Making Love in the Twelfth Century , 2016-04-29 New sparkling translations of the Letters of Two Lovers the Tegernese Letters and selections from the Regensburg Songs Nine hundred years ago in Paris a teacher and his brilliant female student fell in love and chronicled their affair in a passionate correspondence Their 116 surviving letters some whole and some fragmentary are composed in eloquent highly rhetorical Latin Since their discovery in the late twentieth century the Letters of Two Lovers have aroused much attention because of their extreme rarity They constitute the longest correspondence by far between any two persons from the entire Middle Ages and they are private rather than institutional which means that according to all we know about the transmission of medieval letters they should not have survived at all Adding to their mystery the letters are copied anonymously in a single late fifteenth century manuscript although their style and range of reference place them squarely in the early twelfth century Can this collection of correspondence be the previously lost love

letters of Abelard and Heloise And even if not what does it tell us about the lived experience of love in the twelfth century Barbara Newman contends that these teacher student exchanges bear witness to a culture that linked Latin pedagogy with the practice of ennobling love and the cult of friendship during a relatively brief period when women played an active part in that world Newman presents a new translation of these extraordinary letters along with a full commentary and two extended essays that parse their literary and intellectual contexts and chart the course of the doomed affair Included too are two other sets of twelfth century love epistles the Tegernsee Letters and selections from the Regensburg Songs Taken together they constitute a stunning contribution to the study of the history of emotions by one of our most prominent medievalists

Biblical Women and Jewish Daily Life in the Middle Ages Elisheva Baumgarten,2022-06-07 In *Biblical Women and Jewish Daily Life in the Middle Ages* Elisheva Baumgarten seeks a point of entry into the everyday existence of people who did not belong to the learned elite and who therefore left no written records of their lives She does so by turning to the Bible as it was read reinterpreted and seen by the Jews of medieval Ashkenaz In the tellings retellings and illustrations of biblical stories and especially of those centered around women Baumgarten writes we can find explanations and validations for the practices that structured birth marriage and death women s inclusion in the liturgy and synagogue and the roles of women as community leaders givers of charity and keepers of the household Each of the book s chapters concentrates on a single figure or a cluster of biblical women Eve the Matriarchs Deborah Yael Abigail and Jephthah s daughter to explore aspects of the domestic and communal lives of Northern French and German Jews living among Christians in urban settings Throughout the book more than forty vivid medieval illuminations most reproduced in color help convey to modern readers what medieval people could have known visually about these biblical stories I do not claim that the genres I analyze here literature art exegesis mirror social practice Baumgarten writes Rather my goal is to examine how medieval Jewish engagement with the Bible offers a window onto aspects of the daily lives and cultural mentalit s of Ashkenazic Jews in the High Middle Ages In a final chapter Baumgarten turns to the historical figure of Dulcia a late twelfth century woman to ponder how our understanding of those people about whom we know relatively more can be enriched by considering the lives of those who have remained anonymous The biblical stories through which Baumgarten reads contributed to shaping a world that is largely lost to us and can help us in turn to gain access to lives of people of the past who left no written accounts of their beliefs and practices

Friendship in the Middle Ages and Early Modern Age Albrecht Classen, Marilyn Sandidge, 2011-03-29 Although it seems that erotic love generally was the prevailing topic in the medieval world and the Early Modern Age parallel to this the Ciceronian ideal of friendship also dominated the public discourse as this collection of essays demonstrates Following an extensive introduction the individual contributions explore the functions and the character of friendship from Late Antiquity Augustine to the 17th century They show the spectrum of variety in which this topic appeared not only in literature but also in politics and even in painting

His Love Endures For Ever Rachel Gardner, 2015-04-17 The repeated refrain of Psalm 136 is that God's love endures forever In the words of Samuel Francis's hymn the deep deep love of Jesus is vast unmeasured boundless free rolling as a mighty ocean full of blessing Indeed God is love 1 John 4:8-16 This is one of the most wonderful statements in the Bible It is a revelation of the very heart of God However it is also a statement that can be misunderstood or distorted when it is made to conform to cultural assumptions With wrong definitions of love pressing in upon us it is urgent that we rightly discern the true biblical revelation of God's love Garry Williams offers a form of inoculation against mistaken accounts that flatten the differences between divine and human love He sets out these differences by interpreting God's love in the midst of his trinitarian life and other divine attributes In each chapter doctrinal exploration is followed by a meditation that asks questions and invites spiritual reflection and then by a closing prayer

Three Answers to the Question "What Is Philosophy?" Stuart Dalton, 2024-02-28 Philosophy is like a party that started over 2 500 years ago and is still going strong When you take a philosophy class you re invited to join this party but walking into a party 2 500 years late can feel a little awkward This book is meant to solve that problem The best way to feel welcome is to focus on how funny philosophy is simply because its ideals are so high that humans almost never manage to reach them This book gives three answers to the question What is philosophy 1 Philosophy is a conversation that has been going on for over 2 500 years which has been full of comedy from the beginning and will continue to be funny forever if we do it right 2 Philosophy is a very awkward business that has always been on the verge of going out of business 3 Philosophy is something that makes almost everyone write very

badly In addition to this three act comedy the book also contains two practical guides to being happy and successful in philosophy classes **Medievalia Et Humanistica** ,1943 *The Letters of Heloise and Abelard* M. McLaughlin,B. Wheeler,2009-12-21 The letters of Heloise and Abelard will remain one of the great romantic and intellectual documents of human civilization while they themselves are probably second only to Romeo and Juliet in the fame accrued by tragic lovers Here for the first time in Mart Martin McLaughlin s edition is the complete correspondence with commentary *A Feminist Perspective on Virtue Ethics* S. Berges,2015-03-03 A Feminist Perspective on Virtue Ethics provides of historical survey of feminist virtue ethics and shows how the ethical theorizing of women in the past can be brought to bear on that of women in the present *His Love Endures Forever* Garry J. Williams,2016-06-14 God is love there are few more quoted statements from all of Scripture Although wonderfully simple the idea that God is fundamentally loving is incredibly profound And yet sometimes we confuse God s love with our human understanding of love an understanding that is inherently imperfect sometimes self serving and often fickle Helping us walk in the belief that God is love not that love is God this book explores what the Bible actually teaches about how and what God loves Readers will discover that although we often misunderstand misuse and take for granted God s love it s actually more wonderful pure and satisfying than we ever imagined *Imitating Christ in Magwi* Todd D. Whitmore,2019-01-24 *Imitating Christ in Magwi* An Anthropological Theology achieves two things First focusing on indigenous Roman Catholics in northern Uganda and South Sudan it is a detailed ethnography of how a community sustains hope in the midst of one of the most brutal wars in recent memory that between the Ugandan government and the rebel Lord s Resistance Army Whitmore finds that the belief that the spirit of Jesus Christ can enter into a person through such devotions as the Adoration of the Eucharist gave people the wherewithal to carry out striking works of mercy during the conflict and like Jesus of Nazareth to risk their lives in the process Traditional devotion leveraged radical witness Second Gospel Mimesis is a call for theology itself to be a practice of imitating Christ Such practice requires both living among people on the far margins of society Whitmore carried out his fieldwork in Internally Displaced Persons camps and articulating a theology that foregrounds the daily if extraordinary lives of people Here ethnography is not an add on to theological concepts rather ethnography is a way of doing theology and includes what anthropologists call thick description of lives of faith Unlike theology that draws only upon abstract concepts what Whitmore calls anthropological theology is consonant with the fact that God did indeed become human It may well involve risk to one s own life Whitmore had to leave Uganda for three years after writing an article critical of the President but that is what imitatio Christi sometimes requires

Constructions of Feminine Identity in the Catholic Tradition Christopher M. Flavin,2020-01-08 *Constructions of Feminine Identity in the Catholic Tradition* examines the ways in which late classical medieval women s writings serve as a means of emphasizing both faith and social identity within a distinctly Christian and later Catholic tradition which remains a major part of the understanding of faith and the self Flavin focuses on key texts from the lives of desert saints and the *Passio*

The Rise and Fall of Soul and Self Raymond Martin, John Barresi, 2006-06-20 This book traces the development of theories of the self and personal identity from the ancient Greeks to the present day From Plato and Aristotle to Freud and Foucault Raymond Martin and John Barresi explore the works of a wide range of thinkers and reveal the larger intellectual trends controversies and ideas that have revolutionized the way we think about ourselves The authors open with ancient Greece where the ideas of Plato Aristotle and the materialistic atomists laid the groundwork for future theories They then discuss the ideas of the church fathers and medieval and Renaissance philosophers including St Paul Philo Augustine Aquinas and Montaigne In their coverage of the emergence of a new mechanistic conception of nature in the seventeenth century Martin and Barresi note a shift away from religious and purely philosophical notions of self and personal identity to more scientific and social conceptions a trend that has continued to the present day They explore modern philosophy and psychology including the origins of different traditions within each discipline and explain both the theoretical relevance of feminism and gender and ethnic studies and also the ways that Derrida and other recent thinkers have challenged the very idea that a unified self or personal identity even exists Martin and Barresi cover a number of issues broached by philosophers and psychologists such as the existence of a fixed and unchanging self and whether the concept of the soul has a use outside of religious contexts They address the question of whether notions of the soul and the self are still viable in today s world Together they reveal the fascinating ways in which great thinkers have grappled with these and other questions and the astounding impact their ideas have had on the

development of self understanding in the west *Religious and Cultural Implications of Technology-Mediated Relationships in a Post-Pandemic World* Ilia Delio, Noreen Herzfeld, Robert Nicastro, 2023-06-07 Technology is an integral part of our world. But how does human technology affect our ability to be present to one another, to God, to ourselves, and to the world around us? Modern technologies are reshaping human relationships. While they offer new possibilities for presence across time and space, they also function as either a substitute for human relationships or as a filter that mediates relationships between ourselves and others. In our technologically saturated world, it is vital that we become aware of how these technologies alter our perceptions, our actions, and our relationships. *Religious and Cultural Implications of Technology-Mediated Relationships in a Post-Pandemic World* offers a variety of positions on how technology is influencing religious, communal, and cultural life. There is no doubt that our interaction with technology will shape the human community up ahead. These essays provide a basis for thoughtful choice and action.
