

The image shows the front cover of a CD-ROM case for 'Holt Chemistry Visual Concepts'. The cover has a dark, textured background with several blurred, colorful light trails in shades of red, orange, yellow, green, and blue, suggesting a chemical reaction or a microscopic view. In the lower-left corner, there is a detailed illustration of a test tube being heated by a Bunsen burner. The test tube is tilted, and a bright orange and yellow flame is visible at the bottom. The word 'HOLT' is printed in white capital letters inside a blue rectangular box in the top-left corner. The word 'Chemistry' is written in a large, light blue, 3D-style font across the top. Below it, the words 'Visual Concepts' are written in a large, bold, red font, underlined with a blue line. To the right of the title, it says 'CD-ROM for Macintosh® and Windows®' in a smaller, orange font. At the bottom right, there is a bulleted list of features: '• Instructional graphics, animations, movie clips, and audio' in a blue font.
