Biust Nurse Post 2015:

Historical Dictionary of Botswana Barry Morton, Jeff Ramsay, 2018-06-13 The death of Botswana's last founding father Sir Ketumile Masire in June 2017 marked the end of an era. Since the release of the Fourth Edition of Historical Dictionary of Botswana in 2008, Botswana has gone through its most turbulent and divided decade to date. Throughout September 2016, when Botswana celebrated its 50th anniversary of independence, all the successes of the Seretse and Masire era were sources of massive national pride. Botswana had expanded provisions of electricity, water, education, and health services to almost all of its people and become a model nation that owned its natural resources and plowed the profits back into the nation's development. Despite these successes, Botswana has a high unemployment rate of about 20 percent and a much larger cohort of the underemployed. This fifth edition of Historical Dictionary of Botswana contains a chronology, an introduction, appendixes, an extensive bibliography, and more than 700 cross-referenced entries on important personalities and aspects of the country's politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Botswana.

Dark Side of Nursing Training Farida Mughal, 2019-01-25 A shocking inside story of what a Student Nurse has experienced at Educational and Healthcare settings with eye-opening facts for the world, including Human Rights Organisations. This memoir, written in 7 parts, is my own work. Names and places mentioned are fictitious to protect confidentiality under Data Protection Act 1998. Part 1 is based on my real-life experiences of working in a Healthcare sector seen by Fresh Eyes of a Whistleblower's perspective. It is an honest and true expression of both the best side and the worse side of how patients are dealt with and treated at healthcare settings. It shows the dedication and professionalism of Doctors, Nurses, and Healthcare Assistants. It also exposes the Dark Side of some staff who neglect patient care and in doing so endanger their lives. Part 2 is based on my experiences of studying Nursing at a University. It shows how Universities and Healthcare staff collaborate to abuse Student Nurses who speak on behalf of the patients and identify malpractices. They are dishonest, corrupt, and will resort to any means to punish the students who speak out. They join hands with each other, manipulate the facts, paint a distorted picture of the students, lower their grades, and report lies with dishonesty. Unfortunately, biased University Tutors have authority to fail a student on academic grounds, and students are left helpless as no one can intervene in their decision, however wrong it might be. As a Whistleblower, I faced continuous ongoing detriments after I identified drug administration errors at a Psychiatric Hospital. What the University did to me is exposed in this part of my book. All statements are evidence-based. Part 3 explains how the University dealt with my formal complaint. Again, the University staff collaborated with others and tried to cover up corruption and wrongdoings of their colleagues. University's complaint procedures in place are totally ineffective and only used to cover up and show compliance. Part 4 explains my struggle to get justice as a Whistleblower. Unfortunately, Justice turned a blind eye to the evidence that was presented to the Court of Law. In absence of legal representation, my case was

dismissed within 2 days on a plea that the Whistleblowers law came into effect in April 2015 and does not cover my matter retrospectively Hon Judge disagreed with my plea that I had faced continuous ongoing detriments after Whistleblowing as a Student Nurse Part 5 of the book narrates my struggle to approach Office of Independent Adjudicators OIA available as a last resort This struggle took another 10 months to arrive at a disappointing decision yet again OIA concluded in its outcome that University was responsible for many violations and wrongdoings in their procedures None of the Fitness to Practice were justified University applied 3 unjust FTP s during my studies which can terminate a Nursing career OIA suggested that the University should apologise and pay 1500 as compensation for my distress There was no mention of awarding my Nursing Degree OIA completely ignored University s dishonesty to manipulate my grades corruption and lies to stop me from qualifying as a Nurse Part 6 includes my last attempt to get help in the light of OIA s outcome Armed with OIA s report I approached Government Hierarchy Educational and Placement settings to seek their help and support without success Part 7 concludes where I am now Prior to starting my Nursing Degree I was working in Healthcare Sector as a Band 3 Specialist Nursery Nurse After completing 3 years of Nursing Studies and being announced a Healthcare Degree I am working as a Band 2 Healthcare Assistant from the last 5 years on a zero contract basis I applied for several positions attended successful interviews but was not offered a job I believe that University has blacklisted me and added some comments on my accessible data to destroy my career
