What Do Leaders Really Do? Jeff Grout, Liz Fisher, 2007-09-24 An enormous range of literature on leadership and management theory has been produced over the years some of it highly academic and much of it contradictory *What Do Leaders Really Do* takes the basis of the best known management theories to see how they fit with the practical reality of leadership How do leaders spend their time Are they really preoccupied with strategy vision and inspiring people Do they lead by accident or design The book challenges the assumption that leaders are born not made and explores the theory that female leaders are fundamentally different from their male counterparts *What Do Leaders Really Do* Looks into the everyday working lives of well known leaders in a variety of fields business sport and the armed forces in order to identify the elements that encourage people to follow where they lead Drawing on the experiences of a wide range of leaders with varying backgrounds and roles as well as a range of respected academics and management writers this book will closely analyze the background experiences and behavior of a diverse set of leaders A central part of the analysis will be a detailed examination of what these leaders do on a day to day basis It is not a book about management theory but an accessible no nonsense guide to those theories and how they translate to real life Many people lead effectively without knowing how they do it this book

will isolate and identify the core skills and behavior displayed by effective leaders What Do Leaders Really Do is intended to be a refreshing alternative to the hundreds of academically oriented leadership books that are available The tone will be straight forward accessible and sometimes humorous rich with first person evidence and anecdotes It will dissect popular leadership theory into the easily understandable basics with reference to the practicalities of real life leadership situations After all what good is theory if it doesn t work in practice **Charter** ,1996 **The Bluffer's Guide: Bluff your way in antiques, gourmet cooking, football, interior decorating, the theatre, traveling** ,1971 **Bluff Your Way in Astrology & Fortune Telling** Alexander C. Rae,1992 In most areas bluffing is an easy way out a method of artificially appearing knowledgeable In fortune telling it is a way of life Indian Review of Books ,1993 **Accounting & Business** ,2005-02 **Bluff Your Way in the EEC** Michael Toner,1988
