Abandoned A Thriller Smoky Barrett:

Abandoned Cody McFadyen, 2009 The woman had been missing for almost eight years Someone watched her stalked her kidnapped her and held her captive in the dark all that time No ransom demand and no suspects No answers even now that the woman has been found thrown from an unmarked car in front of a beachside wedding alive but unbearably traumatised All she can do is scream Tracking a kidnapper who appears to have no motive FBI Special Agent Smoky Barrett and her team are plunged into the most sinister and disturbing case of their careers Then they start to find the others Abandoned Cody McFadyen, 2009-10-27 For FBI Special Agent Smoky Barrett her colleague's wedding is cause for celebration Until a woman staggers down the aisle incoherent wearing only a white nightgown A fingerprint check determines that she's been missing for nearly eight years Her coldly efficient captor toyed with her mind and body imprisoning her depriving her of any contact with the outside world As Smoky fits together the pieces of what remains of the victim's fractured life a chilling picture emerges of a cerebral psychopath who doesn't take murder personally never makes a mistake follows his own sinister logic and has set the perfect trap

Talking Book Topics, 2011-11 *Digital Talking Books Plus*, 2011 *American Noir* Barry Forshaw, 2017-04-26 Barry Forshaw is acknowledged as a leading expert on crime fiction and film Following his books on Nordic Noir Brit Noir and Euro Noir he now tackles the largest and some might argue most impressive body of crime fiction from a single country the United States to produce the perfect reader's guide to modern American crime fiction The word Noir is used in its loosest sense every major living American writer is considered including the giants Harlan Coben Patricia Cornwell James Lee Burke James Ellroy and Sara Paretsky as well as non crime writers such as Stephen King who stray into the genre often through a concentration on one or two key books Many exciting new talents are highlighted and Barry Forshaw's knowledge of and personal acquaintance with many of the writers grants valuable insight into this massively popular field But the crime genre is as much about films and TV as it is about books and American Noir is a celebration of the former as well as the latter US television crime drama in particular is enjoying a golden age and all of the important current series are covered here as well as key contemporary films
