A Mirror For England British Movies From Austerity To Affluence:

A Mirror for England Raymond Durnat, 2011 Raymond Durnat's classic study of British films from the 1940s to the 1960s first published in 1970 remains one of the most important books ever written on British cinema. In his introduction Kevin Gough Yates writes: 'Even now it astounds by its courage and its audacity if you think you have an original approach to a film or a director's work and check it against *A Mirror for England* you generally discover that Raymond Durnat had said it already.' Durnat himself said about the book that the main point was arranging a kind of rendezvous between thinking about movies and thinking not so much about sociology as about the experiences that people are having all the time. Durnat used *Mirror* to assert the validity of British cinema against its dismissal by the critics of *Cahiers du cinéma* and *Sight and Sound*. His analysis takes in classics such as *In Which We Serve* 1942, *A Matter of Life and Death* 1946 and *The Blue Lamp* 1949 alongside B films and popular genres such as Hammer horror. Durnat makes a cogent and compelling case for the success of British films in reflecting British predicaments, moods and myths at the same time as providing some disturbing new insights into a national character by whose enigmas and contradictions we continue to be perplexed and fascinated. British Cinema Charles Barr, 2022 Cinema is a powerful cultural medium both reflecting and influencing society. The role of British cinema has been controversial, sometimes derided but also vigorously celebrated, especially for specific films and film makers. In this Very Short Introduction Charles Barr considers cinema in Britain against the backdrop of changing artistic, socio-political and industrial climates up to the present day. He traces how British cinema has developed its own unique path and has been admired for its innovative approaches and distinctive artistic language. back cover **The Cinema of Britain and Ireland** Brian McFarlane, 2005 A fresh, concise but wide-ranging introduction to and overview of British and Irish cinema. This volume contains 24 essays, each on a separate seminal film from the region. Films under discussion include *Pink String* and *Sealing Wax*. Room at the Top, *The Italian Job*, *Orlando* and *Sweet Sixteen*. **A Companion to British and Irish Cinema** John Hill, 2019-07-18 A stimulating overview of the intellectual arguments and critical debates involved in the study of British and Irish cinemas. British and Irish film studies have expanded in scope and depth in recent years, prompting a growing number of critical debates on how these cinemas are analysed, contextualized and understood. *A Companion to British and Irish Cinema* addresses arguments surrounding film historiography, methods of textual analysis, critical judgments and the social and economic contexts that are central to the study of these cinemas. Twenty-nine essays from many of the most prominent writers in the field examine how British and Irish cinema have been discussed, the concepts and methods used to interpret and understand British and Irish films and the defining issues and debates at the heart of British and Irish cinema studies. Offering a broad scope of commentary, the Companion explores historical, cultural and aesthetic questions that encompass over a century of British and Irish film studies, from the early years of the silent era to the present day. Divided into five sections, the Companion discusses the social and cultural forces shaping British and Irish cinema during different

periods the contexts in which films are produced distributed and exhibited the genres and styles that have been adopted by British and Irish films issues of representation and identity and debates on concepts of national cinema at a time when ideas of what constitutes both British and Irish cinema are under question A Companion to British and Irish Cinema is a valuable and timely resource for undergraduate and postgraduate students of film media and cultural studies and for those seeking contemporary commentary on the cinemas of Britain and Ireland **The British Horseracing Film** Stephen

Glynn,2019-01-05 This book constitutes the first full volume dedicated to an academic analysis of horseracing in British cinema Through comprehensive contextual histories of film production and reception together with detailed textual analysis this book explores the aesthetic and emotive power of the enduringly popular horseracing genre its ideologically inflected landscape and the ways in which horse owners and riders bookmakers and punters have been represented on British screen The films discussed span from the 1890s to the present day and include silent shorts quota quickies and big budget biopics A work of social and film history The British Horseracing Film demonstrates how the so called sport of kings functions as an accessible institutional structure through which to explore cinematic discussions about the British nation but also and equally national approaches to British cinema **The British Film Industry in the 1970s** S. Barber,2013-01-22 Is there more to

1970s British cinema than sex horror and James Bond This lively account argues that this is definitely the case and explores the cultural landscape of this much maligned decade to uncover hidden gems and to explode many of the well established myths about 1970s British film and cinema **Forgotten British Film** Philip Gillett,2017-05-11 Some films are remembered long after they are released others are soon forgotten but do they deserve oblivion Are factors other than quality involved This book exhumes some of the films released in Britain over the last seventy years from Daybreak 1948 to 16 Years of Alcohol 2003 and considers the reasons for their neglect As well as exploring the contributions of those involved in making the films the book examines such issues as marketing and the response of critics and audiences Films are grouped loosely into categories such as B films and television films Some works were little seen when they were first released and have stayed that way others were popular in their day but have slipped into obscurity In some cases social change has overtaken them making the attitudes or subjects they depict seem dated Even being released as a DVD does not guarantee that a title will be rehabilitated In addition how significant is the American market This book should appeal to lovers of British film as well as to film studies students and everybody curious about the vagaries of success and failure in the arts

Projecting Britain at War Jeremy Havardi,2014-02-28 This detailed chronological analysis of British World War II movies from 1939 until the present explores how films projected recognizable stereotypes of British national character and how the times in which a film was made shaped its perspectives Several chapters look at films made during and immediately after the war In depictions of the Home Front characters display resolve as well as emotional restraint and present an image of an undivided society cooperating to fight evil By contrast duty and service are the paramount virtues of combat films while spy

melodramas exemplify the British love of improvisation Fifties war films are examined against the backdrop of alarm and uncertainty caused by the Cold War Such films reflect traditional national character stereotypes though the stiff upper lip begins to be questioned by the end of the decade The book then traces the radical effect of the 1960s revolution revealing how the fondness for skeptical antiwar movies went hand in hand with the questioning of Britain's place in the world The book ends by looking at recent war films and asks whether these reflect the cult of narcissism so prevalent in modern Britain

Social Class on British and American Screens Nicole Cloarec, David Haigron, Delphine Letort, 2016-03-15 At a time when debates about social inequality are in the spotlight it is worth examining how the two most popular media of the 20th and 21st centuries film and television have shaped the representation of social classes How do generic conventions determine the representation of social stereotypes How do filmmakers challenge social class identification How do factors such as national history geography and gender affect the representation of social classes This collection of new essays explores these and other questions through an analysis of a wide range of American and British productions from sitcoms and reality TV to documentaries and auteur cinema from the 1950s to the present *The Cinema of Ken Loach* Jacob Leigh, 2002 The Cinema of Ken Loach Art in the Service of the People examines the linking of art and politics that distinguishes the work of this leading British film director Loach's films manifest recurrent themes over a long period of working with various collaborators yet his handling of those themes has changed throughout his career This book examines those changes as a way of reaching an understanding of Loach's style and meaning It evaluates how Loach incorporates his political beliefs and those of his writers into his work and augments this thematic interpretation with contextual information gleaned from original archive research and new interviews **BOOK JACKET** **Issues and Singularity in the British Media Volume 1** Renée
