Russell, John Hamel, 2022 Societal beliefs that domestic violence is primarily a crime against women otherwise known as the gender paradigm involves the presumption that domestic violence is about the abuse of women by men Gender and Domestic Violence directly challenges this prevailing paradigm by demonstrating how it has led to differential treatment that can jeopardize defendant due process and victim safety Experts legal scholars and practicing attorneys provide tools to become more inclusive in the process and practice of domestic violence criminal justice policies Iconoclastic Sex Henry Walter Spaulding III, 2024-03-13 Christian sexual ethics operates from a place of privilege when it does not consider those impacted by its moral prescriptions A large majority of publications on Christian sexual ethics consider choices and images abstracted from lived conditions of the people called to make these decisions As such it leaves out many for whom sex is neither welcome nor a choice As such these same texts present images of sexual subjects that marginalize those that do not fit As the book presents sexuality both Christian and otherwise prioritizes a language of purity that strangles the life of those imaged impure The present book remedies this emphasis through the language of iconoclasm that blasphemes these images and

opens theological reflection beyond the boundary of image based approaches Utilizing a qualitative study of survivors of trafficking and those who grew up under evangelical purity teachings Spaulding narrates sexual ethics in light of their testimonies and the theological resources of iconoclasm to articulate a more just and loving sexuality The new emphasis on sexual ethics not only resists the prescriptions that create the conditions of sex trafficking but the creation of new communities capable of solidarity and mutuality with those caught in the web of trafficking

Child Abuse, Child Exploitation, and Criminal Justice Responses Daniel G. Murphy, April G. Rasmussen, 2020-01-08 There are few things in our society that provoke such raw emotions as that of child abuse Most people justifiably so are outraged when they hear of allegations of abuse and their anger is intensified as they learn of what seems to be an inappropriate criminal justice response However the debate on child abuse usually happens though visceral emotions rather than facts Taking emotions out of a child abuse debate is much easier said than done but it is of utmost importance to identify the facts When the reader has a better understanding of the scope of child abuse they can become more objective but still maintain their passion about ways to protect this vulnerable and targeted population Child Abuse Child Exploitation and Criminal Justice Responses is unique in that it offers the reader contributing facts based not only through scholarly research but practical experience working in field from this wonderful collaboration of criminal investigator and forensic nurse Thus providing much personal insight and demonstrating how these two areas of expertise can join forces to achieve the objective of working as a team to facilitate safeguarding children The authors also presents the research on this complex yet worthy topic by identifying the unique challenges of investigating these offenses while ultimately bringing the perpetrators to justice and presenting the research from various perspectives of child abuse including both national and international issues and responses
