controversy when South Park's creators parodied Scientology in an episode that caused the cult's leaders to order him to quit the show. Although Hayes was honored by the Rock Roll Hall of Fame in 2002, the brouhaha came as his seemingly perfect body finally broke down. He died in 2008 at age sixty-eight, too soon for a soul titan. But if only greatness can establish permanence in the cellular structure of music, Isaac Hayes long ago qualified. His influence will last for as long as there is music to be heard. And when we hear him in that music, we will by rote say, "We can dig it."
