## A Philosophy Of Solitude:

*A Philosophy of Solitude* John Cowper Powys, 1936      *Notes for a philosophy of solitude* Thomas Merton, 2007      **A Philosophy of Solitude** John Cowper Powys, 1933      *Philosophy of Solitude* John Cowper Powys, 2011-05-01      *Belles Lettres*, 1933      *A Philosophy of Loneliness* Lars Svendsen, 2017-03-15 For many of us it is the ultimate fear to die alone Loneliness is a difficult subject to address because it has such negative connotations in our intensely social world But the truth is that wherever there are people there is loneliness You can be lonely sitting in the quiet of your home in the still of an afternoon park or even when surrounded by throngs of people on a busy street One need only turn on the radio to hear a crooner telling us just how lonesome we can be In this groundbreaking book philosopher Lars Svendsen confronts loneliness head on investigating both the negative and positive sides of this most human of emotions Drawing on the latest research in philosophy psychology and the social sciences *A Philosophy of Loneliness* explores the different kinds of loneliness and examines the psychological and social characteristics that dispose people to them Svendsen looks at the importance of friendship and love and he examines how loneliness can impact our quality of life and affect our physical and mental health In a provocative move he also argues that the main problem in our modern society is not that we have too much loneliness but rather too little solitude and he looks to those moments when our loneliness can actually tell us profound things about ourselves and our place in the world The result is a fascinating book about a complex and deeply meaningful part of our very being      *Solitude* Philip Koch, 1994 About the philosophical aspects of solitude      **A Philosophy Solitude, by John Cowper Powys** John Cowper Powys, 1933      *A Philosophy of Solitude* Bernard August Knauer, 1937      "I Am Myself Alone" Janina Nordius, 1997      **Loneliness in World History** Katie Barclay, 2025-02-11 This book takes a thematic approach to questions of how to define emotion and loneliness breaking down loneliness into a range of different dimensions estrangement longing homesickness isolation and considers how these phenomena appear across a range of global contexts Loneliness is a topic of current concern a downside of the anomie of the modern condition Yet emotions and experiences that share some of the features of loneliness can be found in cultures from the ancient world onwards The book engages with discussions about what loneliness might encompass and how different societies and people have experienced it raising key questions including where we place the boundaries of emotion what makes particular emotions distinctive and cultural or conversely universal and how we might engage in comparative work across languages and cultures *Loneliness in World History* provides an introduction to an important contemporary emotion across cultures and time and it is particularly suited for undergraduate students and those new to the field of the history of emotions      **Wild, Unforgettable Philosophy** Monad Rrenban, 2005-01-01 Through reading the early work of Walter Benjamin up to and including the Trauerspiel author Monad Rrenban elicits a cohesive conception of the wild unforgettable form philosophy as inherent in everything This book distinct in its analysis and depth of analysis elaborates the wild unforgettable form philosophy in relation to language the

discipline and the practice of philosophy criticism and the politics of death      *Positive Solitude* Rae André,1991 A holistic approach to the challenge of loneliness loss of community and failed relationships      **John Cowper Powys** Derek Wilton Langridge,1966      The Thomas Merton Encyclopedia William Henry Shannon,Christine M. Bochen,Patrick F. O'Connell,2002 Presents 350 alphabetized entries on American Trappist monk religious writer and poet Thomas Merton covering all of his published works as well as the persons places and themes that shaped his life      Thomas Hardy & John Cowper Powys Jeremy Robinson,1991      *Cartesian Philosophy and the Flesh* Frances Gray,2013 Cartesian Philosophy and the Flesh is an analysis and critique of interpretations of Cartesian philosophy in analytical psychology      **The Anglo-Welsh Review** ,1977      **The Center of the Web** Delese Wear,1993-08-03 The Center of the Web examines the complexities of how solitude is perceived by women Each contributor describes how solitude is a dimension of her personal and public life how she defines it if and how she seeks it where she finds it and how it influences her life The voices in the book come from varied vantage points illuminating women s perspectives of solitude with regard to class culture race and sexual identity Some essays are grounded in philosophy literature or psychology others are autobiographical and some confront the seeming dichotomy of solitude on one hand and care connection and responsibility on the other With the contemporary focus on women s experiences grounded in context and connection to others this book presents a perspective often overlooked or unexamined      **The Hidden Philosophy of Hannah Arendt** Margaret Betz Hull,2003-08-29 The central argument of this book is that Hannah Arendt s deserved place in the history of Western philosophy has been overlooked and recognition of her contribution is long overdue In part a result of Arendt s own insistence on calling herself a political thinker throughout her career this is also due to a common tendency in philosophy to denigrate the political This book explores the indisputable philosophical dimensions of her work In particular it examines Arendt s theoretical commitment to recognizing humanity as a plurality which avoids the common mistake in Western philosophy of theoretically overemphasizing the self in isolation Arendt s own personal dealings with aspects of her identity namely her Jewishness and her womanhood work to inform us of this position against solipsism
