An Apple Story Can Akdeniz, 2014-11-17 The secret to sales success is something that companies spend years searching for; it is the ultimate goal for any business. However, selling well enough to break even is quite a bit different than selling enough to put you in the record books. Apple Inc. has spent the past 15 years climbing to the top of the technology market, a spectacular rise that has been accelerated by more than 500 million iPhone sales in less than seven years. Apple's unique strategies to reach such unprecedented heights are included in this book and can act as valuable lessons for other companies to expand into the next echelon of success.

The Apple Experience: Secrets to Building Insanely Great Customer Loyalty Carmine Gallo, 2012-03-29 Examines Apple's unique customer service strategy, showing how these same practices can be used for success in other retail arenas.

Finding the Lost Art of Empathy Tracy Wilde-Pace, 2019-05-21 Pastor Tracy Wilde reflects on the absence of empathy in today's world and shares how Christians can renew their compassion to help unify not only the church but society as well. In this timely and refreshing guide, achieving meaningful relationships and cultivating lasting connections with others are often some of the most valuable experiences of our lives. So why can it sometimes feel so difficult to relate to the people around us if we all share the same human desire to bond? In *Finding the Lost Art of Empathy*, Tracy Wilde addresses the reasons why we struggle with showing empathy toward others and explains why we ultimately avoid it and even avoid contact with others altogether. She explores the different facets that have promoted isolation instead of community and provides the antidote for a more unified, loving, and empathetic society. Inspirational and encouraging, Wilde inspires us to self-reflect and remove whatever obstacles from our lives that may be blocking our way to true fulfillment in our relationships and living life the way God intends us to.
