Crisis Music John Caps,2021-10-27 Story like chapters profile six twentieth century reactive composers not the most famous pillars of the period but lesser known perhaps more approachable characters whose stories span that 1900 2000 period from decadent fin de si cle Vienna Alban Berg Alexander Zemlinsky to war torn Paris Olivier Messiaen Arthur Honegger to the Cold War tensions of East vs West T ru Takemitsu and late century Communism Arvo P rt Their stories were all very different crises and they produced very different kinds of music each very telling of their composers life and times Crisis Music presents each brief biography almost like a detective story looking for motives then spotlights one particular piece of music from each composer that emerged directly out of hard times maybe a political crisis at the time of composition Hitler marching into Paris or later Communist crack downs or some personal angst such as illness or scandal and how that music contains and expresses crisis In short the subject for discussion is how context influences content Such troubled and especially vivid composition crisis music can often be most compelling and meaningful for its composer and for its time Indeed their music also seems to have a special resonance to share with our own crisis prone times And meanwhile Western music history played out its own story from late romantic style to Serialism and Minimalism to the anything goes Pluralism we hear today Crisis Music sparks the discussion about how history biography and music intersects At the behest of music
