The companion website features a teacher's guide and image bank that facilitate use in the classroom, providing additional examples of design principles in action. Legitimizing Television Michael Z Newman, Elana Levine, 2012-02-27 Legitimizing Television Media Convergence and Cultural Status explores how and why television is gaining a new level of cultural respectability in the 21st century Once looked down upon as a plug in drug offering little redeeming social or artistic value television is now said to be in a creative renaissance with critics hailing the rise of Quality series such as Mad Men and 30 Rock Likewise DVDs and DVRs web video HDTV and mobile devices have shifted the longstanding conception of television as a household appliance toward a new understanding of TV as a sophisticated high tech gadget Newman and Levine argue that television's growing prestige emerges alongside the convergence of media at technological industrial and experiential levels Television is permitted to rise in respectability once it is connected to more highly valued media and audiences Legitimation works by denigrating ordinary television associated with the past distancing the television of the present from the feminized and mass audiences assumed to be inherent to the old TV It is no coincidence that the most validated programming and technologies of the convergence era are associated with a more privileged viewership The legitimization of television articulates the medium with the masculine over the feminine the elite over the mass reinforcing cultural hierarchies that

have long perpetuated inequalities of gender and class Legitimizing Television urges readers to move beyond the question of taste whether TV is good or bad and to focus instead on the cultural political and economic issues at stake in television s transformation in the digital age **Atomic Ranch** Michelle Gringeri-Brown,2006-08-29 An in depth exploration of midcentury residential architecture in America with extensive photos and design tips included Post World War II ranches 1946 1970 range from the decidedly modern gable roofed Joseph Eichler tracts in the San Francisco Bay area and butterfly wing houses in Palm Springs Florida to the unassuming brick or stucco L shaped ranches and split levels so common throughout the United States In this book Michelle Gringeri Brown and Jim Brown founders and publishers of the popular quarterly Atomic Ranch magazine extol the virtues of the tract split level rambler home and its many unique qualities private front facades open floor plans secluded bedroom wings walls of glass and an easy living style From updated homes with high end Italian kitchens terrazzo floors and modern furniture to affordable homeowner renovations with eclectic thrift store furnishings Atomic Ranch presents twenty five homes showcasing inspiring examples of stylish living through beautiful color photographs including before and after shots design tip sidebars and a thorough resource index Atomic Ranch reveals Hallmarks of the ranch style Inspiring original ranch homes Ranch house transformations and makeovers Preservation of mid century neighborhoods Adding personality to a ranch home Yards and landscaping A helpful resource section and index
