Reviews from educators: In the tradition of established folk and fairy tales, Mr. Schwartz has created a variety of engaging characters in this imaginative environmental trilogy. The message of preservation of humans and their environment is an important one for our youth. Dr. Richard DiPatri, Superintendent, Brevard Public Schools, Florida. The environment and conservation are becoming increasingly important to keeping our planet livable. Tom Schwartz has written a book to help children understand the importance of each creature in the scheme of things. The three stories in this book are tied together by the interaction of the wonderful, believable characters. The stories are well plotted with plenty of action and peril to keep even reluctant readers interested. The story shows how teamwork really pays off and how the action of one can affect the whole planet. The vulnerability of the earth and its creatures is stressed and the whole ties in nicely with school curriculum. Tom Schwartz is a gifted writer and this is a much needed contribution to children's literature and a great addition to your child's library.

Beverly J. Rowe, MyShelf.com. Tom's stories about Mother Nature and her helpers left a big impact on the children which will help make our Earth a cleaner place. Diane Goodson, Curriculum Resource Teacher, Eccleston Elementary School, Orlando, Florida. Tom visited our school and the children were enthralled with his stories about Mother Nature. Great message about saving the environment. Maureen Tassone, Media Specialist, Christa McAuliffe Elementary School, Palm Bay, Florida. Tom's Mother Nature stories reinforce what we teach about the environment. Our students loved the characters and their parts in helping Mother Nature. Sharen Talbert, Principal, Mims Elementary School, Mims, Florida.
