Community College and Beyond José R. Del Real Viramontes, Marissa C. Vasquez, 2023-08-01 As the transfer disparity persists among Latina o x community college students and continues to widen for those seeking to complete their baccalaureate degree we asked ourselves three questions 1 How do Latina o x community college students navigate the transfer preparation and decision making process 2 Once at the university how do Latina o x transfer students negotiate their identities and lived experiences as they persist towards graduation and beyond And 3 What policies practices and programs at both two and four year institutions facilitate access persistence and completion for Latina o x community college transfer students These reflections prompted us to seek answers This is the first edited book to provide much needed theoretical and empirical insights on Latina o x students who enter postsecondary education through the community college Our book offers a comprehensive outlook on the pre and post transfer experiences of Latina o x students written by scholars and scholarpractitioners working in the field of higher education In addition we include specific sections that speak directly to policies practices and theory that address transfer pathways for Latina o x community college and transfer students
