exclusion and inclusion addressing related concepts of empowerment ethnocracy the feminisation of migration and gendered geographies of power liberal constraint and multiculturalism individual agency migrant friendly discourses spaces of emancipation and spaces of insecurity The book highlights current research in the Arab Gulf states and examines multiculturalism in Asia more broadly It will be of particular interest to students and researchers in international labour migration studies in the Middle East and Asia *Commonwealth Yearbook* Nexus Strategic Publishers, 2014-07-28 The Commonwealth Yearbook is the flagship annual publication of the Commonwealth Secretariat It is the essential reference guide to the countries organizations activities and values of the modern Commonwealth The 2014 edition has been fully updated and includes reports from the 2013 Commonwealth Heads of Government Meeting a directory of Commonwealth organizations and extensive reference sections and in depth profiles on each of the 53 member countries *The Central Government-Funded Teacher Education Policy in China* Yi Liu, 2023-10-20 This book utilises expectancy value theory and undermining effect of extrinsic reward theory to examine the impact of the Central Government Funded Teacher Education CGFTE policy on Chinese pre service teachers motivations for choosing the teaching profession Quantitative data analysis revealed six distinct categories of motivations to teach teacher influence job advantages extrinsic social value altruistic personal interest intrinsic others suggestions and fallback career These categories were further exemplified in ten narrative stories The findings indicate that the CGFTE policy attracts high school graduates with higher intrinsic motivation to enrol in teacher training programs but it seems ineffective in increasing their intrinsic career choice motivation It is argued that the CGFTE policy which emphasises extrinsic benefits but limits professional development does not have a significant negative impact on pre service teachers motivation to choose teaching This conclusion is supported by the offsetting effects of the policy s restrictive and encouraging aspects as explained by expectancy value theory and the qualitative data Nevertheless the intrinsic motivation of policy funded pre service teachers did not improve as much as that of their self supported counterparts indicating potential undermining effects of the policy The study concludes by discussing the implications of these findings for enhancing the CGFTE policy teacher training and career education in China The book will be an essential read for students and scholars of higher education Chinese studies and educational studies in general **Continuity and Change in Brunei Darussalam** Victor T. King, Stephen C. Druce, 2020-10-29 This book analyses the processes of social and economic change in Brunei Darussalam Drawing on recent studies undertaken by both locally based scholars and senior researchers from outside the state the book explores the underlying strengths characteristics and uniqueness of Malay Islamic Monarchy in Brunei Darussalam in a historical context and examines these in an increasingly challenging regional and global environment It considers events in Brunei s recent history and current socio cultural transformations which give expression to the traumatic years of decolonisation in Southeast Asia A wide range of issues focus on foreign non Bruneian narratives of Brunei as against insider or domestic accounts of the sultanate the status of minority ethnic groups in Brunei

and the concept of Brunei society as well as changes in the character and composition of the famous water village Kampong Ayer as the cultural heartland of Brunei Malay culture and the socio cultural and economic effects of the resettlement of substantial segments of the population from a life on water to a life on land A timely and very important study on Brunei Darussalam the book will be of interest to anthropologists sociologists historians geographers and area studies specialists in Southeast Asian Studies and Asian Studies      **The New and Correct Date of the Terengganu Inscription** Ahmat

Adam,2022-12-06 The Terengganu Stone has generally been accepted as one of the oldest archaeological artifacts for the evidence of the arrival of Islam to Malaysia and Southeast Asia more generally Since its discovery in 1887 the Terengganu Inscription has drawn much interest from scholars of various disciplines Yet in this volume Emeritus Professor Dr Ahmat Adam argues that scholarship on the Inscription has consistently misdated the stone and misrepresented its true content Through philological and historical analysis he argues that the correct date of the Inscription is not 702 H or 1303 A D but 708 H or 1308 A D and that the Inscription also reveals the usage of a unique calendrical system in the early 14th century alongside other clues to the nature of historical Malay society      Malaysia, Singapore & Brunei ,2007      **Routledge**

Quah,2015-03-24 Research on the family has expanded considerably across Asia but studies tend to be fragmented focusing on narrow issues within limited areas cities towns small communities and may not be accessible to international readers These limitations make it difficult for researchers students policy makers and practitioners to obtain the information they need The Routledge Handbook of Families in Asia fills that gap by providing a current and comprehensive analysis of Asian families by a wide range of experts in a single publication The thirty two chapters of this comparative and multi disciplinary volume are organized into nine major themes conceptual approaches methodological issues family life in the context of culture family relationships across the family life cycle issues of work and income stress and conflict family diversity family policy and laws and environmental setting of homes Each chapter examines family life across Asian countries studying cultural similarities and differences and exploring how families are changing and what trends are likely to develop in the future To provide a fruitful learning experience for the reader each chapter offers examples relevant data and a comprehensive list of references Offering a complete interdisciplinary overview of families in Asia the Handbook will be of interest to students academics policy makers and practitioners across the disciplines of Asian Studies Sociology Demography Social Work Law Social Policy Anthropology Geography Public Health and Architecture
