1. To write a free verse poem

I can describe an object

I can use a variety of poetic devices

I can choose to include phrases, sentences or single words

Create your own free verse list poem with phrases:

The pebble in my pocket is...

As a starting point, you could write a line about:

- its texture
- its colour
- its pattern
- its weight
- where it was found
- you may end with an exclamation or question about it

Five pebbles if you like, probably like a dog's paws.
I wonder what they do to the pebbles.
What if they're sitting and sitting.
What if they're sitting and sitting.
What if they're sitting and sitting.
What if they're sitting and sitting.

The pebble in my pocket is small and smooth.
I found it on the beach, it's a real beauty!
For then I put it in a house with a lady dog.
The name is Shirley! But then I found it in
the sea, shirley and smooth. Every though it
is nice... there will never be found.

My pebble looks like a donut, I found it in
a shop. It was on a table, I brought it, brought it
it and guess what! I said to it I said to it
"You are very much donut shaped you know!"

So then I put it in my pocket
and I am sure it will be with it for
26.000000 to be in a pocket!

Literature and Art Caroline Matilda Kirkland, John Seely Hart, 1851 **Ontological Necessities** Priscila Uppal, 2006 Written with the verve of the uninhibited artist but with a clarity of thought and expression more akin to the scientist or scholar these poems investigate the emotional and philosophical struggles of contemporary life Often sparked by the horrors depicted in today's news the poems combine surrealist images with spare and lyrical language to grapple with an increasingly absurd world The most ambitious piece in the collection is a radical post 9 11 translation of the Anglo Saxon elegy *The Wanderer* and other poems include *Don Quixote* *You Sure Can Take One Helluva Beating* *Film Version of My Hatred* *Never Held a Gun* and *The Romantic Impulse Hits the Schoolyard* **The Oxford Handbook of Qualitative Research** Patricia Leavy, 2020 The Oxford Handbook of Qualitative Research Second Edition presents a comprehensive interdisciplinary overview of the field of qualitative research Divided into eight parts the forty chapters address key topics in the field such as approaches to qualitative research philosophical perspectives narrative inquiry field research and interview methods text arts based and internet methods analysis and interpretation of findings and representation and evaluation The handbook is intended for students of all levels faculty and researchers across the disciplines and the contributors represent some of the most influential and innovative researchers as well as emerging scholars This handbook provides a broad introduction to the field of qualitative research to those with little to no background in the subject while providing substantive contributions to the field that will be of interest to even the most experienced researchers It serves as a user friendly teaching tool suitable for a range of undergraduate or graduate courses as well as individuals working on their thesis or other research projects With a focus on methodological instruction the incorporation of real world examples and practical applications and ample coverage of writing and representation this volume offers everything readers need to undertake their own qualitative studies

Begging Questions Seán Virgo, 2006 Focusing on the universe of beauty and dreams with an intensity that delves into self recognition these stories written over the last 15 years engage the reader with questions about our public and private lives The stories touch on questions of identity and belief the phantoms of memory and the oppositions of beauty to experiences Told in a language of brilliant power these tales enable the reader with their enigmatic and dreamlike quality

The German Prisoner James Hanley, 2006 Brilliant in its stark depiction of trench warfare in World War I this lost classic was privately printed in a limited edition in 1930 British censors initially suppressed the short novel because of its tough antiwar views and sympathetic portrayals of German soldiers and even today's readers may be unprepared for its scenes of horrific battlefield carnage and men driven to madness by relentless psychological stress Providing a new view of an underappreciated Canadian author the book also stands as a fascinating addition to the comparatively small shelf of literature by writers who fought in the Great War **Far from Nothing** Zoltán Böszörményi, 2006 Ripe with love money and power the story of 35 year old Rudolf set in a fast paced urban environment begs the question Do we only think we exist Rudolf and his wife work day and night hoping for a better life he is a philosophy graduate student and the manager of a car

dealership He also keeps up a heart wrenching relationship with the chic Wanda Then there is Nina who studies logic but is secretly a prostitute and Alfred owner of a car leasing company seemingly upright but actually an embezzler Each character conceals something Be it in Hungary or North America the craving for existential clarity remains strong
