Agree to Differ UNESCO, Tudor Rose, 2015-05-11 The International Decade for the Rapprochement of Cultures IDRC builds on the strong momentum created by and the achievements of both the International Decade for a Culture of Peace and Non Violence for the Children of the World 2001 2010 and the International Year for the Rapprochement of Cultures 2010 It is to be understood as a commitment for addressing the urgent need to take into account and clearly demonstrate new articulations between cultural diversity and universal values The rapprochement of cultures implies that international security and social inclusion cannot be attained sustainably without a commitment to such principles as compassion conviviality hospitality solidarity and brotherhood which are the corner stones of human coexistence inherent in all faiths and secular ideologies The current surge of flaring conflicts acts of violence and intolerance demands urgent actions Peoples and nations have to join forces for the development of a universal global consciousness free from racial ethnic and social prejudices The United Nations have proclaimed the period 2013 2022 as International Decade for the Rapprochement of

Cultures to address these global challenges with UNESCO as the lead agency for the United Nations system The Oxford Companion to Sugar and Sweets Darra Goldstein,2015 Not a cookbook but a encyclopedia collection of entries on all things sweet The articles explore the ways in which our taste for sweetness have shaped and been shaped by history In addition you ll discover the origins of mud pie who the Sara Lee company was named after why Walker Smith Jr is better known as Sugar Ray Robinson and how lyricists have immortalized sweets from Blueberry Hill to Tutti Frutti *The Central Government-Funded Teacher Education Policy in China* Yi Liu,2023-10-20 This book utilises expectancy value theory and undermining effect of extrinsic reward theory to examine the impact of the Central Government Funded Teacher Education CGFTE policy on Chinese pre service teachers motivations for choosing the teaching profession Quantitative data analysis revealed six distinct categories of motivations to teach teacher influence job advantages extrinsic social value altruistic personal interest intrinsic others suggestions and fallback career These categories were further exemplified in ten narrative stories The findings indicate that the CGFTE policy attracts high school graduates with higher intrinsic motivation to enrol in teacher training programs but it seems ineffective in increasing their intrinsic career choice motivation It is argued that the CGFTE policy which emphasises extrinsic benefits but limits professional development does not have a significant negative impact on pre service teachers motivation to choose teaching This conclusion is supported by the offsetting effects of the policy s restrictive and encouraging aspects as explained by expectancy value theory and the qualitative data Nevertheless the intrinsic motivation of policy funded pre service teachers did not improve as much as that of their self supported counterparts indicating potential undermining effects of the policy The study concludes by discussing the implications of these findings for enhancing the CGFTE policy teacher training and career education in China The book will be an essential read for students and scholars of higher education Chinese studies and educational studies in general **A Crown of His Loving Kindness** Bernard Leong,2015-04-06 Like a simmering stream in the hot barren and dry desert flowing from the oasis giving life to the cool Palm trees so providing a refreshing haven for nomads God still yearned for us spanning rainbows over the Sky saying I Love you culminating in His sending Jesus Christ His Son to a cruel death on the Cross redeeming us from the penalty of our sins 2000 years ago Now we are made right with God reconnected and having fellowship with Him and with one another At times He intervened in Nations and individuals alike stoking the fires of Spiritual Renewals as the Light is low and the Fire of Love and Zeal is waning It is not surprising therefore when God moves Supernaturally and in the Miraculous in our lives when we call upon Him in earnest as in a crisis He says I will never leave you nor forsake you Hebrews13 5b And as if to dispel any lingering doubt or fear again God says GO therefore into All the World and LO I Am With you always even unto the Ends of The Earth Matthew 28 20 *Shhhh!!!....Can Airport Talk?* Hafsah Ali,2015-05-11 The stories in here are mostly true Ive had so many encounters in my life as a member of an airport ground crew Im not sure if I can continue cranking out more volumes until all the stories I have those I can recall anyway have been written out Im not

expecting much from this book though I do hope one or two chapters will open the eyes of married men and women to the fact that they should not take their marriages for granted and to keep the right kind of company No malice is intended toward anybody Books such as Coffee Tea or Me or the BBC series Come Fly with Me dont paint a complete picture about the lives of those working in airline industry Not all of us were snared by honey traps and bribes Airline staff meets all sorts of people and temptations abound Ultimately it all depends on the person I had a good thirty three years of lessons working at the airport I cherish and hold dear the experiences Ive gathered the people Ive met and the friends Ive made I thank my friends and the passengers who encouraged me to pen this book

Southeast Asian Affairs 2001 Daljit Singh,Anthony Smith,2001 Southeast Asian Affairs of which there are now twenty eight in the series is an annual review of significant developments and trends in the region Though the emphasis is on ASEAN countries developments in the broader Asia Pacific region are not ignored Readable and easily understood analyses are offered of major political economic social and strategic developments within Southeast Asia The contributions can be divided into two broad categories There are those which provide an analysis of major developments during 2000 in individual Southeast Asian countries and in the region generally Then there are the theme articles of a more specialized nature which deal with topical problems of concern This volume contains twenty three articles dealing with such major themes as international conflict and co operation political stability and economic growth and development
