Abaco The History Of An Out Island And Its Cays:

Abaco, the History of an Out Island and Its Cays Steve Dodge, 2005-01-01 Comprehensive history of Abaco Bahamas from the geologic formation of the Bahama Banks to political economic and social developments in 2005 *Abaco, the History of an Out Island and Its Cays* Steve Dodge, 1983

Cruising by MailBoat: History, Culture and Adventure in the Bahama Islands Captain Fred Braman, USN(ret), 2021-04-01 A lifelong sailor tried a different way to cruise The Bahamas MailBoats Spared from navigational duties and weather planning requirements of cruising sailors mailboats brought their own set of travel challenges It all turned into a grand adventure for this sailor and old septuagenarian friends Travel along with us and visit the real Bahamas and meet real Bahamians Learn something about a beautiful interesting and friendly country and about mailboats and how to travel on them Partake in our adventures and then maybe go yourself **A History of the Bahamian People** Michael Craton, Gail Saunders, 1992 The present work concludes the important and monumental undertaking of Islanders in the Stream A History of the Bahamian People creating the most thorough and comprehensive history yet written of a Caribbean country and its people In the first volume Michael Craton and Gail Saunders traced the developments of a unique archipelagic nation from aboriginal times to the period just before emancipation This long awaited second volume offers a description and interpretation of the social developments of the Bahamas in the years from 1830 to the present Volume Two divides this period into three chronological sections dealing first with adjustments to emancipation by former masters and former slaves between 1834 and 1900 followed by a study of the slow process of modernization between 1900 and 1973 that combines a systematic study of the stimulus of social change a candid examination of current problems and a penetrating but sympathetic analysis of what makes the Bahamas and Bahamians distinctive in the world This work is an eminent product of the New Social History intended for Bahamians others interested in the Bahamas and scholars alike It skillfully interweaves generalizations and regional comparisons with particular examples drawn from travelers accounts autobiographies private letters and the imaginative reconstruction of official dispatches and newspaper reports Lavishly illustrated with contemporary photographs and original maps it stands as a model for forthcoming histories of similar small ex colonial nations in the region

The African Diaspora to the Bahamas Keith L. Tinker, 2013-01-08 Current historiography on aspects of Bahamian history presents limited research on the African presence in the islands irrespective of the fact that arguably 85% of the population of that country is represented by such persons One primary objective of this book is to begin to more adequately address this literary omission by presenting an initial comprehensive work on the subject The book attempts to trace the origin of this migration by focusing on some of the primary dynamics of ethnicity within the context of the geo politics and geo economics of the emerging Atlantic world It is hoped that the reader will emerge with a greater awareness of and wider insight into Bahamian history and the Bahamian majority will leave with a greater sense of what it truly means to be a Bahamian Settlements in the

Americas Ralph Francis Bennett, University of Maryland, College Park. Center for Renaissance and Baroque Studies, University of Maryland Symposium: "Cross-Cultural Perspectives" (1986), Islanders in the Stream: A History of the Bahamian People Michael Craton, Gail Saunders, 2011-08-15 From two leading historians of Bahamian history comes this groundbreaking work on a unique archipelagic nation Islanders in the Stream is not only the first comprehensive chronicle of the Bahamian people it is also the first work of its kind and scale for any Caribbean nation This comprehensive volume details the full extraordinary history of all the people who have ever inhabited the islands and explains the evolution of a Bahamian national identity within the framework of neighboring territories in similar circumstances Divided into three sections this volume covers the period from aboriginal times to the end of formal slavery in 1838 The first part includes authoritative accounts of Columbus's first landfall in the New World on San Salvador island his voyage through the Bahamas and the ensuing disastrous collision of European and native Arawak cultures Covering the islands initial settlement the second section ranges from the initial European incursions and the first English settlements through the lawless era of pirate misrule to Britain's official takeover and development of the colony in the eighteenth century The third and largest section offers a full analysis of Bahamian slave society through the great influx of Empire Loyalists and their slaves at the end of the American Revolution to the purported achievement of full freedom for the slaves in 1838 This work is both a pioneering social history and a richly illustrated narrative modifying previous Eurocentric interpretations of the islands early history Written to appeal to Bahamians as well as all those interested in Caribbean history Islanders in the Stream looks at the islands and their people in their fullest contexts constituting not just the most thorough view of Bahamian history to date but a major contribution to Caribbean historiography Freebooters and Smugglers Ernest Obadele-Starks, 2007-11-01 In 1891 a young W E B DuBois addressed the annual American Historical Association on the enforcement of slave trade laws Northern greed joined to Southern credulity was a combination calculated to circumvent any law human or divine One law in particular he was referring to was the Abolition Act of 1808 It was specifically passed to end the foreign slave trade However as Ernest Obadele Starks shows thanks to profiteering smugglers like the Lafitte brothers and the Bowie brothers the slave trade persisted throughout the south for a number of years after the law was passed Freebooters and Smugglers examines the tactics and strategies that the adherents of the foreign slave trade used to challenge the law It reassesses the role that Americans played in the continuation of foreign slave transshipments into the country right up to the Civil War shedding light on an important topic that has been largely overlooked in the historiography of the slave trade **Race and Class in the Colonial Bahamas, 1880-1960** Gail Saunders, 2017-10-16 Saunders resoundingly affirms the relevance of island history Scholars will appreciate the detail and insights Choice Deftly unravels the complex historical interrelationships of race color class economics and environment in the Colonial Bahamas An invaluable study for scholars who conduct comparative research on the British Caribbean Rosalyn Howard author of Black Seminoles in the Bahamas Saunders is to be commended

for a scholarly study that prominently features the non white majority in the Bahamas a group which usually has been overlooked Whittington B Johnson author of Post Emancipation Race Relations in The Bahamas In this one of a kind study of race and class in the Bahamas Gail Saunders shows how racial tensions were not necessarily parallel to those across other British West Indian colonies but instead mirrored the inflexible color line of the United States Proximity to the U S and geographic isolation from other British colonies created a uniquely Bahamian interaction among racial groups Focusing on the post emancipation period from the 1880s to the 1960s Saunders considers the entrenched though extra legal segregation prevalent in most spheres of life that lasted well into the 1950s Saunders traces early black nationalist and pan Africanism movements as well as the influence of Garveyism and Prohibition during World War I She examines the economic depression of the 1930s and the subsequent boom in the tourism industry which boosted the economy but worsened racial tensions proponents of integration predicted disaster if white tourists ceased traveling to the islands Despite some upward mobility of mixed race and black Bahamians the economy continued to be dominated by the white elite and trade unions and labor based parties came late to the Bahamas Secondary education although limited to those who could afford it was the route to a better life for nonwhite Bahamians and led to mixed race and black persons studying in professional fields which ultimately brought about a rising political consciousness Training her lens on the nature of relationships among the various racial and social groups in the Bahamas Saunders tells the story of how discrimination persisted until at last squarely challenged by the majority of Bahamians

Yachting ,1983-10 *General History of the Caribbean* Higman, B.W., UNESCO,1905-06-21 This volume looks at the ways historians have written the history of the region depending upon their methods of interpretation and differing styles of communicating their findings The chapters discussing methodology are followed by studies of particular themes of historiography The second half of the volume describes the writing of history in the individual territories taking into account changes in society economy and political structure The final section is a full and detailed bibliography serving not only as a guide to the volume but also as an invaluable reference for the General History of the Caribbean as a whole

Cruising World ,1985-01 **Islands Magazine** ,1996-09 *Cruising World* ,1995-01 *Cruising World* ,1985-07 **General History of the Caribbean UNESCO Volume 6** NA NA,2019-06-12 Volume6 looks at the ways historians have written the history of the region depending upon their methods of interpretation and differing styles of communicating their findings The authors examine how the lingual diversity of the region has affected the historian s ability to coalesce an historical account The second half of the volume describes the writing of history in the individual territories taking into account changes in society economy and political structure This volume concludes with a detailed bibliography that is comprehensive of the entire series

Negro Comrades of the Crown Gerald Horne,2012-02-01 While it is well known that more Africans fought on behalf of the British than with the successful patriots of the American Revolution Gerald Horne reveals in his latest work of historical recovery that after 1776 Africans and African Americans continued to collaborate with

Great Britain against the United States in battles big and small until the Civil War Many African Americans viewed Britain an early advocate of abolitionism and emancipator of its own slaves as a powerful ally in their resistance to slavery in the Americas This allegiance was far reaching from the Caribbean to outposts in North America to Canada In turn the British welcomed and actively recruited both fugitive and free African Americans arming them and employing them in military engagements throughout the Atlantic World as the British sought to maintain a foothold in the Americas following the Revolution In this path breaking book Horne rewrites the history of slave resistance by placing it for the first time in the context of military and diplomatic wrangling between Britain and the United States Painstakingly researched and full of revelations *Negro Comrades of the Crown* is among the first book length studies to highlight the Atlantic origins of the Civil War and the active role played by African Americans within these external factors that led to it Listen to a one hour special with Dr Gerald Horne on the Sojourner Truth radio show

A Birder's Guide to the Bahama Islands (including Turks and Caicos) Anthony W. White, 1998 Covers the 300 Caribbean and North American species that have been recorded on all of the major islands numerous smaller cays and the less developed Family Islands This guide is the first in the series to cover a region outside of the ABA area Annotation copyrighted by Book News Inc Portland OR

Freedom and Resistance Christopher Curry, 2018-08-23 Christopher Curry recovers a social history of black loyalists in the Bahamas that highlights intra and inter racial dynamics and examines their impact on evolving Bahamian society This volume also examines the racial discord that erupted between black and white loyalists as respectively one group sought greater legal freedoms while the other sought greater economic benefits With this work Curry adds a new chapter to the global dimensions of the freedom struggle that emanated from the American Revolution

Scots-Irish Migration to the Bahamas in the Eighteenth Century Keith Tinker, Colin Brooker, 2019-12-31 Beginning in the mid 16th century and down through the 18th century thousands of immigrants of Scots Irish origin migrated to the Bahamas which included the Turks and Caicos Islands The first and smaller wave of immigrants came via Bermuda in the mid to late 1600s in the wake of the mass migration of pro Presbyterians from northern Ireland to the Americas seeking refuge from religious persecution Later in the 18th century as a consequence of the American Revolution thousands of so called Loyalists were exiled from the union of the original 13 rebellious colonies Many of those exiled were of Scots Irish origin Thousands migrated to the islands of the Bahamas where they eventually emerged as some of the leaders of society in all facets of administration and culture
