A Most Detestable Crime New Philosophical Essays On Rape:

A Most Detestable Crime Keith Burgess-Jackson, 1999 This collection of original essays by leading philosophers probes the philosophical aspects of rape in all of its manifestations act crime practice and institution Among the issues examined are the nature of rape the wrongfulness and harmfulness of rape the relation of rape to racism sexism classism and other forms of oppression and the legitimacy of various rape law doctrines Each contributor advances a novel argument and seeks to disentangle the conceptual evaluative and empirical issues that arise in connection with the crime This essential reference work is among the first philosophical anthologies devoted exclusively to the subject of rape as complex and interesting intellectually as it is pervasive and disturbing socially *Demanding Sex: Critical Reflections on the Regulation of Prostitution* Marina Della Giusta, 2016-05-13 Interrogating supply demand from an inter and multi disciplinary perspective this collection broadens engagement beyond the routine analysis of the locus of violence in prostitution and the validity of the prostitute s consent A focus on the supply demand dynamic brings into play a range of other societal economic and psychological factors such as the social construction of sexuality the viability of alternative choices for prostitutes and clients and the impact of regulatory regimes on the provision of sexual services The factors which underlie each component of the supply demand dyad are also studied and an examination is made of their dynamic interrelation The collection emphasizes the importance of rendering policy makers alert to the evidence emerging from empirical studies conducted in different fields of enquiry in the hope of moving beyond polarity and politics at the local national and international level *International Law and Sexual Violence in Armed Conflicts* Chile Eboe-Osuji, 2012-08-27 Sexual violence is a particular brand of evil that women have endured more than men during armed conflicts through the ages It is a menace that has continued to challenge the conscience of humanity especially in our times At the international level basic laws aimed at preventing it are not in short supply What is needed is a more conscious determination to enforce existing laws This book explores ways of doing just that thereby shoring up international legal protection of women from sexual violence in armed conflicts *Addressing Rape Reform in Law and Practice* Susan Caringella, 2009 The first comprehensive book on rape since Susan Brownmiller s *Against Our Will* and Susan Estrich s *Real Rape* this volume probes every aspect of rape law and the discrepancies between ideal law on the books and real law in action Susan Caringella canvasses the success and failure of reform in the United States as well as Australia Britain Canada and New Zealand and assesses alternative perspectives on rape reform making use of theoretical models court cases and statistical data She uniquely delineates a creative model for change while addressing the discretion that undermines efforts at change This includes charging the accused and plea bargaining confronting a lack of transparency and accountability in implementing law and acquiring funding for such changes **Gender Violence, 3rd Edition** Laura L O'Toole, Jessica R Schiffman, Rosemary Sullivan, 2020-07-14 An updated edition of the groundbreaking anthology that explores the proliferation of gendered violence From Harvey Weinstein to Brett Kavanaugh accusations of gender violence saturate

today's headlines In this fully revised edition of *Gender Violence* Laura L O Toole Jessica R Schiffman and Rosemary Sullivan bring together a new interdisciplinary group of scholars with up to date material on emerging issues like workplace harassment transgender violence intersectionality and the MeToo movement Contributors provide a fresh informed perspective on gender violence in all of its various forms With twenty nine new contributors and twelve original essays the third edition now includes emerging contemporary issues such as LGBTQ violence sex work and toxic masculinity A trailblazing text *Gender Violence Third Edition* is an essential read for students activists and others *The Wrong of Injustice* Mari Mikkola, 2016 The book offers a feminist examination of contemporary social injustices It argues for a paradigm shift away from feminist philosophy organized around the gender concept woman and towards humanist feminism The book further develops a notion of dehumanization that explicates social injustices elucidates humanist feminism and improves non feminist analyses of injustice **Bodies and Narrativity Across the Early Modern World** Vitus Huber, 2025-10-13 This book explores the intricate connections between the body and narrative across the early modern world It examines how bodily aspects shaped the creation of stories and vice versa The writing telling or interpreting of a story is inherently tied to corporeal acts and is to varying degrees shaped by them Likewise narrativity the narrative form including the framing and structuring elements that define a story's meaning can influence how the body is experienced understood and valued Adopting an interdisciplinary approach and incorporating case studies from Africa the Americas and Europe this volume positions the body as a critical heuristic tool It moves beyond the dichotomous debate between constructivism and essentialism by emphasizing the interplay of body and narrative **Ethics and Religion** Joe Jenkins, 2003 This revised and updated edition for Advanced Religious Studies contains practice exam questions to help succeed in exams and a new section which focuses on students thinking skills *Criminalizing Sex* Stuart P. Green, 2020 In the late 20th century the law of sexual offenses began to reflect a striking divergence On the one hand it became significantly more punitive in its approach to nonconsensual sexual conduct as in the case of rape and sexual assault On the other hand it became more permissive in how it dealt with putatively consensual sex such as sodomy adultery and adult pornography This book explores the conceptual and normative implications of this divergence In doing so it assumes that the proper role of criminal law in a liberal state is to protect individuals in their right not to be subjected to sexual contact against their will while also safeguarding their right to engage in private consensual sexual conduct in which they do wish to participate Although consistent in the abstract these dual aims frequently come into conflict in practice as is explored in the context of a wide range of offenses **Handbook on Sexual Violence** Jennifer Brown, Sandra Walklate, 2011-10-19 This book situates the complexity of violence within its broader context and covers a wide span of sexual violence including sexual harassment bullying and murder as well as domestic violence **Rethinking the Reasonable Person** Mayo Moran, 2003 The reasonable person standard plays a central role in the law figuring prominently in tort law criminal law and administrative

law However the reasonable person has also attracted substantial criticism from egalitarian critics and feminists insofar as it presupposes contested notions of normal behaviour and may discriminate against certain classes of defendant Judges and mainstream theorists also increasingly puzzle over what the standard amounts to and how to apply it Using these controversies as a point of departure Rethinking the Reasonable Person examines the promise and the perils of the reasonable person standard Ultimately it argues that an objective standard is not only defensible but essential Yet only with a radical reconstruction will it be possible to realize the promise of the standard and to ensure a truly egalitarian conception of responsibility

Rethinking Rape Law Clare McGlynn, Vanessa E. Munro, 2010-07-12 Rethinking Rape Law provides a comprehensive and critical analysis of contemporary rape laws across a range of jurisdictions In a context in which there has been considerable legal reform of sexual offences Rethinking Rape Law engages with developments spanning national regional and international frameworks It is only when we fully understand the differences between the law of rape in times of war and in times of peace between common law and continental jurisdictions between societies in transition and societies long inured to feminist activism that we are able to understand and evaluate current practices with a view to change and a better future for victims of sexual crimes Written by leading authors from across the world this is the first authoritative text on rape law that crosses jurisdictions examines its conceptual and theoretical foundations and sets the law in its policy context It is destined to become the primary source for scholarly work and debate on sexual offences laws

Philosophy of Sex Alan Soble, 2002-05-28 Leading philosophers discuss a range of issues relating to sex in this revised and expanded version of Alan Soble's popular anthology of essays New material includes date rape and sexual harassment

Sexual Assault Tatjana Hörnle, 2023 This edited volume brings together leading scholars on sexual assault law to discuss the shift towards consent based sexual assault laws It explores the complexities of consent in different jurisdictions with reformed sexual assault laws and analyses their strengths and weaknesses

New Directions in Sexual Violence Scholarship Kate Gleeson, Yvette Russell, 2023-05-30 This edited collection brings together leading and emerging scholars in the important field of sexual violence scholarship The last ten years have witnessed an international reckoning on sexual violence typified in the mainstream imagination by the MeToo movement acknowledgement of the violence of university campus life and the overdue recognition of the enduring harms of child sexual abuse While the state has been forced to respond through law and other political processes at times revealing its agility and at other times its archaic investment in the past much of the real work responding to sexual violence and abuse has taken place within communities and in the personal responses of the individuals writing the scripts of their experiences This volume explores the nuances of these individual experiences and considers how they are shaped and reflected by intersecting axes of power including gender race class age and able bodied status It reflects on law and law reform in the area and suggests new modes and frames through which to explain and understand sexual violence and institutional responses to it Debates within this contested personal and political arena do not

map onto longstanding binaries of liberal and radical feminism nor conservative and progressive politics This interdisciplinary volume traces that murky terrain and features some of the leading international scholars writing on sexual violence in English today This book will appeal to scholars and students across the broad disciplines of law and legal studies criminology gender studies political science and sociology

Sex Crimes and Sex Offenders Donna Vandiver, Jeremy Braithwaite, 2016-12-08 Sex Crimes and Sex Offenders Research and Realities provides an overview of social scientific theory and research on sex crimes and sex offenders Most other books on the market are focused on a single issue such as treatment rape pedophilia theory etc This book is unique in that it covers the most current theory and research along with individual cases of sex crimes e g Kobe Bryant Jerry Sandusky and other case studies effectively linking theory and research with the realities of sex crimes and sex offenders as well as their victims Vandiver Braithwaite and Stafford are careful to dispel myths and to focus on the heterogeneity of sex crimes and sex offenders and not on any one issue or population or theory Instead they weave a framework using a full range of theoretical concepts and research data to integrate their discussions of crimes offenders victims treatments and policy implications The result is a valuable resource for students and early stage researchers investigating sex crimes or offenders

[The Return of Feminist Liberalism](#) Ruth Abbey, 2014-10-14 While it is uncontroversial to point to the liberal roots of feminism a major issue in English language feminist political thought over the last few decades has been whether feminism's association with liberalism should be relegated to the past Can liberalism continue to serve feminist purposes This book examines the positions of three contemporary feminists Martha Nussbaum Susan Moller Okin and Jean Hampton who notwithstanding decades of feminist critique are unwilling to give up on liberalism This book examines why and in what ways each of these theorists believes that liberalism offers the normative and political resources for the improvement of women's situations It also brings out and tries to explain and evaluate the differences among them notwithstanding their shared allegiance to liberalism In so doing the book goes to the heart of recent debates in feminist and political theory

Handbook of Sexual Assault and Sexual Assault Prevention William T. O'Donohue, Paul A. Schewe, 2019-10-18 This timely handbook provides in depth overviews of the myriad and multi faceted issues surrounding sexual assault and its pervasiveness in today's culture Drawing for multiple viewpoints and experts the book is divided into seven comprehensive sections covering such topics as risk factors varying theoretical frameworks prevention and intervention and special populations Within these sections the authors provide historical background as well as the latest research and offer treatment outcomes and potentials Selected topics covered in this book include Feminist theories of sexual assault Social and economic factors surrounding sexual violence Mental physiological physical and functional health concerns of victims including PTSD Major categories of sexual offenders Treatment of sexual assault survivors in the LGBTQ community Procedural processes related to sexual assault investigation and adjudication within the criminal justice system The Handbook of Sexual Assault and Sexual Assault Prevention is a vital book that will appeal to a

broad spectrum of students researchers practitioners and clinicians in the fields of psychology psychiatry community mental health and sociology **Women and Crime** Stacy L. Mallicoat,Connie Ireland,Connie Estrada Ireland,2013-04-30 This text provides a comprehensive and unique view into the world of women interacting with the criminal justice system *Defining Rape: Emerging Obligations for States under International Law?* Maria Eriksson,2011-10-28 The crime of rape has been prevalent in all contexts whether committed during armed conflict or in peacetime and has largely been characterised by a culture of impunity International law through its branches of international human rights law international humanitarian law and international criminal law has increasingly condemned such violence and is progressively obliging states to prevent rape whether committed by a state agent or a private actor Whereas the prohibition of rape has been consistently recognised in these areas of law the definition of the offence has been a later concern to international law Attempts to define the crime have however been made by the ad hoc tribunals International Criminal Tribunal for Rwanda and the International Criminal Tribunal for the former Yugoslavia regional human rights courts and UN treaty bodies Increasing duties are thus placed on states not only to prevent rape through the enactment of criminal laws but to adopt specific elements of the crime in domestic legislation This study systematises and analyses such emerging obligations in international law This leads to overarching questions on the fragmentation and harmonisation of norms between various regimes in international law

A Most Detestable Crime New Philosophical Essays On Rape Book Review: Unveiling the Magic of Language

A Most Detestable Crime New Philosophical Essays On Rape Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free A Most Detestable Crime New Philosophical Essays On Rape PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational

resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free A Most Detestable Crime New Philosophical Essays On Rape PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of A Most Detestable Crime New Philosophical Essays On Rape free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
