culture that created the myths of the Hero POW and the dissidents blamed for the loss of the war What they found was that it was the class backgrounds of the captives and their pre captive experience that drew the lines After the war the hardcore hero holdouts like John McCain moved on to careers in politics and business while the dissidents faded from view as the antiwar movement that might otherwise have championed them disbanded Voices of the Vietnam POWs Craig Howes,1993-09-30 Unsure whether they would be greeted as traitors or heroes POWs returning from Vietnam responded by holding tight to their chosen motto Return with Honor We re giving the American people what they want and badly need heroes said a Vietnam jungle POW I feel it s our responsibility our duty to help them where possible shed the idea this war was a waste useless as unpopular as it may have been In the first book to explore the entire range of memoirs biographies and group histories published since America s Vietnam POWs returned home Craig Howes explores the development of a collective history He describes how these captives drew upon their national heritage to compose a unified common story while still in prison and how individual POWs have responded to this Official Story Examining what racial cultural and political

assumptions support this shared Official Story Howes places the POWs experiences squarely in the center of American history and within those larger clashes of opinion and belief which characterized the nation s response to the Vietnam War The result is an engrossing study of what these captivity narratives can tell us about the POWs their captors and America s Vietnam legacy *Voices from Captivity* Robert C. Doyle,1994 Doyle shows that though setting and circumstances may change POW stories share a common structure and are driven by similar themes Capture incarceration isolation propaganda torture capitulation or resistance death spiritual quest escape liberation and repatriation are recurrent key motifs in these narratives *The Unlikely War Hero* Marc Leepson,2024-12-17 What a strange fascinating and ultimately powerful account of one man s endurance of life as a POW during the American war in Vietnam This book I believe will stand the test of time as one of the finest nonfiction narratives to emerge from the Vietnam War Tim O Brien author of *The Things They Carried* On April 6 1967 twenty year old U S Navy Seaman Apprentice Doug Hegdahl fell off his ship a guided missile cruiser in the Gulf of Tonkin Close to exhaustion after nearly four hours in the water he was picked up by a small fishing boat and soon found himself in H a L Prison the notorious North Vietnamese POW camp the prisoners called the Hanoi Hilton Under intense interrogation Hegdahl pretended to be a country bumpkin who could barely read or write His captors fell for the ruse calling him The Incredibly Stupid One But Doug Hegdahl was far from stupid Possessing a razor sharp memory during the next two years he memorized the names of 254 fellow prisoners and senior officers ordered him to accept an early release After coming home in August 1969 Hegdahl shocked his debriefers by rattling off the names of the men Hanoi had admitted holding only a few dozen although the U S military had reliable intel on scores of others With Hegdahl s names 63 missing servicemen were reclassified to Prisoners of War But that s not all In addition to divulging the names Doug Hegdahl told the Pentagon about the systematic torturing of the American POWs in Hanoi and reported many other hitherto unknown details about life inside the Hanoi POW camps The new information became an important factor in North Vietnam s fall 1969 decision to make life immeasurably easier for the 500 plus POWs held in Hanoi and assuaged the doubts and fears of dozens of POW families In a vividly written book based on archival research personal interviews and his experiences in the Vietnam War Marc Leepson for the first time tells the incredible tale of the youngest and lowest ranking American POW captured in North Vietnam Doug Hegdahl has never been properly recognized for his extraordinary efforts and his story has never been fully told It s a story of survival has own and scores of POWs As a U S Navy historian put it the North Vietnamese made a bad mistake when they released Seaman Doug Hegdahl **Special Bibliography Series** ,1957 Hanoi Jane Jerry Lembcke,2010 A provocative analysis of how and why Jane Fonda the person became Hanoi Jane the myth **Caged Heroes** Jon Couch,2011 **Honor Bound** Stuart I. Rochester,Frederick T. Kiley,1998 Honor Bound is the result of a fruitful collaboration between Stuart I Rochester and Frederick Kiley In examining the lives of the prisoners in captivity it presents a vivid sensitive sometimes excruciating account of how men sought to cope with the physical and psychological torment of

imprisonment under wretched and shameful conditions It includes insightful analyses of the circumstances and conditions of captivity and its varying effects on the prisoners the strategies and tactics of captors and captives the differences between captivity in North and South Vietnam and between Laos and Vietnam and analysis of the quality of the source materials for this and other works on the subject **Special Bibliography Series** United States Air Force Academy. Medals for Soldiers and Airmen Fred L. Borch III,2013-05-04 This is the first and only comprehensive history of all decorations and medals that may be awarded to men and women serving in the United States Army and Air Force The background and design of each medal are examined as well as award criteria governing each decoration The book first looks at the Army and Air Force Medals of Honor before continuing with other awards including the Distinguished Service Cross Distinguished Service Medal Air Force Cross Silver Star Legion of Merit Bronze Star Medal and Purple Heart The histories of more common medals like the Air Medal Meritorious Service Medal Army and Air Force Commendation Medals and Army and Air Force Achievement Medals are also included Photographs of each medal obverse and reverse accompany the text along with selected photographs of recipients and the citations for their awards **The Book Lover's Guide to Florida**

Kevin M. McCarthy,1992 Here is the book lover s literary tour of Florida an exhaustive survey of writers books and literary sites in every part of the state The state is divided into ten areas and each one is described from a literary point of view You will learn what authors lived in or wrote about a place which books describe the place what important movies were made there even the literary trivia which the true Florida book lover will want to know You can use the book as a travel guide to a new way to see the state as an armchair guide to a better understanding of our literary heritage or as a guide to what to read next time you head to a bookstore or library Publisher **Lessons from the Hanoi Hilton** Taylor B Kiland,Peter

Fretwell,Estate of Jack London,James B Stockdale,2013-05-15 Why were the American POWs imprisoned at the Hanoi Hilton so resilient in captivity and so successful in their subsequent careers This book presents six principles practiced within the POW organizational culture that can be used to develop high performance teams everywhere The authors offer examples from both the POWs time in captivity and their later professional lives that identify in real life situations the characteristics necessary for sustainable high performance teamwork The book takes readers inside the mind of James Stockdale a fighter pilot with a degree in philosophy who was the senior ranking officer at the Hanoi prison The theories Stockdale practiced become readily understandable in this book Drawing parallels between Stockdale s guiding philosophies from the Stoic Epictetus and the principles of modern sports psychology Peter Fretwell and Taylor Baldwin Kiland show readers how to apply these principles to their own organizations and create a culture with staying power Originally intending their book to focus on Stockdale s leadership style the authors found that his approach toward completing a mission was to assure that it could be accomplished without him Stockdale they explain had created a mission centric organization not a leader centric organization He had understood that a truly sustainable culture must not be dependent on a single individual At one level

this book is a business school case study It is also an examination of how leadership and organizational principles employed in the crucible of a Hanoi prison align with today s sports psychology and modern psychological theories and therapies as well as the training principles used by Olympic athletes and Navy SEALs Any group willing to apply these principles can move their mission forward and create a culture with staying power one that outlives individual members

Historical Dictionary of the War in Vietnam Ronald B. Frankum Jr.,2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War

No Direction Home Natasha Zaretsky,2007 Homeward unbound prisoners of war national defeat and the crisis of male authority Getting the house in order the oil embargo consumption and the limits of American power The great male cop out productivity lag and the end of the family wage The spirit of 76 the Bicentennial and Cold War revivalism The world as a mirror narcissism malaise and the middle class family The familial roots of republican domination

An Enormous Crime Bill Hendon,Elizabeth A. Stewart,2024-06-04 The New York Times bestselling expos of American POWs abandoned by their government during the withdrawal from Vietnam An Enormous Crime is nothing less than shocking Drawing on thousands of pages of public and previously classified documents satellite imagery and original interviews the authors present an utterly convincing case that when the American government withdrew its forces from Vietnam it knowingly abandoned hundreds of POWs to their fate The product of twenty five years of research by former Congressman Bill Hendon and attorney Elizabeth A Stewart this book shines a scathing light on a shameful chapter in American history It reveals the reasons American soldiers and airmen were held back by the North Vietnamese at Operation Homecoming in 1973 what these brave men have endured and how administration after administration of their own government has turned its back on them An Enormous Crime is a singular work telling a story unlike any other in our history ugly harrowing and true

To Hanoi And Back: The United States Air Force And North Vietnam 1966-1973 [Illustrated Edition] Dr Wayne Thompson,2014-08-15 Includes 3 maps

and 40 photographs No experience etched itself more deeply into Air Force thinking than the air campaigns over North Vietnam Two decades later in the deserts of Southwest Asia American airmen were able to avoid the gradualism that cost so many lives and planes in the jungles of Southeast Asia Readers should come away from this book with a sympathetic understanding of the men who bombed North Vietnam Those airmen handled tough problems in ways that ultimately reshaped the Air Force into the effective instrument on display in the Gulf War This book is a sequel to Jacob Van Staaveren's Gradual Failure The Air War over North Vietnam 1965-1966 which we have also declassified and are publishing Wayne Thompson tells how the Air Force used that failure to build a more capable service a service which got a better opportunity to demonstrate the potential of air power in 1972 Dr Thompson began to learn about his subject when he was an Army draftee assigned to an Air Force intelligence station in Taiwan during the Vietnam War He took time out from writing To Hanoi and Back to serve in the Checkmate group that helped plan the Operation Desert Storm air campaign against Iraq Later he visited Air Force pilots and commanders in Italy immediately after the Operation Deliberate Force air strikes in Bosnia During Operation Allied Force over Serbia and its Kosovo province he returned to Checkmate Consequently he is keenly aware of how much the Air Force has changed in some respects how little in others Although he pays ample attention to context his book is about the Air Force He has written a well informed account that is both lively and thoughtful **A**

P.O.W.'s Story : 2801 Days in Hanoi Larry Guarino, 1990 **"Aid and Comfort"** Henry Mark Holzer, Erika Holzer, 2015-08-13 Jane Fonda's visit to Hanoi in July 1972 and her pro North Vietnamese anti American conduct especially her pose with an anti aircraft gun used to shoot down American planes and her propaganda broadcasts directed toward American troops angered many Americans In their eyes she was guilty of treason but she was never charged by the American legal system Instead she has made millions been the recipient of countless awards and remained an honored American icon This work investigates Fonda's activities in North Vietnam and argues that she could have been indicted for treason that there would have been enough evidence to take the case to a jury that she could have been convicted and that a conviction probably would have been upheld on appeal It also considers Fonda's early life and the effect it had on her behavior and beliefs in her later years her audience of American POWs who were forced by the Vietnamese to listen to her broadcasts condemning them as war criminals her arrival in Vietnam and how it was viewed by American servicemen and civilians the crime of treason throughout history and the only Congressional inquiry into her actions which resulted in the government's decision to take no legal action against her Texts of Fonda's radio broadcasts to American servicemen comprise the appendix
