A Pattern of Lies Charles Todd, 2015-08-18 A horrific explosion at a gunpowder mill sends Bess Crawford to war-torn France to keep a deadly pattern of lies from leading to more deaths in this compelling and atmospheric mystery from the New York Times bestselling author of *A Question of Honor* and *An Unwilling Accomplice*. An explosion and fire at the Ashton Gunpowder Mill in Kent has killed over a hundred men. It's called an appalling tragedy until suspicion and rumor raise the specter of murder. While visiting the Ashton family, Bess Crawford finds herself caught up in a venomous show of hostility that doesn't stop with Philip Ashton's arrest. Indeed, someone is out for blood, and the household is all but under siege. The only known witness to the tragedy is now at the front in France. Bess is asked to find him. When she does, he refuses to tell her anything that will help the Ashtons. Realizing that he believes the tissue of lies that has nearly destroyed a family, Bess must convince him to tell her what really happened that terrible Sunday morning. But now someone else is also searching for this man. To end the vicious persecution of the Ashtons, Bess must risk her own life to protect her reluctant witness from a clever killer intent on preventing either of them from ever reaching England. **Lance Comfort**

Brian McFarlane, 2019-01-04 In the years between 1941 and 1965, Lance Comfort made some of the most entertaining films in Britain. There was the striking success of his second feature as director, *Hatter's Castle* (1941), and when he returned to this melodramatic vein in 1945, he made a series of highly proficient and enjoyable studies in obsession, including *Bedelia* (1946) with Margaret Lockwood as a murderess and *Temptation Harbour* (1947) starring Robert Newton as a decent man in the grip of erotic attraction. Comfort's career has never been charted in full: that is, from the apprenticeship in the 1930s through the melodramas of the 1940s to the often rewarding co-features of the following two decades. His is, in many ways, a prototypical career in British cinema: his very attractive body of work has been marginalised by critical focus on a few giant figures. This is a book that will appeal to all students and researchers in British cinema, as well as to anyone with an interest in British films and why they were the way they were in their most productive period. **LIFE**, 1942-02-23 *LIFE* Magazine is the treasured
