wife or bad mother But it s exactly this fear of ambition that has forced women to leave the best part of themselves their dreams their great talents by the roadside rendering them less able to be the whole people they should be in every area of their lives Condren has a new message and mission to remind women that ambition is a virtue not a vice Ambition is the best of who we are The real way to have a great life is to see ambition as a part of your value system to which you must give equal attention along with the other priorities you hold dear including your spouse your children and your friends In *Ambition is Not a Dirty Word* Dr Condren offers fresh powerful tools for reclaiming your dreams Her eight Ambitious Rules provide concrete innovative solutions to the everyday struggles we as women face like taking credit deflecting detractors and handling confrontation so that you can become more powerful and fulfilled at work and more satisfied at home You can redefine your ambition in the face of social sanctions and unapologetically go after your dreams without sacrificing the rest of your life You owe it to yourself and the world to make the contribution you were born to make Debra Condren will show you how to do it
