Magda Teter

Aquinas And The Jews The Middle Ages Series:

Jews and Heretics in Catholic Poland Magda Teter, 2005-12-26 Jews and Heretics in Catholic Poland takes issue with historians common contention that the Catholic Church triumphed in Counter reformation Poland In fact the Church's own sources show that the story is far more complex From the rise of the Reformation and the rapid dissemination of these new ideas through printing the Catholic Church was overcome with a strong sense of insecurity The infidel Jews enemies of Christianity became symbols of the Church's weakness and simultaneously instruments of its defence against all of its other adversaries This process helped form a Polish identity that led in the case of Jews to racial anti Semitism and to the exclusion of Jews from the category of Poles This book portrays Jews not only as victims of Church persecution but as active participants in Polish society who as allies of the nobles placed in positions of power had more influence than has been Jews in Medieval Christendom Kristine T. Utterback, Merrall L. Price, 2013-09-15 In Jews in Medieval recognised Christendom Slay Them Not an international group of scholars from numerous disciplines examines the manifold ways that medieval Christians coped with the presence of Jews in their midst The collection s touchstone comes from St Augustine s interpretation of Psalm 59 11 Slay them not lest my people forget scatter them by thy power and bring them down as it applied to Jews in Christendom an interpretation that deeply affected medieval Christian strategies for dealing with Jews in Europe This collection analyzes how medieval writers and artists often explicitly invoking Augustine employed his teachings on these strangers within Christian Europe Contributors include Nancy Bishop Kate McGrath Irven Resnick Ephraim Shoham Steiner K M Kletter Robert Stacey Jennifer Hart Weed Jay Ruud Kristine T Utterback Merrall LLewelyn Price Eveline Brugger Birgit Wiedl Carlee A Bradbury Judy Schaaf Barbara Stevenson Miriamne Ara Krummel Albrecht Classen

Meeting the Foreign in the Middle Ages Albrecht Classen, 2002 First Published in 2002 Routledge is an imprint of Taylor Francis an informa company The New Covenant Torah in Jeremiah and the Law of Christ in Paul Femi Adeyemi, 2006 Original Scholarly Monograph Entangling Web Alec Ryrie, Mark A. Lamport, 2024-03-19 Europe has a tremendously important role in the history of Christianity and was the continent with the most Christians from roughly the year 900 to 1980 However Europe is now home to only 22 percent of all Christians in the world down from 68 percent in 1900 The major trend of European religion in the twentieth and twenty first centuries has been secularization disestablishment and decreased influence of state churches lower importance of religion in the public sphere the decline of religious beliefs and practices and individual religious switching from Christianity to atheism and agnosticism One hundred years ago it was true that the typical Christian in the world was a white European Given current trends however Europe is clearly no longer the geographic nor demographic center of world Christianity Yet that does not mean Europe has no role in the future It is still the home of major Christian communions such as Catholics Rome Anglicans Canterbury Russian Orthodox Moscow and Lutherans Geneva European mission agencies are active throughout the world providing theological education

and social welfare programs combatting climate change and advocating for gender equality On the Government of Rulers Bartholomew (of Lucca), 1997 The book that influenced much of the political thought of the later Middle Ages the Renaissance and the Early Modern period is presented in a translation by James Blythe history U of Memphis Ptolemy who is considered a proto Humanist by some combined the principles of Northern Italian republicanism with Aristotelian theory He was the first to attack kingship as despotism and to draw parallels between ancient Greek models of mixed constitution and the Roman Republic biblical rule the Church and medieval government Annotation copyrighted by Book News Inc Portland The Middle Ages Frank N. Magill, 2012-11-12 Each volume of the Dictionary of World Biography contains 250 OR entries on the lives of the individuals who shaped their times and left their mark on world history. This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements. The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography The Quest for the Christ Child in the Later Middle Ages Mary Dzon, 2017-03-09 Beginning in the twelfth century clergy and laity alike started wondering with intensity about the historical and developmental details of Jesus early life Was the Christ Child like other children whose characteristics and capabilities depended on their age Was he sweet and tender or formidable and powerful Not finding sufficient information in the Gospels which are almost completely silent about Jesus childhood medieval Christians turned to centuries old apocryphal texts for answers In The Quest for the Christ Child in the Later Middle Ages Mary Dzon demonstrates how these apocryphal legends fostered a vibrant and creative medieval piety Popular tales about the Christ Child entertained the laity and at the same time were reviled by some members of the intellectual elite of the church In either case such legends so persistent left their mark on theological devotional and literary texts The Cistercian abbot Aelred of Rievaulx urged his monastic readers to imitate the Christ Child's development through spiritual growth Francis of Assisi encouraged his followers to emulate the Christ Child's poverty and rusticity Thomas Aguinas for his part believed that apocryphal stories about the Christ Child would encourage youths to be presumptuous while Birgitta of Sweden provided pious alternatives in her many Marian revelations Through close readings of such writings Dzon explores the continued transmission and appeal of apocryphal legends throughout the Middle Ages and demonstrates the significant impact that the Christ Child had in shaping the medieval religious imagination The Papacy, the Jews, and the Holocaust Frank J. Coppa, 2006 The Papacy has long played a crucial role in western civilization Tomany its history and theology have seemed steeped in hostility towardthe Jews In the post World War II era the initial focus was on PopePius XII s stance during the Holocaust it soon expanded however to the broader question of the papacy and the Jews The present worktranscends the thicket of controversy and provides a historical account of the relationship between the papacy and the Jews in the modern

age and the interaction between clerical anti Judaism and secularanti Semitism In light of the polemical debate this subject has arousedduring the past half century this is no small task In this work acclaimed author and historian Frank J Coppa once The Mortara Case and Thomas Aguinas's Defense of Jewish Parental again proves acapable guide to exploring the issue Authority Matthew Tapie, 2025 The Mortara case refers to Pope Pius IX s 1858 removal of a six year old Jewish boy Edgardo Mortara from his parents in Bologna Italy Six years after the child was born it was reported that the family s Christian housekeeper had baptized him after he had fallen ill as an infant and was allegedly in danger of death Since canon law and civil law stipulated that a baptized child must be raised Catholic Pius IX used his power as head of the Papal States to remove Edgardo from his family so he could receive a Christian education Scholars on both sides of the contemporary debate over Pius IX s decision to remove the child frequently appeal to the teaching of Thomas Aguinas to make their arguments However the discussion has overlooked an important fact the question of how Aquinas s teaching applied to the case was at the center of the dispute between the Mortara family and Pius IX in 1858 Indeed the Mortara family and the Roman Jewish community submitted to the Vatican a two part document Pro memoria and Syllabus that appealed to Aguinas to argue for the return of the child However the Vatican's reply Brevi cenni denied the request and cited Aguinas's teaching to argue that Edgardo's baptism was valid and that he therefore belonged to the Church Who had the correct interpretation of Aguinas s thought And how does this answer impact Catholic theology and Catholic Jewish relations today The Mortara Case and Thomas Aguinas s Defense of Jewish Parental Authority assesses the claims of both sides of the contemporary debate through an analysis of Aguinas s teaching as it is interpreted in the original Italian and Latin documents from the 1858 case which are housed in the Vatican Apostolic Archives The complete text of these documents are reproduced here with facing English translations for the first time Tapie demonstrates that for Aguinas Jewish parental authority is an order of the natural law which Aguinas likened to a spiritualis uterus spiritual womb Since Jewish parental authority is an order of the natural law it cannot be opposed to God's grace The Mortara Case and Thomas Aguinas's Defense of Jewish Parental Authority is the first book length study to examine Aquinas s teaching against baptism of Jewish children invitis parentibus against the will of parents in its thirteenth century context The book also treats the reception history of Aquinas s thought among his Dominican defenders who advanced his position from the late thirteenth century into the middle of the sixteenth century Tapie s study concludes by examining the current Code of Canon Law on infant baptism for children of non Catholic parents as well as its relation to the Second Vatican Council's teaching on religious freedom and the Jewish people **Inhumanities** David B. Dennis, 2012-09-20 A revealing account of how Nazi Germany manipulated and mobilized European literature philosophy art and music to support its ideological ends The Jew in the Art of the Italian Renaissance Dana E. Katz, 2008-06-04 Dana E. Katz reveals how Italian Renaissance painting became part of a policy of tolerance that deflected violence from the real world onto a symbolic world While the rulers upheld toleration legislation governing Christian Jewish relations they simultaneously

supported artistic commissions that perpetuated violence against Jews **Answering Jewish Objections to Jesus** Michael L. Brown,2000-02 I won t betray my ancestors **Philosophy and Rabbinic Culture** Gregg Stern, 2013-09-05 Philosophy and Rabbinic Culture is a study of the great and curiously underappreciated engagement of a Medieval European Jewish community with the philosophic tradition This lucid description of the Languedocian Jewish community's multigenerational cultivation of and acculturation to scientific and philosophic teachings into Judaism fulfils a major desideratum in Jewish cultural history. In the first detailed account of this long forgotten Jewish community and its cultural ideal the author gives an expansive reappraisal of the role of the philosophic interpretation in rabbinic culture and medieval Judaism Looking at how the cultural ideal of Languedocian Jewry continued to develop and flourish throughout the thirteenth and fourteenth centuries with particular reference to the literary style and religious teaching of the great Talmudist Menahem ha Meiri Stern explores issues such as Meiri's theory of civilized religions including Christianity and Islam controversy over philosophy and philosophic allegory in Languedoc and Catalonia and the cultural significance of the medical use of astrological images This book will be of great interest to scholars and students of Religion of Judaism in particular and of Philosophy History and Medieval Europe as well as those interested in Jewish Christian relations the Church Matthew A Tapie, 2015-02-26 Theologians have long debated the significance of the Jewish religion for the Christian Church Some scholars see Thomas Aguinas as the leading advocate of the belief that Israel has been superceded by the Church while others hold that Aguinas avoids supersessionism altogether The discussion has however not always analysed the terminology nor has it taken into account some of Aquinas s commentaries on Paul s letters his writings most relevant to the subject Drawing upon the Pauline commentaries Matthew Tapie shows that while Aguinas s most commonly articulated view is that the passion of Christ made Jewish worship and the Mosaic law obsolete Aguinas also advanced views that set this into question in ways that support Christianteachings affirming the value of post biblical Judaism In doing so he provides both a rich and timely reminder of the ambiguities in Aquinas s thought and makes an important contribution to the **German Literature Between Faiths** Peter Meister, 2004 Religion is a central concern of literature of supersessionism German literature in all centuries and the canon looks different when this perspective is acknowledged For example Goethe s fascination with evil is difficult to disentangle from the Holocaust Moses Mendelssohn is as profound as the playwright who portrayed him and Princess Sabbath deserves to be numbered among Heine's more enchanting lyrics This essay collection posits and tests the hypothesis that German literature at its best is often an expression or investigation of Judaism or Christianity at their best but that the best German literature is not always the best known and vice versa Asking whether the New Testament is anti Jewish and answering in the negative essayists range through the German centuries from The Heliand to Kafka and Thomas Mann Living Letters of the Law Jeremy Cohen, 1999-11-11 Well clearly and articulately written Living Letters of the Law is among the most important books in medieval European history generally as well as in its
