Rhodes,Robert Singer,2024-09-16 Contributions by Vlad Dima Laura Hatry Alicia Kozma Lynette Kuliyeve Madhuja Mukherjee Frank Percaccio Gary D Rhodes Courtney Ruffner Grieneisen Marlisa Santos Michael L Shuman and Robert Singer Movie posters regardless of their country of origin have become indelibly linked with the films they represent often assuming a status as visual encapsulations of films within collective memory Long after their initial role in promotion is complete these posters endure as iconic images etched into film history and cultural consciousness One can hardly hear mention of Steven Spielberg s landmark production Jaws for example without immediately picturing the evocative poster art of Roger Kastel Film by Design The Art of the Movie Poster is a groundbreaking and comprehensive exploration of the international and Hollywood movie poster as a dynamic artistic and cultural formation Drawing inspiration from such prominent genres as horror science fiction and noir the twelve essays in this collection provide insightful analyses of the movie poster as a vital component of the cinematic landscape from the silent era to the contemporary period Crucially this anthology rejects the notion of movie posters as mere historical artifacts or advertising tools and instead examines them as integral parts of a broader aesthetic framework interwoven into their

respective film narratives Each chapter whether focusing on controversies close ups or Cuba is accessible to scholars students and fans alike Through its intervention in film studies *Film by Design* reveals the movie poster to be an ever evolving medium firmly grounded in both theory and practice while serving as an essential and enduring element within the realm of film art

**The Body in Asia** Bryan S. Turner, Zheng Yangwen, 2009-11-01 The past few decades have seen growing interest in the study of the body However the increasing number of exciting and influential publications has primarily if not exclusively focused on the body in Western cultures The various works produced by Asian scholars remain largely unknown to Western academic debates even though Asia is home to a host of rich body cultures and religions The peoples of Asia have experienced colonization decolonization and now globalization all of which make the body in Asia a rewarding field of research This unique volume brings together a number of scholars who work on East Southeast and South Asia and presents original and cutting edge research on the body in various Asian cultures

**Bhangra Moves** Anjali Gera Roy, 2017-07-05 Bhangra is commonly understood as the hybrid music produced in Britain by British Asian music producers through mixing Panjabi folk melodies with western pop and black dance rhythms This is derived from a Punjabi harvest dance of the same name This book looks at Bhangra s global flows from one of its originary sites the Indian subcontinent to contribute to the understanding of emerging South Asian cultural practices such as Bhangra or Bollywood in multi ethnic societies It seeks to trace Bhangra s moves from Punjab and its return back to look at the forces that initiate and regulate global flows of local texts and to ask how their producers and consumers redirect them to produce new definitions of culture identity and nation The critical importance of this book lies in understanding the difference between the present globalizing wave and previous trans local movements Gera Roy contrasts the frames of cultural imperialism with those of cultural invasion to show how Indian cultures have constantly reinvented themselves by cross pollinating with invading cultures such as Hellenic Persian Arabic and many others in the past By looking at Bhangra s flows to and from India the book revises the relation between culture space and identity and challenges boundaries It weighs both the uses and costs of visibility provided by global networks to marginalized groups in diverse

localities and explores whether collaborations between Bhangra practitioners largely of working class origin give ordinary people any control over the circulation of culture in the global village Finally the book considers whether cultural practices can alter hierarchies and power structures in the real world *The Indian National Bibliography* B.
