Ulrich's International Periodicals Directory Carolyn Farquhar Ulrich, 1999 **Directory of Canadian Universities**, 2014 **Manitoba Law Journal: A Review of the Current Legal Landscape 2017 Volume 39(2)** Darcy L. MacPherson, et al., The Manitoba Law Journal is a peer reviewed journal founded in 1961 The MLJ's current mission is to provide lively independent and high caliber commentary on legal events in Manitoba or events of special interest to our community This issue has articles from a variety of contributing authors including Academic Affairs Committee Alvin Esau Bryan P Schwartz Cameron Harvey Canadian Bar Association Cliff Edwards Dale Gibson Debra Parkes E K Williams Eleanor Andres Gerald Heckman Jack R London Law Faculty Council Mary Shariff Norm Larsen Phil Osborne Sarah Lugtig Steve Vincent Vivian Hilder and W Wesley Pue **The Miramichi Fire** Alan MacEachern, 2020-07-23 On 7 October 1825 a massive forest fire swept through northeastern New Brunswick devastating entire communities When the smoke cleared it was estimated that the fire had burned across six thousand square miles one fifth of the colony The Miramichi Fire was the largest wildfire ever to occur within the British Empire one of the largest in North American history and the largest along the eastern seaboard Yet despite the international attention and relief efforts it generated and the ruin it left behind the fire all but disappeared from public memory by the twentieth century A masterwork in historical imagination The Miramichi Fire vividly reconstructs nineteenth century Canada's greatest natural disaster meditating on how it was lost to history First and foremost an environmental history the book examines the fire in the context of the changing relationships between humans and nature in colonial British North America and New England while also exploring social memory and the question of how history becomes established warped and forgotten Alan MacEachern explains how the imprecise and conflicting early reports of the fire's range along with the quick rebound of the forests and economy of New Brunswick led commentators to believe by the

early 1900s that the fire's destruction had been greatly exaggerated. As an exercise in digital history, this book takes advantage of the proliferation of online tools and sources in the twenty-first century to posit an entirely new reading of the past. Resurrecting one of Canada's most famous and yet unexamined natural disasters, The Miramichi Fire traverses a wide range of historical and scientific literatures to bring a more complete story into the light.
