In Search of the New Testament Church C. Douglas Weaver, 2008 When John Smyth organized the first Baptist church he wanted to establish the New Testament church believer's baptism was the missing link Baptists of subsequent eras often continued the search to embody New Testament Christianity Unique to surveys of Baptist life Doug Weaver highlights this restorationist theme as a way to understand Baptist identity Weaver does not force the theme but the search is ever present It is found in the insistence upon believer's baptism but also in examples like the Sabbath worship of Seventh Day Baptists the nine rites of colonial Separate Baptists the women preachers of Free Will Baptists the trail of blood of Landmarkism the social gospel of Walter Rauschenbusch the fundamentals of fundamentalism and the ministry of the European pioneer Johann Oncken Like other recent Baptist studies Weaver describes Baptist diversity Still he highlights the persistent commitment of most Baptists to an informal constellation of Baptist distinctives Alongside the quest for the New Testament church and congregational community Weaver especially highlights the Baptist commitment to religious liberty and the individual conscience This emphasis while later reinforced by

Enlightenment ideals could already be found in the biblicist piety of the earliest Baptists who insisted that individual believers must have the right to choose their religious beliefs because they would stand alone before God at the final judgment Both chronological and thematic this book addresses such themes as the role of women the social gospel ecumenism charismatic influences and theological emphases in Baptist life The book s focus is America but it also includes helpful introductory chapters on early English Baptists and international Baptists *Bobbed Hair, Bossy Wives, and Women Preachers* John R. Rice, 2000-08

Text Mining Chris Biemann, Alexander Mehler, 2014-12-19 This book comprises a set of articles that specify the methodology of text mining describe the creation of lexical resources in the framework of text mining and use text mining for various tasks in natural language processing NLP The analysis of large amounts of textual data is a prerequisite to build lexical resources such as dictionaries and ontologies and also has direct applications in automated text processing in fields such as history healthcare and mobile applications just to name a few This volume gives an update in terms of the recent gains in text mining methods and reflects the most recent achievements with respect to the automatic build up of large lexical resources It addresses researchers that already perform text mining and those who want to enrich their battery of methods Selected articles can be used to support graduate level teaching The book is suitable for all readers that completed undergraduate studies of computational linguistics quantitative linguistics computer science and computational humanities It assumes basic

knowledge of computer science and corpus processing as well as of statistics *Godly Clergy in Early Stuart England* Tom Webster, 1997 This book reconsiders the existence of an early Stuart Puritan movement and examines the ways in which Puritan clergymen encouraged greater sociability with their like minded colleagues both in theory and in practice to such an extent that they came to define themselves as a peculiar people a community distinct from their less faithful rivals Their voluntary communal rituals encouraged a view of the world divided between us and them This provides a context for a renewed examination of the thinking behind debates on ceremonial nonconformity and reactions to the Laudian changes of the 1630s From this a new perspective is developed on arguments about emigration and church government arguments that proved crucial to Parliamentary unity during the English Civil War How to Trade Online as a Beginner R. Rond, It is huge step when you make the decision to become a financial market trader Most brand new traders are getting into this business because they think they can make quick money and become rich beyond their dreams and while that could happen and may be true it is not as easy as one thinks and certainly will not happen as soon as one thinks New people most of the time have not done their research and have no idea they are entering a business where there are people in the live market who will walk over dead bodies to make money They are entering a business where the smart money in the business are looking to drain your trading account on a daily basis and most of the time they do because new people come into the business unprepared or at best under prepared as well as underfunded don't be that trader To drive your own money train takes a lot of training and education This short book will give you a basic start on getting your money train driver's license There is a bonus section at the end of this book where there are some great tips to help you get started trading on demo There are some great extra links to more free learning information When you are done reading this book you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education The information in this book will put you on the fast track to becoming a successful self directed currency investor and trader

More Perfect Unions Rebecca L. Davis,2010-07-31 The American fixation with marriage so prevalent in today's debates over marriage for same sex couples owes much of its intensity to a small group of reformers who introduced Americans to marriage counseling in the 1930s Today millions of couples seek help to save their marriages each year Over the intervening decades marriage counseling has powerfully promoted the idea that successful marriages are essential to both individuals and the nation's well being Rebecca Davis reveals how couples and counselors transformed the ideal of the perfect marriage as they debated sexuality childcare mobility wage earning and autonomy exposing both the fissures and aspirations of American society From the economic dislocations of the Great Depression to more recent debates over government funded Healthy Marriage programs counselors have responded to the shifting needs and goals of American couples Tensions among personal fulfillment career aims religious identity and socioeconomic status have coursed through the history of marriage and explain why the stakes in the institution are so fraught for the couples involved and for the communities to which they belong Americans care deeply about marriages their own and other people's because they have made enormous investments of time money and emotion to improve their own relationships and because they believe that their personal decisions about whom to marry or whether to divorce extend far beyond themselves This intriguing book tells the uniquely American story of a culture gripped with the hope that with enough effort and the right guidance more perfect marital unions are within our reach
